

## 2025 Prestige Individual and Family Plans

**We've Got a Plan for You**

**844-635-1322 [networkhealth.com/individual](https://networkhealth.com/individual)**

# Your health insurance needs are unique.

Network Health plans are Affordable Care Act (ACA)-compliant plans available on or off the exchange (also known as the Marketplace). All our plans are Health Maintenance Organization (HMO) plans, which means you'll need to use our high-quality network of doctors, hospitals, clinics and specialists for services to be covered. This includes labs and services your doctor may refer you to, so you'll want to ensure all providers are in-network before receiving services.

Check out the plan comparison chart in this brochure to learn about Network Health's Prestige plans.

We offer a variety of plan options to ensure you have the quality coverage you need and want at an affordable cost. As you compare plans, remember you may qualify for a subsidy from the government if you purchase your Network Health Prestige plan through the Health Insurance Exchange, also known as the Marketplace, at **HealthCare.gov**.

## What's a subsidy?

A **subsidy** is financial help provided by the government to help people afford health insurance. There are two types of subsidies—premium tax credits and cost-sharing reductions. A premium tax credit helps lower your monthly premiums. A cost-sharing reduction lowers the amount you pay for health insurance deductibles, copayments and coinsurance. To see if you qualify for a subsidy, get a quote at **networkhealth.com/individual**.

## Embedded deductible or an Aggregate deductible?

Network Health has an embedded deductible, meaning a single deductible is embedded within the family deductible. This combines individual and family deductibles.

- If an individual reaches his or her deductible, the plan will start paying out for services even if the family deductible hasn't been met yet.
- No individual may exceed the single deductible, even if the family deductible hasn't been met
- Example: The deductible for a family of four is \$2,600/\$5,200.

Individual A incurs \$4,000 of charges. Individual A met the embedded deductible of \$2,600 and coinsurance begins. When the total for all family members reaches \$5,200, then coinsurance applies to all.

## What counts toward the maximum out-of-pocket amount?

Items that count toward the maximum out-of-pocket amount include deductibles, copayments and coinsurance. Premiums and non-covered amounts do not count toward the maximum out-of-pocket amount. Once the maximum out-of-pocket amount is reached, Network Health pays 100 percent of covered services for the remainder of the calendar year.

ACA plans have a combined medical and pharmacy maximum out-of-pocket. That means deductibles and out-of-pocket maximum are integrated for pharmacy and medical expenses.

# Meet Network Health

We're a local, Wisconsin-based health insurance company that puts customers first. We understand the importance of quality health care and believe it should be convenient.

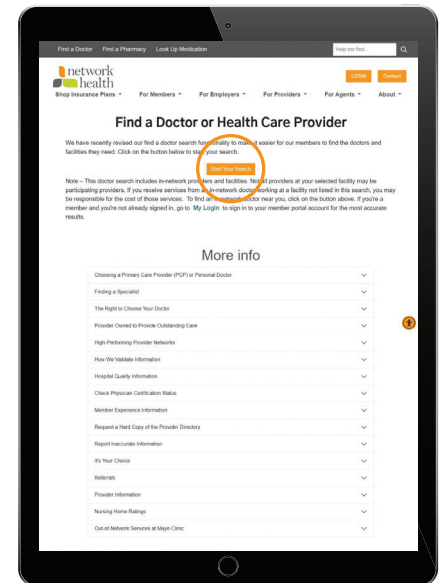

## Great Coverage Close to Home

With a Network Health Prestige plan, you have access to a network of high-quality doctors, hospitals, clinics and specialists, so you can get the care you need close to home.

# 2025 Additional Benefits

## Vision\*

Some Network Health plans offer additional vision benefits through EyeMed®. These benefits include the following for adult and child plan members.

- Annual vision exam
- \$100 allowance for glasses or contacts and discounts on prescription eyewear

Visit [networkhealth.com/individual/additional-benefits](https://networkhealth.com/individual/additional-benefits) for more information.

## Dental\*

Members can visit any dentist in Wisconsin and payments are made through a reimbursement process. Members just fill out a reimbursement form and send it

in. Eligible expenses include the following.

- Two annual dental exams
- Two annual dental cleanings
- One annual bite-wing dental x-ray
- One fluoride treatment for members through age 18

Visit [networkhealth.com/individual/additional-benefits](https://networkhealth.com/individual/additional-benefits) for more information.

## Pharmacy

Through our partnership with Express Scripts® Inc. (ESI), preventive and adherence generic drugs are available at \$0. (For some plans, deductible must be met first.)

## Preventive Services

To help you live the healthiest life possible, Network Health offers preventive services at no cost to members when they visit a doctor within our provider network.

Network Health follows the recommendations of the United States Preventive Services Task Force. Covered preventive services include the following.

- Annual wellness visit
- Blood pressure screening
- Breast cancer screening
- Cholesterol screening
- Colorectal cancer screening
- Diabetes screening
- Flu and shingles vaccines
- Pap and HPV test (cervical cancer screening)
- Tobacco counseling and interventions
- Well child visits
- And many more

\*Vision and dental benefits vary with plan. See the Plan Comparison chart on the following pages for details.

## Wellness Program

The Momentum health rewards program offers plan members and their spouses an opportunity to earn \$150 in gift cards for completing two tasks essential to their health and wellness.

- Complete their health risk assessment
- Have an annual wellness visit

## Virtual Visits through MDLIVE®

The initial cost for an MDLIVE visit for members with a Health Savings Account is \$55. Once they meet their deductible, MDLIVE virtual visits are \$0. Members who have a non-HSA plan receive virtual visits at no cost.

## Out-of-Network Urgent or Emergent Care

If a member seeks urgent or emergent care at an out-of-network hospital based urgent care facility or an out-of-network emergency department, the member will be treated as if they are in-network for the initial injury or illness. Network Health will pay claims at the billed charges and the member will not be balance billed. Follow-up care must be provided by an in-network provider or the member must submit for prior authorization.

## Health Management Services

Programs help members identify their unique wellness needs with one-on-one support to guide them on their wellness journey.

- **Health coaching** – Helps convert personal health goals into reality with the help of health and wellness experts. Support for nutrition, weight management, stress management, cholesterol, sleep quality, tobacco cessation and more.
- **Care Management** – Program is available to individuals who are experiencing a short-term illness or more complex condition. Network Health's nurses and care managers help members manage health conditions.
- **Condition Management** – Empowers members with asthma, diabetes, COPD, heart disease, stroke or heart failure to be the healthiest they can be. Our team of nurses provides access to information and resources to help them enjoy the best quality of life.
