Coverage for: Individual or Individual + Family | **Plan Type:** IFP_HMO_AC

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-855-275-1400 or visit https://networkhealth.com/__assets/pdf/individual-benefits-2023/individualpolicy.pdf. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.cms.gov/CCIIO/Resources/Files/Downloads/uniform-glossary-final.pdf or call 1-855-275-1400 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$9,100** per Member / **$18,200** per Family	Generally, you must pay all of the costs from providers up to the Deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual Deductible until the total amount of Deductible expenses paid by all family members meets the overall family Deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care is covered before you meet your Deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	For network providers **$9,100** per Member / **$18,200** per Family.	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the costs of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit?	Non-covered services, denied benefits, and the benefit reduction amount when prior authorization is not obtained.	Even though you pay these expenses, they don't count toward the out of pocket limit.
Will you pay less if you use a network provider?	Yes. See www.networkhealth.com or call Network Health Customer Service at 1-855-275-1400 for a listing of participating providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an Out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an Out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.
