

How to Read Your Monthly Explanation of Benefits (EOB)

The EOB is a statement you get in the mail after you've been to a doctor or hospital. The new monthly EOB lists all the claims Network Health processed in the previous month. It is not a bill.

TOTALS for medical and hospital claims	Amount providers have billed the plan	Total cost (amount the plan has approved)	Plan's share	Your share
Totals for this month (for claims processed from February 01, 2022 to February 28, 2022)	1 \$212.00	2 \$72.05	3 \$65.81	4 \$0.00
Totals for 2022 (all claims processed through February 28, 2022) 5	6 \$1,158.96	7 \$525.00	8 \$389.48	9 \$135.52

YEARLY LIMIT - this limit gives you financial protection (this section may vary depending on your plan)

This limit tells the most you will have to pay in “out-of-pocket” costs, copays, and coinsurance for medical and hospital services covered by the plan.

This yearly limit is called your “out-of-pocket maximum.” It puts a limit on how much you have to pay, but it does not put a limit on how much care you can get.

Your out-of-pocket spending for non-Medicare covered expenses such as routine hearing, hearing aids, routine dental, home medical monitoring, meals programs and other non-covered services will not count toward your yearly out-of-pocket maximum. This means:

- Once you have reached your limit in out-of-pocket costs, **you stop paying out of pocket for all services except non-covered services.**
- You keep getting your covered medical and hospital services as usual, and **the plan will pay the full cost for the rest of the year.** Your out-of-pocket spending for services that are not covered by Medicare does not count toward your out-of-pocket maximum.

10 As of February 28, 2022, (for the plan year 2022), **you have had \$135.52 in out-of-pocket costs** that count toward your \$4,900.00 out-of-pocket maximum for covered services.

Combined (in-network + out-of-network) limit

In 2022, \$4,900.00 is the most you will have to pay for covered services you get from all providers (in-network providers + out of network providers combined).

As of February 28, 2022, (for plan year 2022), **you have had \$135.52 in out-of-pocket costs** that count toward your \$4,900.00 combined out-of-pocket maximum for covered services.
