January 1 – December 31, 2023

Evidence of Coverage:

Your Medicare Health Benefits and Services and Prescription Drug Coverage as a Member of NetworkCares (PPO D-SNP)

This document gives you the details about your Medicare health care and prescription drug coverage from January 1 – December 31, 2023. This is an important legal document. Please keep it in a safe place.

For questions about this document, please contact our member experience team at 855-653-4363 (TTY users should call 800-947-3529). Hours are, Monday – Friday from 8 a.m. to 8 p.m. From October 1, 2022 through March 31, 2023, we are available every day, from 8 a.m. to 8 p.m.

This plan, NetworkCares, is offered by Network Health Insurance Corporation (When this Evidence of Coverage says “we,” “us,” or “our,” it means Network Health Insurance Corporation. When it says “plan” or “our plan,” it means NetworkCares.)

NetworkCares is a PPO D-SNP plan with a Medicare contract and a contract with the Wisconsin Medicaid Program. Enrollment in Network Health Medicare Advantage Plans depends on contract renewal.

Benefits, premiums, deductibles, and/or copayments/coinsurance may change on January 1, 2024.

The formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary. We will notify affected enrollees about changes at least 30 days in advance.

This document explains your benefits and rights. Use this document to understand about:

- Your plan premium and cost sharing;
- Your medical and prescription drug benefits;
- How to file a complaint if you are not satisfied with a service or treatment;
- How to contact us if you need further assistance; and,
- Other protections required by Medicare law.
2023 Evidence of Coverage for NetworkCares

Table of Contents

CHAPTER 1: Getting started as a member

SECTION 1 Introduction
SECTION 2 What makes you eligible to be a plan member?
SECTION 3 Important membership materials you will receive
SECTION 4 Your monthly costs for NetworkCares
SECTION 5 More information about your monthly premium
SECTION 6 Keeping your plan membership record up-to-date
SECTION 7 How other insurance works with our plan

CHAPTER 2: Important phone numbers and resources

SECTION 1 NetworkCares contacts (how to contact us, including how to reach our member experience team)
SECTION 2 Medicare (how to get help and information directly from the Federal Medicare program)
SECTION 3 State Health Insurance Assistance Program (free help, information, and answers to your questions about Medicare)
SECTION 4 Quality Improvement Organization
SECTION 5 Social Security
SECTION 6 Medicaid
SECTION 7 Information about programs to help people pay for their prescription drugs
SECTION 8 How to contact the Railroad Retirement Board
SECTION 9 Do you have “group insurance” or other health insurance from an employer?
SECTION 10 You can get assistance from your local Aging and Disability Resource Center

CHAPTER 3: Using the plan for your medical services

SECTION 1 Things to know about getting your medical care as a member of our plan
SECTION 2 Use providers in the plan’s network to get your medical care
SECTION 3 How to get services when you have an emergency or urgent need for care or during a disaster
SECTION 4 What if you are billed directly for the full cost of your services?
SECTION 5 How are your medical services covered when you are in a “clinical research study”?
SECTION 6 Rules for getting care in a “religious non-medical health care institution”
SECTION 7 Rules for ownership of durable medical equipment

CHAPTER 4: Medical Benefits Chart (what is covered and what you pay)

SECTION 1 Understanding your out-of-pocket costs for covered services
SECTION 2 Use the Medical Benefits Chart to find out what is covered and how much you will pay
SECTION 3 What services are covered outside of NetworkCares?
SECTION 4 What services are not covered by the plan
CHAPTER 5: Using the plan’s coverage for Part D prescription drugs............... 100

SECTION 1 Introduction............................................................................................................. 101
SECTION 2 Fill your prescription at a in-network pharmacy or through the plan’s mail order service ................................................................. 102
SECTION 3 Your drugs need to be on the plan’s “Drug List” .............................................. 105
SECTION 4 There are restrictions on coverage for some drugs ........................................ 107
SECTION 5 What if one of your drugs is not covered in the way you’d like it to be covered? .... 108
SECTION 6 What if your coverage changes for one of your drugs? .................................... 111
SECTION 7 What types of drugs are not covered by the plan? ............................................. 112
SECTION 8 Filling a prescription............................................................................................. 113
SECTION 9 Part D drug coverage in special situations......................................................... 114
SECTION 10 Programs on drug safety and managing medications ...................................... 115

CHAPTER 6: What you pay for your Part D prescription drugs................................. 118

SECTION 1 Introduction......................................................................................................... 119
SECTION 2 What you pay for a drug depends on which “drug payment stage” you are in when you get the drug ................................................................. 121
SECTION 3 We send you reports that explain payments for your drugs and which payment stage you are in .................................................................................. 122
SECTION 4 During the Deductible Stage, you pay the full cost of your Tier 2, 3, 4 and 5 drugs .... 123
SECTION 5 During the Initial Coverage Stage, the plan pays its share of your drug costs and you pay your share........................................................................................ 123
SECTION 6 Costs in the Coverage Gap Stage......................................................................... 128
SECTION 7 During the Catastrophic Coverage Stage, the plan pays most of the costs for your drugs ........................................................................................................... 128
SECTION 8 Part D Vaccines. What you pay for depends on how and where you get them......... 129

CHAPTER 7: Asking us to pay our share of a bill you have received for covered medical services or drugs................................................................. 131

SECTION 1 Situations in which you should ask us to pay for your covered services or drugs .... 132
SECTION 2 How to ask us to pay you back or to pay a bill you have received...................... 134
SECTION 3 We will consider your request for payment and say yes or no............................ 135

CHAPTER 8: Your rights and responsibilities................................................................. 136

SECTION 1 Our plan must honor your rights and cultural sensitivities as a member of the plan.... 137
SECTION 2 You have some responsibilities as a member of the plan.................................. 143

- SECTION 4 Third Party Liabilities................................................................................................. 194

**CHAPTER 12: Definitions of important words.............................................................................. 196**
CHAPTER 1:
Getting started as a member
You are covered by both Medicare and Medicaid:

- **Medicare** is the Federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities, and people with end-stage renal disease (kidney failure).
- **Medicaid** is a joint Federal and state government program that helps with medical costs for certain people with limited incomes and resources. Medicaid coverage varies depending on the state and the type of Medicaid you have. Some people with Medicaid get help paying for their Medicare premiums and other costs. Other people also get coverage for additional services and drugs that are not covered by Medicare.

You have chosen to get your Medicare health care and your prescription drug coverage through our plan, NetworkCares. We are required to cover all Part A and Part B services. However, cost sharing and provider access in this plan differ from Original Medicare.

NetworkCares is a specialized Medicare Advantage Plan (a Medicare “Special Needs Plan”), which means its benefits are designed for people with special health care needs. NetworkCares is designed for people who have Medicare and who are also entitled to assistance from Medicaid.

Because you get assistance from Medicaid with your Medicare Part A and B cost sharing (deductibles, copayments, and coinsurance) you may pay nothing for your Medicare health care services. Medicaid may also provide other benefits to you by covering health care services that are not usually covered under Medicare. You may also receive “Extra Help” from Medicare to pay for the costs of your Medicare prescription drugs. NetworkCares will help manage all of these benefits for you, so that you get the health care services and payment assistance that you are entitled to.

NetworkCares is run by a private company. Like all Medicare Advantage Plans, this Medicare Special Needs Plan is approved by Medicare. We are pleased to be providing your Medicare health care coverage, including your prescription drug coverage.

**Coverage under this Plan qualifies as Qualifying Health Coverage (QHC)** and satisfies the Patient Protection and Affordable Care Act’s (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at: [www.irs.gov/Affordable-Care-Act/Individuals-and-Families](http://www.irs.gov/Affordable-Care-Act/Individuals-and-Families) for more information.

Section 1.2 **What is the Evidence of Coverage document about?**

This Evidence of Coverage document tells you how to get your Medicare medical care and prescription drugs. It explains your rights and responsibilities, what is covered, what you pay as a member of the plan and how to file a complaint if you are not satisfied with a decision or treatment.
The words “coverage” and “covered services” refer to the medical care and services and the prescription drugs available to you as a member of NetworkCares.

It’s important for you to learn what the plan’s rules are and what services are available to you. We encourage you to set aside some time to look through this Evidence of Coverage document.

If you are confused, concerned or just have a question, please contact our member experience team.

Section 1.3 Legal information about the Evidence of Coverage

This Evidence of Coverage is part of our contract with you about how NetworkCares covers your care. Other parts of this contract include your enrollment form, the List of Covered Drugs (Formulary), and any notices you receive from us about changes to your coverage or conditions that affect your coverage. These notices are sometimes called “riders” or “amendments.”

The contract is in effect for months in which you are enrolled in NetworkCares between January 1, 2023 and December 31, 2023.

Each calendar year, Medicare allows us to make changes to the plans that we offer. This means we can change the costs and benefits of NetworkCares after December 31, 2023. We can also choose to stop offering the plan in your service area, or to offer it in a different service area, after December 31, 2023.

Medicare (the Centers for Medicare & Medicaid Services) must approve NetworkCares each year. You can continue each year to get Medicare coverage as a member of our plan as long as we choose to continue to offer the plan and Medicare renews its approval of the plan.

SECTION 2 What makes you eligible to be a plan member?

Section 2.1 Your eligibility requirements

You are eligible for membership in our plan as long as:

- You have both Medicare Part A and Medicare Part B
- -- and -- You live in our geographic service area (Section 2.3 below describes our service area). Incarcerated individuals are not considered living in the geographic service area even if they are physically located in it.
- -- and -- you are a United States citizen or are lawfully present in the United States
- -- and -- You meet the special eligibility requirements described below.

Special eligibility requirements for our plan

Our plan is designed to meet the needs of people who receive certain Medicaid benefits. (Medicaid is a joint Federal and state government program that helps with medical costs for certain people with limited incomes and resources.) To be eligible for our plan you must be eligible for both Medicare and Medicaid.
Please note: If you lose your eligibility but can reasonably be expected to regain eligibility within three (3) month(s), then you are still eligible for membership in our plan (Chapter 4, Section 2.1 tells you about coverage and cost sharing during a period of deemed continued eligibility).

**Section 2.2 What is Medicaid?**

Medicaid is a joint Federal and state government program that helps with medical and long-term care costs for certain people who have limited incomes and resources. Each state decides what counts as income and resources, who is eligible, what services are covered, and the cost for services. States also can decide how to run their program as long as they follow the Federal guidelines.

In addition, there are programs offered through Medicaid that help people with Medicare pay their Medicare costs, such as their Medicare premiums. These “Medicare Savings Programs” help people with limited income and resources save money each year:

- **Qualified Medicare Beneficiary (QMB and QMB+):** Helps pay Medicare Part A and Part B premiums, and other cost sharing (like deductibles, coinsurance, and copayments).
- **Specified Low-Income Medicare Beneficiary (SLMB and SLMB+):** Helps pay Part B premiums.
- **Qualifying Individual (QI):** Helps pay Part B premiums.
- **Qualified Disabled & Working Individuals (QDWI):** Helps pay Part A premiums.

**Section 2.3 Here is the plan service area for NetworkCares**

NetworkCares is available only to individuals who live in our plan service area. To remain a member of our plan, you must continue to reside in the plan service area. The service area is described below.

Our service area includes these counties in Wisconsin: Brown, Calumet, Dodge, Fond du Lac, Green Lake, Kewaunee, Manitowoc, Marquette, Oconto, Outagamie, Portage, Shawano, Sheboygan, Waupaca, Waushara and Winnebago.

If you plan to move out of the service area, you cannot remain a member of this plan. Please contact our member experience team to see if we have a plan in your new area. When you move, you will have a Special Enrollment Period that will allow you to switch to Original Medicare or enroll in a Medicare health or drug plan that is available in your new location.

It is also important that you call Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

**Section 2.4 U.S. Citizen or Lawful Presence**

A member of a Medicare health plan must be a U.S. citizen or lawfully present in the United States. Medicare (the Centers for Medicare & Medicaid Services) will notify NetworkCares if you are not eligible to remain a member on this basis. NetworkCares must disenroll you if you do not meet this requirement.
SECTION 3  Important membership materials you will receive

Section 3.1  Your plan member ID card

While you are a member of our plan, you must use your member ID card whenever you get services covered by this plan and for prescription drugs you get at in-network pharmacies. You should also show the provider your Medicaid card. Here’s a sample member ID card to show you what yours will look like:

Do NOT use your red, white, and blue Medicare card for covered medical services while you are a member of this plan. If you use your Medicare card instead of your NetworkCares member ID card, you may have to pay the full cost of medical services yourself. Keep your Medicare card in a safe place. You may be asked to show it if you need hospital services, hospice services, or participate in Medicare approved clinical research studies also called clinical trials.

Additionally, be sure to show your Wisconsin Medicaid card when you receive services or prescription drugs.

If your plan member ID card is damaged, lost, or stolen, call our member experience team right away and we will send you a new card.

Section 3.2  Provider Directory

The Provider Directory lists our in-network providers and durable medical equipment suppliers. Additionally, the Provider Directory lists which providers accept Medicaid.

What are “in-network providers”?  

In-network providers are the doctors and other health care professionals, medical groups, durable medical equipment suppliers, hospitals and other health care facilities that have an agreement with us to accept our payment and any plan cost sharing as payment in full. We have arranged for these providers to deliver covered services to members in our plan. The most recent list of providers and durable medical equipment suppliers is available on our website at networkhealth.com/find-a-doctor.
**Why do you need to know which providers are part of our network?**

It is important to know which providers are part of our network because, with limited exceptions, while you are a member of our plan you may be required to use in-network providers to get your medical care and services. The only exceptions are emergencies, urgently needed services when the network is not available (generally, when you are out of the area), out-of-area dialysis services and cases in which NetworkCares authorizes use of out-of-network providers. See Chapter 3 (Using the plan’s coverage for your medical services) for more specific information about emergency, out-of-network and out-of-area coverage. The provider you choose to see must accept Wisconsin Medicaid. Check with your provider before receiving services to confirm they will bill Wisconsin Medicaid. You will be responsible for the Medicaid portion of your medical bill if you choose a provider who does not accept Wisconsin Medicaid.

If you don’t have your copy of the Provider Directory, you can request a copy from our member experience team (phone numbers are printed on the back cover of this booklet). You may ask our member experience team for more information about our in-network providers, including their qualifications. You can also see the Provider Directory on our website at networkhealth.com/find-a-doctor. Both our member experience team and the website can give you the most up-to-date information about changes to our in-network providers.

**Section 3.3 Pharmacy Directory**

The pharmacy directory lists our in-network pharmacies. **In-network pharmacies** are all of the pharmacies that have agreed to fill covered prescriptions for our plan members. You can use the Pharmacy Directory to find the in-network pharmacy you want to use. See Chapter 5, Section 2.5 for information on when you can use pharmacies that are not in the plan’s network.

The Pharmacy Directory will also tell you which of the pharmacies in our network have preferred cost sharing, which may be lower than the standard cost sharing offered by other in-network pharmacies for some drugs.

If you don’t have the Pharmacy Directory, you can get a copy from our member experience team. You can also find this information on our website at networkhealth.com/find-a-pharmacy.

**Section 3.4 The plan’s List of Covered Drugs (Formulary)**

The plan has a List of Covered Drugs (Formulary). We call it the “Drug List” for short. It tells which Part D prescription drugs are covered under the Part D benefit included in NetworkCares. The drugs on this list are selected by the plan with the help of a team of doctors and pharmacists. The list must meet requirements set by Medicare. Medicare has approved the NetworkCares Drug List.

The Drug List also tells you if there are any rules that restrict coverage for your drugs.

We will provide you a copy of the Drug List. To get the most complete and current information about which drugs are covered, you can visit the plan’s website (networkhealth.com/look-up-medications) or call our member experience team.
SECTION 4  Your monthly costs for NetworkCares

Your costs may include the following:
- Plan Premium (Section 4.1)
- Monthly Medicare Part B Premium (Section 4.2)
- Part D Late Enrollment Penalty (Section 4.3)
- Income Related Monthly Adjusted Amount (Section 4.4)

Section 4.1  Plan premium

You do not pay a separate monthly plan premium for NetworkCares.

Section 4.2  Monthly Medicare Part B Premium

Many members are required to pay other Medicare premiums

Some members are required to pay other Medicare premiums. As explained in Section 2 above, in order to be eligible for our plan, you must maintain your eligibility for Medicaid as well as have both Medicare Part A and Medicare Part B. For most NetworkCares members, Medicaid pays for your Part A premium (if you don’t qualify for it automatically) and for your Part B premium.

If Medicaid is not paying your Medicare premiums for you, you must continue to pay your Medicare premiums to remain a member of the plan. This includes your premium for Part B. It may also include a premium for Part A which affects members who aren’t eligible for premium free Part A.

Section 4.3  Part D Late Enrollment Penalty

Because you are dual-eligible, the LEP doesn’t apply as long as you maintain your dual-eligible status, but if you lose status you may incur LEP. Some members are required to pay a Part D late enrollment penalty. The Part D late enrollment penalty is an additional premium that must be paid for Part D coverage if at any time after your initial enrollment period is over, there is a period of 63 days or more in a row when you did not have Part D or other creditable prescription drug coverage. “Creditable prescription drug coverage” is coverage that meets Medicare’s minimum standards since it is expected to pay, on average, at least as much as Medicare’s standard prescription drug coverage. The cost of the late enrollment penalty depends on how long you went without Part D or other creditable prescription drug coverage. You will have to pay this penalty for as long as you have Part D coverage.

When you first enroll in NetworkCares, we let you know the amount of the penalty.

You will not have to pay it if:
- You receive “Extra Help” from Medicare to pay for your prescription drugs.
- You have gone less than 63 days in a row without creditable coverage.
• You have had creditable drug coverage through another source such as a former employer, union, TRICARE, or Department of Veterans Affairs. Your insurer or your human resources department will tell you each year if your drug coverage is creditable coverage. This information may be sent to you in a letter or included in a newsletter from the plan. Keep this information, because you may need it if you join a Medicare drug plan later.

**Note:** Any notice must state that you had “creditable” prescription drug coverage that is expected to pay as much as Medicare’s standard prescription drug plan pays.

**Note:** The following are *not* creditable prescription drug coverage: prescription drug discount cards, free clinics, and drug discount websites.

**Medicare determines the amount of the penalty.** Here is how it works:

• First, count the number of full months that you delayed enrolling in a Medicare drug plan, after you were eligible to enroll. Or count the number of full months you did not have creditable prescription drug coverage, if the break in coverage was 63 days or more. The penalty is 1 percent for every month that you did not have creditable coverage. For example, if you go 14 months without coverage, the penalty will be 14 percent.

• Then Medicare determines the amount of the average monthly premium for Medicare drug plans in the nation from the previous year. For 2023, this average premium amount is $32.74.

• To calculate your monthly penalty, you multiply the penalty percentage and the average monthly premium and then round it to the nearest 10 cents. In the example here, it would be 14 percent times $32.74, which equals $4.5836. This rounds to $4.60. This amount would be added to the monthly premium for someone with a Part D late enrollment penalty.

There are three important things to note about this monthly Part D late enrollment penalty:

• First, the penalty may change each year, because the average monthly premium can change each year.

• Second, you will continue to pay a penalty every month for as long as you are enrolled in a plan that has Medicare Part D drug benefits, even if you change plans.

• Third, if you are under 65 and currently receiving Medicare benefits, the Part D late enrollment penalty will reset when you turn 65. After age 65, your Part D late enrollment penalty will be based only on the months that you don’t have coverage after your initial enrollment period for aging into Medicare.

If you disagree about your Part D late enrollment penalty, you or your representative can ask for a review. Generally, you must request this review within 60 days from the date on the first letter you receive stating you have to pay a late enrollment penalty. However, if you were paying a penalty before joining our plan, you may not have another chance to request a review of that late enrollment penalty.

**Important:** Do not stop paying your Part D late enrollment penalty while you’re waiting for a review of the decision about your late enrollment penalty. If you do, you could be disenrolled for failure to pay your plan premiums.
## Section 4.4 Income Related Monthly Adjustment Amount

Some members may be required to pay an extra charge, known as the Part D Income Related Monthly Adjustment Amount, also known as IRMAA. The extra charge is figured out using your modified adjusted gross income as reported on your IRS tax return from two years ago. If this amount is above a certain amount, you’ll pay the standard premium amount and the additional IRMAA. For more information on the extra amount you may have to pay based on your income, visit [https://www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans](https://www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans).

If you have to pay an extra amount, Social Security, not your Medicare plan, will send you a letter telling you what that extra amount will be. The extra amount will be withheld from your Social Security, Railroad Retirement Board, or Office of Personnel Management benefit check, no matter how you usually pay your plan premium, unless your monthly benefit isn’t enough to cover the extra amount owed. If your benefit check isn’t enough to cover the extra amount, you will get a bill from Medicare. **You must pay the extra amount to the government.** It cannot be paid with your monthly plan premium. If you do not pay the extra amount you will be disenrolled from the plan and lose prescription drug coverage.

If you disagree about paying an extra amount, you can ask Social Security to review the decision. To find out more about how to do this, contact Social Security at 1-800-772-1213 (TTY 1-800-325-0778).

## SECTION 5 More information about your monthly premium

### Section 5.1 Can we change your monthly plan premium during the year?

**No.** We are not allowed to change the amount we charge for the plan’s monthly plan premium during the year. If the monthly plan premium changes for next year we will tell you in September and the change will take effect on January 1.

However, in some cases, you may be able to stop paying a late enrollment penalty, if owed. Or need to start paying a late enrollment penalty. This could happen if you become eligible for the “Extra Help” program or if you lose your eligibility for the “Extra Help” program during the year:

- If you currently pay the Part D late enrollment penalty and become eligible for “Extra Help” during the year, you would be able to stop paying your penalty.
- If you lose Extra Help, you may be subject to the late enrollment penalty if you go 63 days or more in a row without Part D or other creditable prescription drug coverage.

You can find out more about the “Extra Help” program in Chapter 2, Section 7.

## SECTION 6 Keeping your plan membership record up-to-date

Your membership record has information from your enrollment form, including your address and telephone number. It shows your specific plan coverage.
The doctors, hospitals, pharmacists, and other providers in the plan’s network need to have correct information about you. **These in-network providers use your membership record to know what services and drugs are covered and the cost-sharing amounts for you.** Because of this, it is very important that you help us keep your information up-to-date.

**Let us know about these changes:**

- Changes to your name, your address, or your phone number
- Changes in any other health insurance coverage you have (such as from your employer, your spouse’s employer, workers’ compensation, or Medicaid)
- If you have any liability claims, such as claims from an automobile accident
- If you have been admitted to a nursing home
- If you receive care in an out-of-area or out-of-network hospital or emergency room
- If your designated responsible party (such as a caregiver) changes
- If you are participating in a clinical research study (Note: You are not required to tell your plan about the clinical research studies you intend to participate in but we encourage you to do so).

If any of this information changes, please let us know by calling our member experience team,

It is also important to contact Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

You should also call Wisconsin Medicaid (see Chapter 2, Section 6 for contact information) to report any of the above changes.

**SECTION 7 How other insurance works with our plan**

**Other insurance**

Medicare requires that we collect information from you about any other medical or drug insurance coverage that you have. That’s because we must coordinate any other coverage you have with your benefits under our plan. This is called **Coordination of Benefits**.

Once each year, we will send you a letter that lists any other medical or drug insurance coverage that we know about. Please read over this information carefully. If it is correct, you don’t need to do anything. If the information is incorrect, or if you have other coverage that is not listed, please call our member experience team. You may need to give your plan member ID number to your other insurers (once you have confirmed their identity) so your bills are paid correctly and on time.

When you have other insurance (like employer group health coverage), there are rules set by Medicare that decide whether our plan or your other insurance pays first. The insurance that pays first is called the “primary payer” and pays up to the limits of its coverage. The one that pays second, called the “secondary payer,” only pays if there are costs left uncovered by the primary coverage. The secondary payer may not pay all of the uncovered costs. If you have other insurance, tell your doctor, hospital, and pharmacy.
These rules apply for employer or union group health plan coverage:

- If you have retiree coverage, Medicare pays first.
- If your group health plan coverage is based on your or a family member’s current employment, who pays first depends on your age, the number of people employed by your employer, and whether you have Medicare based on age, disability, or End-Stage Renal Disease (ESRD):
  - If you’re under 65 and disabled and you or your family member is still working, your group health plan pays first if the employer has 100 or more employees or at least one employer in a multiple employer plan that has more than 100 employees.
  - If you’re over 65 and you or your spouse is still working, your group health plan pays first if the employer has 20 or more employees or at least one employer in a multiple employer plan that has more than 20 employees.
- If you have Medicare because of ESRD, your group health plan will pay first for the first 30 months after you become eligible for Medicare.

These types of coverage usually pay first for services related to each type:

- No-fault insurance (including automobile insurance)
- Liability (including automobile insurance)
- Black lung benefits
- Workers’ compensation

Medicaid and TRICARE never pay first for Medicare-covered services. They only pay after Medicare and/or employer group health plans have paid.
CHAPTER 2: Important phone numbers and resources
SECTION 1  NetworkCares contacts
(how to contact us, including how to reach our member experience team)

How to contact Network Health’s Member Experience Team

For assistance with claims, billing, or member ID card questions, please call or write to NetworkCares Member Experience Team. We will be happy to help you.

# How to contact us when you are asking for a coverage decision or appeal about your medical care

A coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your medical services or Part D prescription drugs. An appeal is a formal way of asking us to review and change a coverage decision we have made. For more information on asking for coverage decisions or appeals about your medical care or Part D prescription drugs, see Chapter 9 (What to do if you have a problem or complaint (coverage decisions, appeals, complaints)).

How to contact us when you are making a complaint about your medical care

You can make a complaint about us or one of our in-network providers or pharmacies, including a complaint about the quality of your care. This type of complaint does not involve coverage or payment disputes. For more information on making a complaint about your medical care, see Chapter 9 (What to do if you have a problem or complaint (coverage decisions, appeals, complaints)).

</table>
Where to send a request asking us to pay our share of the cost for medical care or a drug you have received

NetworkCares can’t reimburse you for Wisconsin Medicaid covered benefits. It is your responsibility to work directly with Wisconsin Medicaid to seek reimbursement. For assistance in doing so, please contact our member experience team.

If you have received a bill or paid for services (such as a provider bill) that you think we should pay for, you may need to ask us for reimbursement or to pay the provider bill. See Chapter 7 (Asking us to pay our share of a bill you have received for covered medical services or drugs).

Please note: If you send us a payment request and we deny any part of your request, you can appeal our decision. See Chapter 9 (What to do if you have a problem or complaint (coverage decisions, appeals, complaints)) for more information.

SECTION 2 Medicare  
(how to get help and information directly from the Federal Medicare program)

Medicare is the Federal health insurance program for people 65 years of age or older, some people under age 65 with disabilities, and people with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a kidney transplant).

The Federal agency in charge of Medicare is the Centers for Medicare & Medicaid Services (sometimes called “CMS”). This agency contracts with Medicare Advantage organizations including us.

Method | Medicare – Contact Information
--- | ---
CALL | 1-800-MEDICARE, or 1-800-633-4227  
Calls to this number are free. 24 hours a day, seven days a week.
TTY | 1-877-486-2048  
This number requires special telephone equipment and is only for people who have difficulties with hearing or speaking.  
Calls to this number are free.
**Method** | **Medicare – Contact Information**
--- | ---
**WEBSITE** | [www.medicare.gov](http://www.medicare.gov)

This is the official government website for Medicare. It gives you up-to-date information about Medicare and current Medicare issues. It also has information about hospitals, nursing homes, physicians, home health agencies, and dialysis facilities. It includes documents you can print directly from your computer. You can also find Medicare contacts in your state.

The Medicare website also has detailed information about your Medicare eligibility and enrollment options with the following tools:

- **Medicare Eligibility Tool**: Provides Medicare eligibility status information.
- **Medicare Plan Finder**: Provides personalized information about available Medicare prescription drug plans, Medicare health plans, and Medigap (Medicare Supplement Insurance) policies in your area. These tools provide an estimate of what your out-of-pocket costs might be in different Medicare plans.

You can also use the website to tell Medicare about any complaints you have about NetworkCares:

- **Tell Medicare about your complaint**: You can submit a complaint about NetworkCares directly to Medicare. To submit a complaint to Medicare, go to [www.medicare.gov/MedicareComplaintForm/home.aspx](http://www.medicare.gov/MedicareComplaintForm/home.aspx). Medicare takes your complaints seriously and will use this information to help improve the quality of the Medicare program.

If you don’t have a computer, your local library or senior center may be able to help you visit this website using its computer. Or you can call Medicare and tell them what information you are looking for. They will find the information on the website and review the information with you. (You can call Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.)
SECTION 3  
State Health Insurance Assistance Program  
(free help, information, and answers to your questions about Medicare)

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state. In Wisconsin, the SHIP is called Wisconsin SHIP.

Wisconsin SHIP is an independent (not connected with any insurance company or health plan) state program that gets money from the Federal government to give free local health insurance counseling to people with Medicare.

Wisconsin SHIP counselors can help you understand your Medicare rights, help you make complaints about your medical care or treatment, and help you straighten out problems with your Medicare bills. Wisconsin SHIP counselors can also help you with Medicare questions or problems and help you understand your Medicare plan choices and answer questions about switching plans.

METHOD TO ACCESS SHIP and OTHER RESOURCES:
- Visit [www.medicare.gov](http://www.medicare.gov)
- Click on “Talk to Someone” in the middle of the homepage
- You now have the following options
  - Option #1: You can have a live chat with a 1-800-MEDICARE representative
  - Option #2: You can select your STATE from the dropdown menu and click GO. This will take you to a page with phone numbers and resources specific to your state.

SECTION 4 Quality Improvement Organization

There is a designated Quality Improvement Organization for serving Medicare beneficiaries in each state. For Wisconsin, the Quality Improvement Organization is called Livanta BFCC-QIO Program.

Livanta BFCC-QIO Program has a group of doctors and other health care professionals who are paid by Medicare to check on and help improve the quality of care for people with Medicare. Livanta BFCC-QIO Program is an independent organization. It is not connected with our plan.

You should contact Livanta BFCC-QIO Program in any of these situations:

- You have a complaint about the quality of care you have received.
- You think coverage for your hospital stay is ending too soon.
- You think coverage for your home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services are ending too soon.

SECTION 5 Social Security

Social Security is responsible for determining eligibility and handling enrollment for Medicare. U.S. citizens and lawful permanent residents who are 65 or older, or who have a disability or End-Stage Renal Disease and meet certain conditions, are eligible for Medicare. If you are already getting Social Security checks, enrollment into Medicare is automatic. If you are not getting Social Security checks, you have to enroll in Medicare. To apply for Medicare, you can call Social Security or visit your local Social Security office.
Social Security is also responsible for determining who has to pay an extra amount for their Part D drug coverage because they have a higher income. If you got a letter from Social Security telling you that you have to pay the extra amount and have questions about the amount or if your income went down because of a life-changing event, you can call Social Security to ask for reconsideration.

If you move or change your mailing address, it is important that you contact Social Security to let them know.

**SECTION 6  Medicaid**

Medicaid is a joint Federal and state government program that helps with medical costs for certain people with limited incomes and resources.

In addition, there are programs offered through Medicaid that help people with Medicare pay their Medicare costs, such as their Medicare premiums. These “Medicare Savings Programs” help people with limited income and resources save money each year:

- **Qualified Medicare Beneficiary (QMB and QMB+):** Helps pay Medicare Part A and Part B premiums and other cost sharing (like deductibles, coinsurance, and copayments)
- **Specified Low-Income Medicare Beneficiary (SLMB and SLMB+):** Helps pay Part B premiums
- **Qualifying Individual (QI):** Helps pay Part B premiums
- **Qualified Disabled & Working Individuals (QDWI):** Helps pay Part A premiums
If you have questions about the assistance you get from Medicaid, contact Wisconsin Medicaid.

Wisconsin Medicaid helps people enrolled in Medicaid with service or billing problems. They can help you file a grievance or appeal with our plan.

SECTION 7 Information about programs to help people pay for their prescription drugs

The Medicare.gov website (https://www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/costs-in-the-coverage-gap/5-ways-to-get-help-with-prescription-costs) provides information on how to lower your prescription drug costs. For people with limited incomes, there are also other programs to assist, described below.
**Medicare’s “Extra Help” Program**

Because you are eligible for Medicaid, you qualify for and are getting “Extra Help” from Medicare to pay for your prescription drug plan costs. You do not need to do anything further to get this “Extra Help.”

If you have questions about “Extra Help,” call:

- 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048 (applications), 24 hours a day, seven days a week;

- The Social Security Office at 1-800-772-1213, Monday – Friday from 7 a.m. to 7 p.m. TTY users should call 1-800-325-0778; or

- Your State Medicaid Office (applications) (See Section 6 of this chapter for contact information).

If you believe that you are paying an incorrect cost-sharing amount when you get your prescription at a pharmacy, our plan has a process for you to either request assistance in obtaining evidence of your proper copayment level, or, if you already have the evidence, to provide this evidence to us.

- To provide us evidence so you can be set up with the correct Low-Income Subsidy Level, please call our member experience team by phone at 855-653-4363 or fax at 920-720-1905, Monday – Friday from 8 a.m. to 8 p.m. Or, you may contact Express Scripts at 800-316-3107, 24 hours a day, seven days a week, and when appropriate they will update your Low-Income Subsidy based on the Best Available Evidence (BAE) that you will have provided.

- When we receive the evidence showing your copayment level, we will update our system so that you can pay the correct copayment when you get your next prescription at the pharmacy. If you overpay your copayment, we will reimburse you. Either we will forward a check to you in the amount of your overpayment or we will offset future copayments. If the pharmacy hasn’t collected a copayment from you and is carrying your copayment as a debt owed by you, we may make the payment directly to the pharmacy. If a state paid on your behalf, we may make payment directly to the state. Please contact our member experience team if you have questions.

- Because you get “Extra Help” from Medicare to pay for your prescription drug plan costs, the Medicare Coverage Gap Discount Program does not apply to you. You already have coverage for your prescription drugs during the coverage gap through the “Extra Help” program.

For people who don’t get “Extra Help,” the Medicare Coverage Gap Discount Program provides manufacturer discounts on brand name drugs to Part D enrollees who have reached the coverage gap. These enrollees also receive some coverage for generic drugs. If you have any questions about the Medicare Coverage Gap Discount Program, please contact our member experience team (phone numbers are printed on the back cover of this booklet).

Most of our members qualify for and are already getting “Extra Help” from Medicare to pay for their prescription drug plan costs.
What if you have coverage from a State Pharmaceutical Assistance Program (SPAP)?

Many states and the U.S. Virgin Islands offer help paying for prescriptions, drug plan premiums and/or other drug costs. If you are enrolled in a State Pharmaceutical Assistance Program (SPAP), or any other program that provides coverage for Part D drugs (other than “Extra Help”), you still get the 70 percent discount on covered brand name drugs. Also, the plan pays five percent of the costs of brand drugs in the coverage gap. The 70 percent discount and the five percent paid by the plan are both applied to the price of the drug before any SPAP or other coverage.

What if you have coverage from an AIDS Drug Assistance Program (ADAP)?

What is the AIDS Drug Assistance Program (ADAP)?

The AIDS Drug Assistance Program (ADAP) helps ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Medicare Part D prescription drugs that are also on the ADAP formulary qualify for prescription cost-sharing assistance through the Wisconsin AIDS/HIV Drug Assistance Program. Note: To be eligible for the ADAP operating in your State, individuals must meet certain criteria, including proof of State residence and HIV status, low income as defined by the State, and uninsured/underinsured status. If you change plans please notify your local ADAP enrollment worker so you can continue to receive assistance. For information on eligibility criteria, covered drugs, or how to enroll in the program, please call the Wisconsin AIDS/HIV Drug Assistance Program at 1-608-267-6875 or 1-800-991-5532.

State Pharmaceutical Assistance Programs

Many states have State Pharmaceutical Assistance Programs that help some people pay for prescription drugs based on financial need, age, medical condition, or disabilities. Each state has different rules to provide drug coverage to its members.

In Wisconsin, the State Pharmaceutical Assistance Program is Wisconsin SeniorCare.

SECTION 9  Do you have “group insurance” or other health insurance from an employer?

If you (or your spouse) get benefits from your (or your spouse’s) employer or retiree group as part of this plan, you may call the employer/union benefits administrator or our member experience team if you have any questions. You can ask about your (or your spouse’s) employer or retiree health benefits, premiums or the enrollment period. (Phone numbers for our member experience team are printed on the back cover of this document.) You may also call 1-800-MEDICARE (1-800-633-4227; TTY: 1-877-486-2048) with questions related to your Medicare coverage under this plan.

If you have other prescription drug coverage through your (or your spouse’s) employer or retiree group, please contact that group’s benefits administrator. The benefits administrator can help you determine how your current prescription drug coverage will work with our plan.
SECTION 10 You can get assistance from your local Aging and Disability Resource Center

- Brown County: 920-448-4300
- Calumet County: 866-739-2372
- Dodge County: 800-924-6407
- Fond du Lac County: 888-435-7335

- Outagamie County: 866-739-2372
- Portage County: 866-920-2525
- Shawano County: 855-492-2372
- Sheboygan County: 800-596-1919
- Waupaca County: 866-739-2372
- Waushara County: 877-883-5378
- Winnebago County: 877-886-2372
CHAPTER 3:

*Using the plan for your medical services*
SECTION 1  Things to know about getting your medical care as a member of our plan

This chapter explains what you need to know about using the plan to get your medical care covered. It gives definitions of terms and explains the rules you will need to follow to get the medical treatments, services, equipment, prescription drugs and other medical care that are covered by the plan.

For the details on what medical care is covered by our plan and how much you pay when you get this care, use the benefits chart in the next chapter, Chapter 4 (Medical Benefits Chart, what is covered and what you pay).

Section 1.1  What are “in-network providers” and “covered services”? 

- “Providers” are doctors and other health care professionals licensed by the state to provide medical services and care. The term “providers” also includes hospitals and other health care facilities.

- “In-network providers” are the doctors and other health care professionals, medical groups, hospitals, and other health care facilities that have an agreement with us to accept our payment and your cost-sharing amount as payment in full. We have arranged for these providers to deliver covered services to members in our plan. The providers in our network bill us directly for care they give you. When you see an in-network provider, you pay only your share of the cost for covered services.

- “Covered services” include all the medical care, health care services, supplies, equipment and Prescription Drugs that are covered by our plan. Your covered services for medical care are listed in the benefits chart in Chapter 4. Your covered services for prescription drugs are discussed in Chapter 5.

Section 1.2  Basic rules for getting your medical care covered by the plan

As a Medicare health plan, NetworkCares must cover all services covered by Original Medicare and may offer other services in addition to those covered under Original Medicare.

NetworkCares will generally cover your medical care as long as:

- The care you receive is included in the plan’s Medical Benefits Chart (this chart is in Chapter 4 of this document).

- The care you receive is considered medically necessary. “Medically necessary” means that the services, supplies, equipment, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.
SECTION 2 Use providers in the plan’s network to get your medical care

Section 2.1 You may choose a Primary Care Provider (PCP) to provide and oversee your care

What is a “PCP” and what does the PCP do for you?

The role of your PCP, also known as your personal doctor, is to provide routine, preventive, and follow-up care and to coordinate your care when you see a specialist or other provider. This includes checking or consulting with the specialist or other providers you’ve seen about how your care is going. Since your PCP can provide and coordinate your medical care, you may choose to have all your past medical records sent to your PCP’s office. If you need certain types of services, your PCP may need to get prior authorization (prior approval) from NetworkCares if that service is received from an in-network provider. Out-of-network providers and services do not require prior authorization. For services requiring a prior authorization please see Chapter 4, section 2.1 or visit your online member portal at login.networkhealth.com.

It is very important to have a PCP. Your PCP can be a physician, physician assistant, or nurse practitioner in the specialty areas of internal medicine, family practice or pediatrics who sees patients in a clinic or office.

How do you choose your PCP?

Selecting a primary care provider (PCP) is important. If you have a PCP or would like to designate a PCP, please share this information with our member experience team by calling the number on your member ID card or visit your online member portal at login.networkhealth.com. If you do not have a PCP or are not sure who to select as your PCP, Network Health will assign one to you.

If you do not currently have a PCP, wish to make a change and would like assistance in finding one, our member experience team can assist you, you can look at your Provider Directory to choose a provider, or you can use the website at networkhealth.com/find-a-doctor to see and select from the complete list of providers who are available and meet the qualifications to serve as your PCP.

Whether your PCP is selected or assigned, you’ll receive the same high-quality care, and NetworkCares will communicate with your PCP to help coordinate your care.

Changing your PCP

You may change your PCP for any reason, at any time. Also, it’s possible that your PCP might leave our plan’s network of providers and you would have to find a new PCP.

If you would like assistance with finding a new PCP, our member experience team can assist you. Also, you can look at your Provider Directory to choose a provider or you can use the website at networkhealth.com/find-a-doctor to see a complete list of providers available. If you have changed your PCP, please share this information with our member experience team or update your online member portal at login.networkhealth.com.
A specialist is a doctor who provides health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists care for patients with cancer
- Cardiologists care for patients with heart conditions
- Orthopedists care for patients with certain bone, joint, or muscle conditions

Although a specialist may require a referral, NetworkCares does not require a referral from your PCP when obtaining services from any specialists or other plan professionals in- or out-of-network. You can call the specialist’s office directly or your PCP can help you coordinate the specialist visit. You are not limited to a specialist or hospital to which your PCP refers you to, but if the specialist or hospital is out-of-network, you may have a higher cost-sharing amount.

If you need certain types of services, your PCP or specialist may need to get prior authorization (prior approval) from NetworkCares if that service is rendered in-network. Out-of-network providers and services do not require prior authorization. For services requiring a prior authorization please see Chapter 4, section 2.1 or visit your online member portal at login.networkhealth.com.

What if a specialist or another in-network provider leaves our plan?

We may make changes to the hospitals, doctors, and specialists (providers) that are part of your plan during the year. If your doctor or specialist leaves your plan you have certain rights and protections that are summarized below:

- Even though our network of providers may change during the year, Medicare requires that we furnish you with uninterrupted access to qualified doctors and specialists.
- We will make a good faith effort to provide you with at least 30 days’ notice that your provider is leaving our plan so that you have time to select a new provider.
- We will assist you in selecting a new qualified provider to continue managing your health care needs.
- If you are undergoing medical treatment you have the right to request, and we will work with you to ensure, that the medically necessary treatment you are receiving is not interrupted.
- If our network does not have a qualified specialist for a plan-covered service, we must cover that service at in-network cost sharing.
- If you find out your doctor or specialist is leaving your plan, please contact us so we can assist you in finding a new provider to manage your care.
- If you believe we have not furnished you with a qualified provider to replace your previous provider or that your care is not being appropriately managed, you have the right to file a quality of care complaint to the QIO, a quality of care grievance to the plan, or both. Please see Chapter 9.
Section 2.3 How to get care from out-of-network providers

As a member of our plan, you can choose to receive care from out-of-network providers. Our plan will cover services from either in-network or out-of-network providers, as long as the services are covered benefits and are medically necessary. However, if you use an out-of-network provider, your share of the costs for your covered services may be higher. Here are other important things to know about using out-of-network providers.

- You can get your care from an out-of-network provider. However, that provider must participate in Medicare. Check with your provider before receiving services to confirm they have not opted out of Medicare. NetworkCares cannot pay a provider who has decided to not participate in Medicare.

- You will be responsible for the Medicaid portion of your medical bill if you choose an out-of-network provider who does not accept Wisconsin Medicaid (your Forward Health card).

- You do not need to get a referral or prior authorization when you get care from out-of-network providers. However, before getting services from out-of-network providers, you may want to call Utilization Management at 920-720-1602 or 866-709-0019 to tell us you are going to use an out-of-network provider and to confirm the services you are getting are medically necessary. This is important because:
  - If we later determine that the services are not covered or were not medically necessary, we may deny coverage and you will be responsible for the entire cost. If we say we will not cover your services, you have the right to appeal our decision not to cover your care. See Chapter 9 (What to do if you have a problem or complaint) to learn how to make an appeal.

- It is best to ask an out-of-network provider to bill the plan first, but if you have already paid for the covered services, we will reimburse you for our share of the cost for covered services. Or if an out-of-network provider sends you a bill that you think we should pay, you can send it to us for payment. See Chapter 7 (Asking us to pay our share of a bill you have received for covered medical services or drugs) for information about what to do if you receive a bill or if you need to ask for reimbursement.

- If you are using an out-of-network provider for emergency care, urgently needed care or out-of-area dialysis, you may not have to pay a higher cost-sharing amount. See Section 3 for more information about these situations.
SECTION 3  How to get services when you have an emergency or urgent need for care or during a disaster

Section 3.1  Getting care if you have a medical emergency

What is a “medical emergency” and what should you do if you have one?

A “medical emergency” is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent your loss of life (and, if you are a pregnant woman, loss of an unborn child), loss of a limb or function of a limb, or loss of or serious impairment to a bodily function. The medical symptoms may be an illness, injury, severe pain or a medical condition that is quickly getting worse.

If you have a medical emergency:

- **Get help as quickly as possible.** Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You do not need to get approval or a referral first from your PCP. You do not need to use an in-network doctor. You may get covered emergency medical care whenever you need it, anywhere in or outside the United States or its territories, and from any provider with an appropriate license even if they are not part of our network.

- **As soon as possible, make sure that our plan has been told about your emergency.** We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours. Call utilization management at 920-720-1602 or 866-709-0019, Monday – Friday from 8 a.m. to 5 p.m. to share this information.

What is covered if you have a medical emergency?

Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. We also cover medical services during the emergency.

When Emergency Care is received **outside the United States and its territories (worldwide coverage)** you will be responsible for $110 per incident. *NetworkCares* will pay the remaining cost per incident up to the maximum $100,000 every year. Prescription drugs are not covered. For more information see the Medical Benefit Chart in Chapter 4.

**Note:** Wisconsin Medicaid may not have coverage outside of the State of Wisconsin.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your doctors will continue to treat you until your doctors contact us and make plans for additional care. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for in-network providers to take over your care as soon as your medical condition and the circumstances allow.
What if it wasn’t a medical emergency?

Sometimes it can be hard to know if you have a medical emergency. For example, you might go in for emergency care – thinking that your health is in serious danger – and the doctor may say that it wasn’t a medical emergency after all. If it turns out that it was not an emergency, as long as you reasonably thought your health was in serious danger, we will cover your care.

However, after the doctor has said that it was not an emergency, we will cover additional care only if you get the additional care in one of these two ways:

- You go to an in-network provider to get the additional care.
- The additional care you get is considered “urgently needed services” and you follow the rules for getting this urgent care (for more information about this, see Section 3.2 below).

Section 3.2 Getting care when you have an urgent need for services

What are “urgently needed services”?

An urgently needed service is a non-emergency situation requiring immediate medical care but, given your circumstances, it is not possible or not reasonable to obtain these services from an in-network provider. The plan must cover urgently needed services provided out-of-network. Some examples of urgently needed services are i) a severe sore throat that occurs over the weekend or ii) an unforeseen flare-up of a known condition when you are temporarily outside the service area.

You should always try to obtain urgently needed services from in-network providers. However, if providers are temporarily unavailable or inaccessible and it is not reasonable to wait to obtain care from your in-network provider when the network becomes available, we will cover urgently needed services that you get from an out-of-network provider.

Urgent care centers and walk-in clinics are often open on nights and weekends. You can find participating urgent care providers by looking at our online Provider Directory at networkhealth.com/find-a-doctor. You may also call our member experience team (phone numbers are located on the back of this document) if you need assistance locating an urgent care provider.

When you are outside the service area and cannot get care from an in-network provider, our plan will cover urgently needed services that you get from any provider.

Our plan covers worldwide urgent care services outside the United States under the following circumstances. When Urgent care is received outside the United States and its territories (worldwide coverage) you will be responsible for $110 per incident. NetworkCares will pay the remaining cost per incident up to the maximum $100,000 every year. Prescription drugs are not covered. For more information see the Medical Benefits Chart in Chapter 4.

Note: Wisconsin Medicaid does not have the coverage outside of the State of Wisconsin.
Section 3.3  Getting care during a disaster

If the Governor of your state, the U.S. Secretary of Health and Human Services, or the President of the United States declares a state of disaster or emergency in your geographic area, you are still entitled to care from your plan.

Please visit the following website: networkhealth.com for information on how to obtain needed care during a disaster.

If you cannot use an in-network provider during a disaster, your plan will allow you to obtain care from out-of-network providers at in-network cost sharing. If you cannot use an in-network pharmacy during a disaster, you may be able to fill your prescription drugs at an out-of-network pharmacy. Please see Chapter 5, Section 2.5 for more information.

SECTION 4  What if you are billed directly for the full cost of your services?

Section 4.1  You can ask us to pay our share of the cost for covered services

If you have paid for your covered services or if you have received a bill for the full cost of covered medical services, go to Chapter 7 (Asking us to pay our share of a bill you have received for covered medical services or drugs) for information about what to do.

Section 4.2  What should you do if services are not covered by our plan?

NetworkCares covers all medically necessary services as listed in the Medical Benefits Chart in Chapter 4 of this document. If you receive services not covered by our plan or services obtained out-of-network and were not authorized, you are responsible for paying the full cost of services.

For covered services that have a benefit limitation, you also pay the full cost of any services you get after you have used up your benefit for that type of covered service. The payments for services received after you reach the benefit limitation will not apply toward your out-of-pocket maximum. You can call our member experience team when you want to know how much of your benefit limit you have already used.

SECTION 5  How are your medical services covered when you are in a “clinical research study”?

Section 5.1  What is a “clinical research study”?

A clinical research study (also called a “clinical trial”) is a way that doctors and scientists test new types of medical care, like how well a new cancer drug works. Certain clinical research studies are approved by Medicare. Clinical research studies approved by Medicare typically request volunteers to participate in the study.
Once Medicare approves the study, and you express interest, someone who works on the study will contact you to explain more about the study and see if you meet the requirements set by the scientists who are running the study. You can participate in the study as long as you meet the requirements for the study and you have a full understanding and acceptance of what is involved if you participate in the study.

If you participate in a Medicare-approved study, Original Medicare pays most of the costs for the covered services you receive as part of the study. If you tell us that you are in a qualified clinical trial, then you are only responsible for the in-network cost sharing for the services in that trial. If you paid more, for example, if you already paid the Original Medicare cost-sharing amount, we will reimburse the difference between what you paid and the in-network cost sharing. However, you will need to provide documentation to show us how much you paid. When you are in a clinical research study, you may stay enrolled in our plan and continue to get the rest of your care (the care that is not related to the study) through our plan.

If you want to participate in any Medicare-approved clinical research study, you do not need to tell us or to get approval from us. The providers that deliver your care as part of the clinical research study do not need to be part of our plan’s network of providers.

Although you do not need to get our plan’s permission to be in a clinical research study, we encourage you to notify us in advance when you choose to participate in Medicare-qualified clinical trials.

If you participate in a study that Medicare has not approved, you will be responsible for paying all costs for your participation in the study.

### Section 5.2 When you participate in a clinical research study, who pays for what?

Once you join a Medicare-approved clinical research study, Original Medicare covers the routine items and services you receive as part of the study, including:

- Room and board for a hospital stay that Medicare would pay for even if you weren’t in a study
- An operation or other medical procedure if it is part of the research study
- Treatment of side effects and complications of the new care

After Medicare has paid its share of the cost for these services, our plan will pay the difference between the cost sharing in Original Medicare and your in-network cost sharing as a member of our plan. This means you will pay the same amount for the services you receive as part of the study as you would if you received these services from our plan. However, you are required to submit documentation showing how much cost sharing you paid. Please see Chapter 7 for more information for submitting requests for payments.

*Here’s an example of how the cost sharing works:* Let’s say that you have a lab test that costs $100 as part of the research study. Let’s also say that your share of the costs for this test is $20 under Original Medicare, but the test would be $10 under our plan’s benefits. In this case, Original Medicare would pay $80 for the test and you would pay the $20 copay required under Original Medicare. You would then notify your plan that you received a qualified clinical trial service and submit documentation such as a provider bill to the plan. The plan would then directly pay you $10. Therefore, your net payment is $10, the same amount you would pay under our plan’s benefits. Please note that in order to receive payment from your plan, you must submit documentation to your plan such as a provider bill.
When you are part of a clinical research study, **neither Medicare nor our plan will pay for any of the following:**

- Generally, Medicare will *not* pay for the new item or service that the study is testing unless Medicare would cover the item or service even if you were *not* in a study.
- Items or services provided only to collect data, and not used in your direct health care. For example, Medicare would not pay for monthly CT scans done as part of the study if your medical condition would normally require only one CT scan.

**Do you want to know more?**

You can get more information about joining a clinical research study by visiting the Medicare website to read or download the publication “Medicare and Clinical Research Studies.” (The publication is available at: [www.medicare.gov/Pubs/pdf/02226-Medicare-and-Clinical-Research-Studies.pdf](http://www.medicare.gov/Pubs/pdf/02226-Medicare-and-Clinical-Research-Studies.pdf).) You can also call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.

**SECTION 6 Rules for getting care in a “religious non-medical health care institution”**

**Section 6.1 What is a religious non-medical health care institution?**

A religious non-medical health care institution is a facility that provides care for a condition that would ordinarily be treated in a hospital or skilled nursing facility. If getting care in a hospital or a skilled nursing facility is against a member’s religious beliefs, we will instead provide coverage for care in a religious non-medical health care institution. This benefit is provided only for Part A inpatient services (non-medical health care services).

**Section 6.2 Receiving Care from a Religious Non-Medical Health Care Institution**

To get care from a religious non-medical health care institution, you must sign a legal document that says you are conscientiously opposed to getting medical treatment that is “non-exceptioned.”

- “Non-exceptioned” medical care or treatment is any medical care or treatment that is *voluntary* and *not required* by any federal, state, or local law.
- “Exceptioned” medical treatment is medical care or treatment that you get that is *not voluntary or is required* under federal, state, or local law.

To be covered by our plan, the care you get from a religious non-medical health care institution must meet the following conditions:

- The facility providing the care must be certified by Medicare.
- Our plan’s coverage of services you receive is limited to *non-religious* aspects of care.
If you get services from this institution that are provided to you in a facility, the following conditions apply:

- You must have a medical condition that would allow you to receive covered services for inpatient hospital care or skilled nursing facility care.
- You must get approval in advance from our plan before you are admitted to the facility or your stay will not be covered.

Medicare inpatient hospital coverage limits apply. Please see the Medical Benefits Chart in Chapter 4 for more information.

SECTION 7  Rules for ownership of durable medical equipment

<table>
<thead>
<tr>
<th>Section 7.1</th>
<th>Will you own the durable medical equipment after making a certain number of payments under our plan?</th>
</tr>
</thead>
</table>

Durable medical equipment (DME) includes items such as oxygen equipment and supplies, wheelchairs, walkers, powered mattress systems, crutches, diabetic supplies, speech generating devices, IV infusion pumps, nebulizers and hospital beds ordered by a provider for use in the home. The member always owns certain items, such as prosthetics. In this section, we discuss other types of DME that you must rent.

In Original Medicare, people who rent certain types of DME own the equipment after paying copayments for the item for 13 months. As a member of NetworkCares, however, you usually will not acquire ownership of rented DME items no matter how many copayments you make for the item while a member of our plan, even if you made up to 12 consecutive payments for the DME item under Original Medicare before you joined our plan. Under certain limited circumstances, we will transfer ownership of the DME item to you. Call our member experience team for more information.

What happens to payments you made for durable medical equipment if you switch to Original Medicare?

If you did not acquire ownership of the DME item while in our plan, you will have to make 13 new consecutive payments after you switch to Original Medicare in order to own the item. The payments made while enrolled in your plan do not count.

Example 1: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. The payments you made in Original Medicare do not count.

Example 2: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. You were in our plan but did not obtain ownership while in our plan. You then go back to Original Medicare. You will have to make 13 consecutive new payments to own the item once you join Original Medicare again. All previous payments (whether to our plan or to Original Medicare) do not count.
Section 7.2  Rules for oxygen equipment, supplies, and maintenance

What oxygen benefits are you entitled to?

If you qualify for Medicare oxygen equipment coverage NetworkCares will cover:

- Rental of oxygen equipment
- Delivery of oxygen and oxygen contents
- Tubing and related oxygen accessories for the delivery of oxygen and oxygen contents
- Maintenance and repairs of oxygen equipment

If you leave NetworkCares or no longer medically require oxygen equipment, then the oxygen equipment must be returned.

What happens if you leave your plan and return to Original Medicare?

Original Medicare requires an oxygen supplier to provide you services for five years. During the first 36 months you rent the equipment. The remaining 24 months the supplier provides the equipment and maintenance (you are still responsible for the copayment for oxygen). After five years you may choose to stay with the same company or go to another company. At this point, the five-year cycle begins again, even if you remain with the same company, requiring you to pay copayments for the first 36 months. If you join or leave our plan, the five-year cycle starts over.
CHAPTER 4:
Medical Benefits Chart (what is covered and what you pay)
SECTION 1 Understanding your out-of-pocket costs for covered services

This chapter provides a Medical Benefits Chart that lists your covered services and shows how much you will pay for each covered service as a member of NetworkCares. Later in this chapter you can find information about medical services that are not covered. It also explains limits on certain services.

Section 1.1 Types of out-of-pocket costs you may pay for your covered services

To understand the payment information we give you in this chapter, you need to know about the types of out-of-pocket costs you may pay for your covered services.

- The “deductible” is the amount you must pay for medical services before our plan begins to pay its share. (Section 1.2 tells you more about your plan deductible.)
- A “copayment” is a fixed amount you pay each time you receive certain medical services. You pay a copayment at the time you get the medical service. (The Medical Benefits Chart in Section 2 tells you more about your copayments.)
- “Coinsurance” is a percentage you pay of the total cost of certain medical services. You pay a coinsurance at the time you get the medical service. (The Medical Benefits Chart in Section 2 tells you more about your coinsurance.)

Section 1.2 What is your plan deductible?

Your deductible was $0 or $233 in 2022; these amounts may change for 2023. Until you have paid the deductible amount, you must pay the full cost of your covered services. Once you have paid your deductible, we will begin to pay our share of the costs for covered medical services and you will pay your share (your coinsurance amount) for the rest of the calendar year.

The yearly deductible also applies to your Medicare Part B Drugs. Depending on your level of Medicaid eligibility you may not have any cost sharing responsibility for Original Medicare services.

The deductible does not apply to some services. This means that we will pay our share of the costs for these services even if you haven’t paid your deductible yet. The deductible does not apply to the following services:

- Abdominal aortic aneurysm screening
- Alcohol misuse counseling
- Bone mass measurement
- Breast cancer screening (mammogram)
- Cardiovascular disease (behavioral therapy)
- Cardiovascular screenings
- Cervical and vaginal cancer screening
- Colorectal cancer screenings (colonoscopy, fecal occult blood test, flexible sigmoidoscopy)
- Depression screening
- Diabetes screenings
- HIV screening
- Medical nutrition therapy services
- Medicare Diabetes Prevention Program (MDPP)
- Obesity screening and counseling
- Prostate cancer screenings (PSA)
- Sexually transmitted infections screening and counseling
- Tobacco use cessation counseling (counseling for people with no sign of tobacco-related disease)
- Vaccines, including flu shots, hepatitis B shots, pneumococcal shots
- “Welcome to Medicare” preventive visit (one-time)
- Yearly “wellness” visit
- Emergency care received in the United States and its territories
- Urgently needed care received inside the United States and its territories

The deductible does not apply to any of the services listed above when received from an in-network provider. The deductible will not apply to any additional preventive services approved by Medicare during the contract year when received from an in-network provider. Additionally, the deductible will not apply to emergency care or urgently needed care received in the United States from an out-of-network provider.

### Section 1.3  What is the most you will pay for Medicare Part A and Part B covered medical services?

**Note:** Because our members also get assistance from Medicaid, very few members ever reach this out-of-pocket maximum.

Because you are enrolled in a Medicare Advantage Plan, there is a limit on the amount you have to pay out-of-pocket each year for medical services that are covered under Medicare Part A and Part B. This limit is called the maximum out-of-pocket (MOOP) amount for medical services. For calendar year 2023 this amount is $8,300 for in-network or $12,450 for combined in and out-of-network services.

The amounts you pay for deductibles, copayments, and coinsurance for covered services count toward this maximum out-of-pocket amount. The amounts you pay for your Part D prescription drugs do not count toward your maximum out-of-pocket amount. In addition, amounts you pay for some services do not count toward your maximum out-of-pocket amount. These services are marked with an asterisk in the Medical Benefits Chart. If you reach the maximum out-of-pocket amount of $8,300 for in-network or $12,450 for combined in and out-of-network, you will not have to pay any out-of-pocket costs for the rest of the year for covered Part A and Part B services. However, you must continue to pay the Medicare Part B premium (unless your Part B premium is paid for you by Medicaid or another third party).

### Section 1.4  Our plan does not allow providers to “balance bill” you

As a member of NetworkCares, an important protection for you is that after you meet any deductibles, you only have to pay your cost-sharing amount when you get services covered by our plan. Providers may not add additional separate charges, called “balance billing.” This protection applies even if we pay the provider less than the provider charges for a service and even if there is a dispute and we don’t pay certain provider charges.
Here is how this protection works.

- If your cost sharing is a copayment (a set amount of dollars, for example, $15.00), then you pay only that amount for any covered services from an in-network provider.

- If your cost sharing is a coinsurance (a percentage of the total charges), then you never pay more than that percentage. However, your cost depends on which type of provider you see:
  - If you receive the covered services from an in-network provider, you pay the coinsurance percentage multiplied by the plan’s reimbursement rate (as determined in the contract between the provider and the plan).
  - If you receive the covered services from an out-of-network provider who participates with Medicare, you pay the coinsurance percentage multiplied by the Medicare payment rate for participating providers. (Remember, the plan covers services from out-of-network providers only in certain situations, such as when you get a referral or for emergencies or urgently needed services.)
  - If you receive the covered services from an out-of-network provider who does not participate with Medicare, you pay the coinsurance percentage multiplied by the Medicare payment rate for non-participating providers. (Remember, the plan covers services from out-of-network providers only in certain situations, such as when you get a referral or for emergencies or urgently needed services.)

- If you believe a provider has “balance billed” you, call our member experience team.

SECTION 2 Use the Medical Benefits Chart to find out what is covered and how much you will pay

Section 2.1 Your medical benefits and costs as a member of the plan

The Medical Benefits Chart on the following pages lists the services NetworkCares covers and what you pay out-of-pocket for each service. Part D prescription drug coverage is in Chapter 5. The services listed in the Medical Benefits Chart are covered only when the following coverage requirements are met:

- Your Medicare-covered services must be provided according to the coverage guidelines established by Medicare.

- Your services (including medical care, services, supplies, equipment, and Part B prescription drugs) must be medically necessary. “Medically necessary” means that the services, supplies, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.

- Some of the services listed in the Medical Benefits Chart are covered only if your doctor or other in-network provider gets approval in advance (sometimes called “prior authorization”) from us.
  - Most covered services that need approval in advance are marked in the Medical Benefits Chart in italics. In addition, the following services not listed in the Benefits Chart require prior authorization:
- Hospital inpatient services, behavioral health inpatient services, and skilled nursing facility stays, including sub-acute and swing bed
- Transplant services
- Specialty surgeries such as ankle, knee, hip and shoulder joint replacements, bariatric surgery, deep brain stimulator insertion, sleep apnea, and all procedures that could be considered cosmetic
- Certain durable medical equipment such as wheelchairs, orthotics, prosthetics and electrical stimulators
- Outpatient radiation oncology services
- Outpatient interventional pain injections and procedures
- Outpatient physical and occupational therapy services (including when provided during home health care)
- Outpatient gastroenterology (EGDs, capsule endoscopy and non-preventive colonoscopies)
- Non-emergent ambulatory injectable chemotherapy drugs
- Certain medications under your medical benefit
- Genetic testing
  - You do not need approval in advance for out-of-network services from out-of-network providers.
- While you don’t need approval in advance for out-of-network services you or your doctor can ask us to make a coverage decision in advance.
- Services requiring prior authorization may change occasionally. Our most up-to-date list of services requiring prior authorization can be accessed through your member portal.

Other important things to know about our coverage:

- You are covered by both Medicare and Medicaid. Medicare covers health care and prescription drugs. Medicaid covers your cost sharing for Medicare services. Medicaid also covers services Medicare does not cover. Please contact Wisconsin Medicaid Member Services at 800-362-3002 for additional information.
- Like all Medicare health plans, we cover everything that Original Medicare covers. (If you want to know more about the coverage and costs of Original Medicare, look in your Medicare & You 2023 handbook. View it online at www.medicare.gov or ask for a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.)
- For all preventive services that are covered at no cost under Original Medicare, we also cover the service at no cost to you. **However, if you also are treated or monitored for an existing medical condition during the visit when you receive the preventive service, a copayment will apply for the care received for the existing medical condition.**
• If Medicare adds coverage for any new services during 2023, either Medicare or our plan will cover those services.
  
  o NetworkCares will receive and pay your claims first and Wisconsin Medicaid will pay for any remaining costs, minus any Wisconsin Medicaid copayments. The benefits chart below is reflective of what NetworkCares will pay. The benefits charts shows what NetworkCares pays first before your claim is sent to Wisconsin Medicaid. To find out what your Wisconsin Medicaid cost sharing and copayments will be, please see your NetworkCares Summary of Benefits or contact Wisconsin Medicaid.

• If you are within our plan’s three-month period of deemed continued eligibility, we will continue to provide all Medicare Advantage plan-covered Medicare benefits. However, during this period, you are responsible for the Medicare coinsurance and deductibles unless you regain your Wisconsin Medicaid with no gap in coverage. Medicare cost-sharing amounts for Medicare basic and supplemental benefits do not change during this period.

You will see this apple next to the preventive services in the benefits chart.

### Acupuncture for chronic low back pain

Covered services include:

Up to 12 visits in 90 days are covered for Medicare beneficiaries under the following circumstances:

For the purpose of this benefit, chronic low back pain is defined as:

- lasting 12 weeks or longer;
- nonspecific, in that it has no identifiable systemic cause (i.e., not associated with metastatic, inflammatory, infectious disease, etc.);
- not associated with surgery; and
- not associated with pregnancy.

An additional eight sessions will be covered for those patients demonstrating an improvement. No more than 20 acupuncture treatments may be administered annually.

Treatment must be discontinued if the patient is not improving or is regressing.

Provider Requirements:

Physicians (as defined in 1861(r)(1) of the Social Security Act (the Act) may furnish acupuncture in accordance with applicable state requirements.

Physician assistants (PAs), nurse practitioners (NPs)/clinical nurse specialists (CNSs) (as identified in 1861(aa)(5) of the Act), and auxiliary personnel may furnish acupuncture if they meet all applicable state requirements and have:

- a masters or doctoral level degree in acupuncture or Oriental Medicine from a school accredited by the Accreditation Commission on Acupuncture and Oriental Medicine (ACAOM); and,
- a current, full, active, and unrestricted license to practice acupuncture in a State, Territory, or Commonwealth (i.e. Puerto Rico) of the United States, or District of Columbia.

Auxiliary personnel furnishing acupuncture must be under the appropriate level of supervision of a physician, PA, or NP/CNS required by our regulations at 42 CFR §§ 410.26 and 410.27.

**Ambulance services**

- Covered ambulance services include fixed wing, rotary wing and ground ambulance services, to the nearest appropriate facility that can provide care only if they are furnished to a member whose medical condition is such that other means of transportation could endanger the person’s health or if authorized by the plan.

- Non-emergency transportation by ambulance is appropriate if it is documented that the member’s condition is such that other means of transportation could endanger the person’s health and that transportation by ambulance is medically required.

- Medicare will only cover ambulance services to the nearest appropriate medical facility that can provide you the care you need. If you choose to be transported to a facility that is farther away, Medicare’s payment will be based on the charge to the closest appropriate facility.

- **The ambulance benefit is a transport benefit.** If 911 is contacted and an ambulance is sent to transport you, you may be held liable for payment in these situations:
  - You decline the ambulance ride
  - You take the ambulance and it is determined your symptoms are not emergent.

### Annual wellness visit

If you’ve had Part B for longer than 12 months, you can get an Annual wellness visit to develop or update a personalized prevention plan based on your current health and risk factors. This is covered once every 12 months.

**Note:** Your first annual wellness visit can’t take place within 12 months of your “Welcome to Medicare” preventive visit. However, you don’t need to have had a “Welcome to Medicare” visit to be covered for Annual wellness visits after you’ve had Part B for 12 months.

Medicare covers voluntary Advance Care Planning as part of the yearly wellness visit. This is planning for care you would want to get if you become unable to speak for yourself. You can talk about an advance directive with your health care professional, and he or she can help you fill out the forms if you want to. An advance directive is a legal document that records your wishes about medical treatment at a future time if you’re not able to make decisions about your care. You pay nothing if the doctor or other qualified health care provider accepts assignment.

**Note:** Medicare may also cover this service as part of your medical treatment. When Advance Care Planning isn’t part of your Annual wellness visit, the Part B deductible and coinsurance apply.

**Note:** If you also are treated or monitored for an existing medical condition during the visit when you receive the preventive service, a copayment will apply for the care received for the existing medical condition.

### Bone mass measurement

For qualified individuals (generally, this means people at risk of losing bone mass or at risk of osteoporosis), the following services are covered every 24 months or more frequently if medically necessary: procedures to identify bone mass, detect bone loss or determine bone quality, including a physician’s interpretation of the results.

### Breast cancer screening (mammograms)

Covered services include:

- One baseline mammogram between the ages of 35 and 39
- One screening mammogram every 12 months for women aged 40 and older
- Clinical breast exams once every 24 months

**Note:** A screening mammography is used for the early detection of breast cancer in women who have no signs or symptoms of the disease.

Once a history of breast cancer has been established, and until there are no longer any signs or symptoms of breast cancer, ongoing mammograms are considered diagnostic and are subject to cost sharing as described under Outpatient Diagnostic Tests and Therapeutic Services and Supplies in this chart. Therefore, the screening mammography annual benefit is not available for members who have signs or symptoms of breast cancer.

### Cardiac rehabilitation services

Comprehensive programs of cardiac rehabilitation services that include exercise, education and counseling are covered for members who meet certain conditions with a doctor’s order. The plan also covers intensive cardiac rehabilitation programs that are typically more rigorous or more intense than cardiac rehabilitation programs. For more information on Peripheral Arterial Disease (PAD) rehabilitation see Supervised exercise therapy benefit in this chart.

### Colorectal cancer screening

For people 50 and older, the following are covered:

- Flexible sigmoidoscopy (or screening barium enema as an alternative) every 48 months

One of the following every 12 months:

- Guaiac-based fecal occult blood test (gFOBT)
- Fecal immunochemical test (FIT)

DNA-based colorectal screening every three years

For people at high risk of colorectal cancer, we cover:

- Screening colonoscopy (or screening barium enema as an alternative) every 24 months

For people not at high risk of colorectal cancer, we cover:

- Screening colonoscopy every ten years (120 months), but not within 48 months of a screening sigmoidoscopy

**Note:** A screening colonoscopy is used for the diagnosis and/or early detection of colorectal cancer in people who have no signs or symptoms of the disease. Once a history of colorectal cancer has been established, and until there are no longer any signs or symptoms of colorectal cancer, ongoing colonoscopies are considered diagnostic and are subject to cost sharing as described under Outpatient Surgery in this chart.

Therefore, the screening colonoscopy benefit is subject to the Outpatient Surgery cost sharing for members who have signs or symptoms of colorectal cancer.

**Note:** A colonoscopy or sigmoidoscopy conducted for polyp removal or biopsy is a surgical procedure subject to the Outpatient Surgery cost sharing described later in this chart.

## Dental services

In general, preventive dental services (such as cleaning, routine dental exams, and dental x-rays) are not covered by Original Medicare.

Predeterminations are recommended for all dental services.

**Medicare-covered dental services include:**

Services by a dentist or oral surgeon are limited to surgery of the jaw or related structures, setting fractures of the jaw or facial bones, extraction of teeth to prepare the jaw for radiation treatments of neoplastic disease, or services that would be covered when provided by a doctor.

<table>

</table>
## Dental services – extra benefits *

Your plan covers dental services not covered by Original Medicare. We cover:

### Non-Medicare covered preventive and basic dental services
- Routine dental exams and cleanings twice a year
- Fluoride treatments once a year
- Bitewing X-rays once a year
- Emergency palliative treatment
- Minor restorative services, simple extractions-nonsurgical extractions, fillings and crown repair

### Non-Medicare covered major dental services
- Major Restorative services
- Endodontics
- Periodontics
- Extractions
- Prosthodontics
- Oral Surgery
- Relines and repairs to bridges and dentures

Up to $3,000 annual maximum benefit applies to both in- and out-of-network services received for non-Medicare covered dental services. If you choose to see an out-of-network dental provider, your share of the cost may be higher. Please contact our member experience team (phone numbers located in the back of this document) with any questions.

**Note:** Our provider network for non-Medicare covered dental services is different than our provider network for medical dental services. Your non-Medicare covered dental services are administered by Delta Dental Medicare Advantage. For a link to the provider search and the dental certificate, visit [networkhealth.com/medicare/extra-benefits-snp](http://networkhealth.com/medicare/extra-benefits-snp). You can also request a hard copy of the dental certificate by calling our member experience team.

* Cost sharing and deductibles for non-Medicare covered services does not apply toward the annual out-of-pocket maximum.

# Services that are covered for you

## Diabetes self-management training, diabetic services and supplies

For all people who have diabetes (insulin and non-insulin users). Covered services include:

- Supplies to monitor your blood glucose: Accu-Chek or OneTouch blood glucose monitor, Accu-Chek or OneTouch blood glucose test strips, covered lancet devices and lancets and covered glucose control solutions for checking the accuracy of test strips and monitors.

- For people with diabetes who have severe diabetic foot disease: One pair per calendar year of therapeutic custom-molded shoes (including inserts provided with such shoes) and two additional pairs of inserts, or one pair of depth shoes and three pairs of inserts (not including the non-customized removable inserts provided with such shoes). Coverage includes fitting.

- Diabetes self-management training is covered under certain conditions.

**Note:** Preferred supplies for your continuous glucose monitoring device are also covered 0%-20%. Preferred devices are FreeStyle Libre and Dexcom.

## Durable medical equipment (DME) and related supplies

(For a definition of “durable medical equipment,” see Chapter 12 as well as Chapter 3, Section 7 of this document.)

Covered items include, but are not limited to: wheelchairs, crutches, powered mattress systems, diabetic supplies, hospital beds ordered by a provider for use in the home, IV infusion pumps, speech generating devices, oxygen equipment, nebulizers and walkers.

We cover all medically necessary DME covered by Original Medicare. If our supplier in your area does not carry a particular brand or manufacturer, you may ask them if they can special order it for you. The most recent list of suppliers is available on our website at [networkhealth.com](http://networkhealth.com).

**Note:** As a newly enrolled member under a current durable medical equipment rental agreement, you will need to start your 13-month rental over unless you can provide proof of rental documentation from your durable medical equipment supplier. For more information, please contact our member experience team.

## What you must pay when you get these services

- Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximums.

### In- and Out-of-Network

- **Diabetes self-management training:**
  - 0% - 20% of the cost for beneficiaries eligible for diabetes self-management training.
  - 0% - 20% of the cost for each pair of Medicare-covered diabetic therapeutic shoes or inserts and each covered diabetic supply item up to a 90-day supply.
  - 0% - 20% of the cost for FreeStyle Libre and Dexcom supplies.

- **Durable medical equipment (DME) and related supplies:**
  - 0% - 20% of the cost for each Medicare-covered durable medical service or item.

**Note:** Services may require that your provider get prior authorization (approval in advance). Please have your provider contact the plan for more details.

- 0% - 20% of the cost for Medicare oxygen equipment coverage is 0% - 20% of the Medicare approved amount, every month for the first 36 months.

After 36 months of continuous oxygen equipment coverage, your cost sharing will be 0% for maintenance and servicing for the remainder of the reasonable useful...
### Durable medical equipment (DME) and related supplies (continued)

To acquire ownership for certain types of durable medical equipment, the plan will pay the fee schedule amounts on a monthly rental basis, not to exceed a period of continuous use of 13 months. In the tenth month of rental, you may be given a purchase option. In some cases, as a member of NetworkCares, some rented durable medical equipment items such as oxygen equipment may not be eligible for ownership, no matter how many copayments you make for the item while a member of our plan. The plan will make monthly rental payments for up to 36 months during a period of continuous use. However, for oxygen equipment, once the 36-month payment cap has been reached, the supplier retains ownership of the equipment. Title of the equipment does not transfer to you.

Additionally, the supplier who received payment for the 36th rental month must continue to provide the oxygen equipment and contents until the reasonable useful lifetime of the equipment has been reached (five years) or as long as you have a medical need for the oxygen. If you still need the equipment - you meet the medical necessity for the oxygen- after the five-year reasonable useful lifetime of the equipment has been reached, a new capped rental period may begin.

**Note:** DME purchased at a retail store is not a covered benefit, this includes both online and brick and mortar retail stores.

If you have questions about your medical costs or how to receive durable medical equipment when you travel, please call our member experience team.

Emergency care

Emergency care refers to services that are:

- Furnished by a provider qualified to furnish emergency services, and
- Needed to evaluate or stabilize an emergency medical condition.

A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life (and, if you are a pregnant woman, loss of an unborn child), loss of a limb or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

Cost sharing for necessary emergency services furnished out-of-network is the same as for such services furnished in-network.

**Note:** Medicare Part B generally doesn’t pay for self-administered drugs (SADs) or over-the-counter (OTC) medications that you receive in the emergency room. Self-administered drugs may be covered under your Part D benefit; however there is no Part D coverage for over-the-counter medications.

When Emergency care is received **outside the United States and its territories (worldwide coverage)**, you will be responsible for $110 per incident. NetworkCares will pay the remaining cost per incident up to the maximum $100,000 every year. Some facilities may bill Network Health directly, and this is the preferred method, using U.S. dollars. Other facilities may require you to pay the full cost of your care, and you will need to ask us to reimburse you for your costs. In this situation, you will be required to provide documents that may include; a copy of the bill, proof of payment and English-language medical records (charges should be converted to U.S. dollars) for reimbursement up to the maximum of $100,000. Prescription drugs are not covered. *

**Note:** Wisconsin Medicaid may not have coverage outside the state of Wisconsin.

---

* Cost sharing and deductibles for covered services outside the United States and its territories (worldwide coverage) does not apply toward the annual out-of-pocket maximums.
# Fitness program

Your fitness program includes access to fitness centers, in-person and online fitness events and fitness classes for all levels. Your fitness program travels with you, with on-demand digital fitness classes, live virtual classes and more than 16,000 fitness center locations nationwide.

Visit [networkhealth.com/medicare/extra-benefits-snp](http://networkhealth.com/medicare/extra-benefits-snp) for more information.

| In-Network | 0% of the cost when using your fitness program. |
| Out-of-Network | When going to a non-contracted health club facility, fitness center membership charges will apply. We do not reimburse for these fees. |

## Hearing services

Diagnostic hearing and balance evaluations performed by your provider to determine if you need medical treatment are covered as outpatient care when furnished by a physician, audiologist or other qualified provider.

Cost sharing and deductibles for Medicare-covered services apply toward the annual out-of-pocket maximum.

<p>| In- and Out-of-Network | 0% - 20% of the cost for each Medicare-covered hearing exam. |</p>

### Help with Certain Chronic Conditions

- **Acupuncture**
  - Up to 12 visits per year are covered for members who are undergoing chemotherapy and experiencing severe nausea.

- **Transportation**
  - Up to 24 one-way trips per year for members diagnosed with End-Stage Renal Disease to get to and from dialysis for treatment. Trips must be booked through our approved vendor "Aryv".

- **Home or Office-Based Palliative Care** for members with cancer, congestive heart failure, chronic obstructive pulmonary disease, chronic kidney disease, end-stage renal disease, rheumatoid arthritis, Alzheimer’s, Parkinson’s, multiple sclerosis and/or liver cirrhosis.
  - This benefit includes one initial consultation and evaluation, and two follow-up visits.
  - Care managers will coordinate a PCP or Specialist referral to a home care provider to provide this service.

### HIV screening

For people who ask for an HIV screening test or who are at increased risk for HIV infection, we cover:

- One screening exam every 12 months

For women who are pregnant, we cover:

- Up to three screening exams during a pregnancy

Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

### In-Network

There is no coinsurance, copayment or deductible for members eligible for Medicare-covered preventive HIV screening.

### Out-of-Network

0% - 20% of the cost for beneficiaries eligible for Medicare-covered preventive HIV screening.
# Services that are covered for you

## Home health agency care
Prior to receiving home health services, a doctor must certify that you need home health services and will order home health services to be provided by a home health agency. You must be homebound, which means leaving home is a major effort.

Covered services include, but are not limited to:

- Part-time or intermittent skilled nursing and home health aide services (To be covered under the home health care benefit, your skilled nursing and home health aide services combined must total fewer than eight hours per day and 35 hours per week.)
- Physical therapy, occupational therapy and speech therapy
- Medical and social services
- Medical equipment and supplies

## Home infusion therapy
Home infusion therapy involves the intravenous or subcutaneous administration of drugs or biologicals to an individual at home. The components needed to perform home infusion include the drug (for example, antivirals, immune globulin), equipment (for example, a pump) and supplies (for example, tubing and catheters).

Covered services include, but are not limited to:

- Professional services, including nursing services, furnished in accordance with the plan of care
- Patient training and education not otherwise covered under the durable medical equipment benefit
- Remote monitoring
- Monitoring services for the provision of home infusion therapy and home infusion drugs furnished by a qualified home infusion therapy supplier

**Note:** If additional services are performed and the cost sharing for those services is not listed here, they will be subject to the cost sharing described elsewhere in this chart.

## In- and Out-of-Network

*In-Network services may require that your provider get prior authorization (approval in advance). Please have your provider contact the plan for more details.*

$0 copayment for Medicare-covered home health visit.

0% - 20% of the cost for each Medicare-covered Part B drug.

0% - 20% of the cost for each Medicare-covered durable medical service or item.
### Hospice care

You are eligible for the hospice benefit when your doctor and the hospice medical director have given you a terminal prognosis certifying that you’re terminally ill and have six months or less to live if your illness runs its normal course. You may receive care from any Medicare-certified hospice program. Your plan is obligated to help you find Medicare-certified hospice programs in the plan’s service area, including those the MA organization owns, controls, or has a financial interest in. Your hospice doctor can be an in-network provider or an out-of-network provider.

Covered services include:

- Drugs for symptom control and pain relief
- Short-term respite care
- Home care

For hospice services and for services that are covered by Medicare Part A or B and are related to your terminal prognosis: Original Medicare (rather than our plan) will pay your hospice provider for your hospice services related to your terminal prognosis. While you are in the hospice program, your hospice provider will bill Original Medicare for the services that Original Medicare pays for. You will be billed Original Medicare cost sharing.

For services that are covered by Medicare Part A or B and are not related to your terminal prognosis: If you need non-emergency, non-urgently needed services that are covered under Medicare Part A or B and that are not related to your terminal prognosis, your cost for these services depends on whether you use a provider in our plan’s network and follow plan rules (such as if there is a requirement to obtain prior authorization).

- If you obtain the covered services from an in-network provider and follow plan rules for obtaining service, you only pay the plan cost-sharing amount for in-network services
- If you obtain the covered services from an out-of-network provider, you pay the cost sharing under Fee-for-Service Medicare (Original Medicare)

For services that are covered by NetworkCares but are not covered by Medicare Part A or B: NetworkCares will continue to cover plan-covered services that are not covered under Part A or B whether or not they are related to your terminal prognosis. You pay your plan cost-sharing amount for these services.

<td>When you enroll in a Medicare-certified hospice program, your hospice services and your Part A and Part B services related to your terminal prognosis are paid for by Original Medicare, not NetworkCares.</td>
</tr>
<tr>
<td>In- and Out-of-Network</td>
<td>$0 copayment for hospice consultation.</td>
</tr>
</tbody>
</table>
Hospice care (continued)

For drugs that may be covered by the plan’s Part D benefit: If these drugs are unrelated to your terminal hospice condition you pay cost sharing. If they are related to your terminal hospice condition, then you pay Original Medicare cost sharing. Drugs are never covered by both hospice and our plan at the same time. For more information, please see Chapter 5, Section 9.4 (What if you’re in Medicare-certified hospice).

Note: If you need non-hospice care (care that is not related to your terminal prognosis), you should contact us to arrange the services. Getting your non-hospice care through our in-network providers will lower your share of the costs for the services.

Our plan covers hospice consultation services (one time only) for a terminally ill person who hasn’t elected the hospice benefit.

Immunizations

Covered Medicare Part B services include:

- Pneumonia vaccine
- Flu shots, once each flu season in the fall and winter, with additional flu shots if medically necessary
- Hepatitis B vaccine if you are at high or intermediate risk of getting hepatitis B
- COVID-19 vaccine
- Other vaccines if you are at risk and they meet Medicare Part B coverage rules such as tetanus, or tetanus, diphtheria and pertussis or tetanus and diphtheria when related to the treatment of an injury or direct exposure to a disease or condition.

Immunizations are generally covered under Medicare Part B if they are being administered for medical treatment or in relation to an injury. We also cover some vaccines under our Part D prescription drug benefit.

Note: Vaccines for shingles, such as Shingrix®, tetanus/diphtheria/pertussis prevention and travel may be covered under your Part D benefit. See Chapter 6, Section 8 for additional information.

Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

In-Network

There is no coinsurance, copayment or deductible for the pneumonia, influenza, hepatitis B and COVID-19 vaccines.

$0 copayment for all other Medicare Part B-covered immunizations.

Out-of-Network

There is no coinsurance, copayment or deductible for the pneumonia, influenza, hepatitis B and COVID-19 vaccines.

0% - 20% of the cost for all other Medicare Part B-covered immunizations.

<td></td>
</tr>
<tr>
<td>• Under certain conditions, the following types of transplants are covered: corneal, kidney, kidney-pancreatic, heart, liver, lung, heart/lung, bone marrow, stem cell and intestinal/multivisceral. If you need a transplant, we will arrange to have your case reviewed by a Medicare-approved transplant center that will decide whether you are a candidate for a transplant. Transplant providers may be local or outside of the service area. If our in-network transplant services are outside the community pattern of care, you may choose to go locally as long as the local transplant providers are willing to accept the Original Medicare rate. If NetworkCares provides transplant services at a location outside the pattern of care for transplants in your community and you choose to obtain transplants at this distant location, we will arrange or pay for appropriate lodging and transportation costs for you and a companion. Facilities located within the service area and in the Madison or Milwaukee metropolitan areas are considered within the normal community patterns of care. Indiana University Health is also considered in the normal community patterns of care for intestinal transplants only.</td>
<td></td>
</tr>
</tbody>
</table>
### Inpatient hospital care (continued)

Transportation and lodging are covered up to $5,000 each plan year.

- Only travel and lodging expenses incurred during the period that begins with the first date of service for the transplant and ending 180 days after the transplant are covered.
- Lodging reimbursement is limited to the United States General Services Administration per diem rate.
- Mileage reimbursement is limited to the Internal Revenue Service medical rate.
- Only the following types of travel expenses are reimbursable: auto mileage, economy class airfare, train fare, parking, tolls and shuttle/bus fare.

**Note:** Only the cost of transportation between the member’s residence located in NetworkCares’ service area to the designated transplant facility and between the lodging facility and transplant facility is reimbursable. You will be reimbursed for traveling and lodging only if all these criteria are met:

- NetworkCares directs you to a facility that is outside the normal community patterns of care.
- You choose to go to the directed facility for the transplant.
- You submit all necessary documentation (such as receipts, lodging verification, etc.) to this address:

  Network Health Medicare Advantage Plans  
  PO Box 120  
  1570 Midway Pl.  
  Menasha, WI 54952

- Blood - including storage and administration. Coverage of whole blood and packed red cells begins only with the fourth pint of blood that you need - you must either pay the costs for the first three pints of blood you get in a calendar year or have the blood donated by you or someone else. All other components of blood are covered beginning with the first pint used

**Note:** Over-the-counter (OTC) medications that you receive in an inpatient setting are not covered.
Inpatient hospital care (continued)

Note: To be an inpatient, your provider must write an order to admit you formally as an inpatient of the hospital. You are inpatient starting the day you are formally admitted to the hospital with a doctor’s order and the day before you are discharged is your last inpatient day. For example, if you arrive at the hospital at 10 a.m., your first midnight is that night, this counts as one full day. From that midnight on, each midnight will be a day as an inpatient. If you are discharged before midnight on your last day, then that day does not count toward the total days.

If you stay in the hospital overnight, you might still be considered an outpatient. If you are not sure if you are an inpatient or an outpatient, you should ask the hospital staff.

You can also find more information in a Medicare fact sheet called “Are You a Hospital Inpatient or Outpatient? If You Have Medicare – Ask!” This fact sheet is available on the Web at https://www.medicare.gov/sites/default/files/2021-10/11435-Inpatient-or-Outpatient.pdf or by calling 1-800-MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048. You can call these numbers for free, 24 hours a day, seven days a week.
## Inpatient services in a psychiatric hospital

Covered services include mental health care services that require a hospital stay. You get up to 190 days in an inpatient psychiatric hospital in a lifetime. The 190-day limit does not apply to inpatient mental health services provided in a psychiatric unit of a general hospital.

### Services that are covered for you

**Inpatient stay: Covered services received in a hospital or skilled nursing facility during a non-covered inpatient stay**

If you have exhausted your inpatient benefits or if the inpatient stay is not reasonable and necessary, we will not cover your inpatient stay. However, in some cases, we will cover certain services you receive while you are in the hospital or the skilled nursing facility (SNF). Covered services include but are not limited to:

- Physician services
- Diagnostic tests (like lab tests)
- X-ray, radium and isotope therapy including technician materials and services
- Surgical dressings
- Splints, casts and other devices used to reduce fractures and dislocations
- Prosthetics and orthotics devices (other than dental) that replace all or part of an internal body organ (including contiguous tissue) or all or part of the function of a permanently inoperative or malfunctioning internal body organ, including replacement or repairs of such devices
- Leg, arm, back and neck braces; trusses; artificial legs, arms and eyes, including adjustments, repairs and replacements required because of breakage, wear, loss or a change in the patient’s physical condition
- Physical therapy, speech therapy and occupational therapy

**What you must pay** when you get these services

Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

**In- and Out-of-Network**

*In-Network services may require that your provider get prior authorization (approval in advance). Please have your provider contact the plan for more details.*

0% - 20% of the cost for each Medicare-covered doctor visit, therapy, lab/test, X-ray, services, supply or item.

---

### Meal delivery benefit

We cover up to 28 home-delivered meals for eligible members who have been recently discharged from a qualified inpatient hospital stay, hospital observation stay, or a skilled nursing facility stay. Heart-healthy, kosher and other dietary-specific meal types are available.

Your meal delivery benefit is administered by Mom’s Meals. Contact your Care Manager at 866-709-0019 to learn more about home-delivered meals.

**In-Network**

0% of the cost of home-delivered meals.

**Out-of-Network**

Meals must be provided by the plan’s approved partner. We do not reimburse for home-delivered meals provided by other services.
### Medical nutrition therapy

This benefit is for people with diabetes, renal (kidney) disease (but not on dialysis) or after a kidney transplant when ordered by your doctor.

We cover three hours of one-on-one counseling services during your first year that you receive medical nutrition therapy services under Medicare (this includes our plan, any other Medicare Advantage plan, or Original Medicare) and two hours each year after that. If your condition, treatment or diagnosis changes, you may be able to receive more hours of treatment with a physician’s order. A physician must prescribe these services and renew their order yearly if your treatment is needed into the next calendar year.

**Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.**

**In-Network**

There is no coinsurance, copayment or deductible for members eligible for Medicare-covered medical nutrition therapy services.

**Out-of-Network**

0% - 20% of the cost for beneficiaries eligible for Medicare-covered medical nutrition therapy services.

### Medicare Diabetes Prevention Program (MDPP)

MDPP services will be covered for eligible Medicare beneficiaries under all Medicare health plans.

MDPP is a structured health behavior change intervention that provides practical training in long-term dietary change, increased physical activity and problem-solving strategies for overcoming challenges to sustaining weight loss and a healthy lifestyle.

**In-Network**

There is no coinsurance, copayment or deductible for the MDPP benefit.

**Out-of-Network**

0% - 20% of the cost for the MDPP benefit.
### Medicare Part B prescription drugs

These drugs are covered under Part B of Original Medicare. Members of our plan receive coverage for these drugs through our plan. Covered drugs include:

- Drugs that usually aren’t self-administered by the patient and are injected or infused while you are getting physician, hospital, outpatient, or ambulatory surgical center services
- Drugs you take using durable medical equipment (such as nebulizers) that were authorized by the plan
- Clotting factors you give yourself by injection if you have hemophilia
- Immunosuppressive drugs if you were enrolled in Medicare Part A at the time of the organ transplant
- Injectable osteoporosis drugs, if you are homebound, have a bone fracture that a doctor certifies was related to postmenopausal osteoporosis, and cannot self-administer the drug
- Antigens
- Certain oral anti-cancer drugs that contain the same active ingredient and are used for the same indications as the injectable dose form that would be administered in a provider setting. For example, Busulfan (Myleran), Capecitabine (Xeloda), Cyclophosphamide (Cytoxan), Etoposide (Vepesid), Melphalan (Alkeran), Methotrexate for oncology and Temozolomide (Temodar)
- Anti-nausea drugs
- Certain drugs for home dialysis, including heparin, the antidote for heparin when medically necessary, topical anesthetics and erythropoiesis-stimulating agents (such as Epogen®, Procrit®, Epoetin Alfa, Aranesp®, or Darbepoetin Alfa)
- Intravenous Immune Globulin for the home treatment of primary immune deficiency diseases

The following link will take you to a list of Part B drugs that may be subject to step therapy: networkhealth.com/medicare/pharmacy-information.

We also cover some vaccines under our Part B and Part D prescription drug benefit.

Chapter 5 explains the Part D prescription drug benefit, including rules you must follow to have prescriptions covered. What you pay for your Part D prescription drugs through our plan is explained in Chapter 6.

## Opioid treatment program services

Members of our plan with opioid use disorder (OUD) can receive coverage of services to treat OUD through an Opioid Treatment Program (OTP) which includes the following services:

- U.S. Food and Drug Administration (FDA)-approved opioid agonist and antagonist medication-assisted treatment (MAT) medications.
- Dispensing and administration of MAT medications (if applicable)
- Substance use counseling
- Individual and group therapy
- Toxicology testing
- Intake activities
- Periodic assessments

Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

</tbody>
</table>
Outpatient hospital observation

Observation services are hospital outpatient services given to determine if you need to be admitted as an inpatient or can be discharged.

For outpatient hospital observation services to be covered, they must meet the Medicare criteria and be considered reasonable and necessary. Observation services are covered only when provided by the order of a physician or another individual authorized by state licensure law and hospital staff bylaws to admit patients to the hospital or order outpatient tests.

**Note:** Unless the provider has written an order to admit you as an inpatient to the hospital, you are an outpatient and pay the cost-sharing amounts for outpatient hospital services. Even if you stay in the hospital overnight, you might still be considered an outpatient. If you are not sure if you are an outpatient, you should ask the hospital staff.

**Note:** Medicare Part B generally doesn’t pay for self-administered drugs (SADs) or over-the-counter (OTC) medications that you receive in an outpatient setting. Self-administered drugs may be covered under your Part D benefit; however there is no Part D coverage for over-the-counter medications.

You can also find more information in a Medicare fact sheet called “Are You a Hospital Inpatient or Outpatient? If You Have Medicare – Ask!” This fact sheet is available on the Web at https://www.medicare.gov/sites/default/files/2021-10/11435-Inpatient-or-Outpatient.pdf or by calling 1-800-MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048. You can call these numbers for free, 24 hours a day, seven days a week.

Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

**In- and Out-of-Network**

0% - 20% of the cost for each Medicare-covered outpatient hospital observation.
## Outpatient hospital services

We cover medically-necessary services you get in the outpatient department of a hospital for diagnosis or treatment of an illness or injury.

Covered services include, but are not limited to:

- Services in an emergency department or outpatient clinic, such as observation services or outpatient surgery
- Laboratory and diagnostic tests billed by the hospital
- Mental health care, including care in a partial-hospitalization program, if a doctor certifies that inpatient treatment would be required without it
- X-rays and other radiology services billed by the hospital
- Medical supplies such as splints and casts
- Certain drugs and biologicals that you can’t give yourself

Note: Medicare Part B generally doesn’t pay for self-administered drugs (SADs) or over-the-counter (OTC) medications that you receive in an outpatient setting. Self-administered drugs may be covered under your Part D benefit; however there is no Part D coverage for over-the-counter medications.

Note: Unless the provider has written an order to admit you as an inpatient to the hospital, you are an outpatient and pay the cost-sharing amounts for outpatient hospital services. Even if you stay in the hospital overnight, you might still be considered an outpatient. If you are not sure if you are an outpatient, you should ask the hospital staff.

You can also find more information in a Medicare fact sheet called “Are You a Hospital Inpatient or Outpatient? # Services that are covered for you

## Outpatient mental health care

Covered services include:

Mental health services provided by a state-licensed psychiatrist or doctor, clinical psychologist, clinical social worker, clinical nurse specialist, nurse practitioner, physician assistant, or other Medicare-qualified mental health care professional as allowed under applicable state laws.

Prior review of the program may be required before the provider furnishes services.

### What you must pay when you get these services

- Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

### In- and Out-of-Network

#### 0% - 20% of the cost for

Medicare-covered individual or group therapy visits.

## Outpatient rehabilitation services

Covered services include: physical therapy, occupational therapy and speech language therapy.

Outpatient rehabilitation services are provided in various outpatient settings, such as hospital outpatient departments, independent therapist offices and Comprehensive Outpatient Rehabilitation Facilities (CORFs).

### What you must pay when you get these services

- Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

### In- and Out-of-Network

#### In-Network services may require that your provider get prior authorization (approval in advance). Please have your provider contact the plan for more details.

#### 0% - 20% of the cost for each Medicare-covered occupational, physical, or speech/language therapy.
### Outpatient substance abuse services

Outpatient mental health care - Medicare covers mental health services on an outpatient basis by either a doctor, clinical psychologist, clinical social worker, clinical nurse specialist, or physician assistant in an office setting, clinic or hospital outpatient department.

Medicare covers substance abuse treatment in an outpatient treatment center if the center has agreed to participate in the Medicare program.

#### What you must pay when you get these services

Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

You pay 100% for third party requests or required (i.e., employment, foster, grandparent, or court-ordered) physicals, exams and related services.

**In- and Out-of-Network**

In-Network services may require that your provider get prior authorization (approval in advance). Please have your provider contact the plan for more details.

0% - 20% of the cost for Medicare-covered individual/group therapy substance abuse visits.

### Outpatient surgery, including services provided at hospital outpatient facilities and ambulatory surgical centers

**Note:** If you are having surgery in a hospital facility, you should check with your provider about whether you will be an inpatient or outpatient. Unless the provider writes an order to admit you as an inpatient to the hospital, you are an outpatient and pay the cost-sharing amounts for outpatient surgery. Even if you stay in the hospital overnight, you might still be considered an outpatient.

**Note:** Medicare Part B generally doesn’t pay for self-administered drugs (SADs) or over-the-counter (OTC) medications that you receive in an outpatient setting. Self-administered drugs may be covered under your Part D benefit; however there is no Part D coverage for over-the-counter medications.

#### What you must pay when you get these services

Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

**In- and Out-of-Network**

In-Network services may require that your provider get prior authorization (approval in advance). Please have your provider contact the plan for more details.

0% - 20% of the cost for each Medicare-covered ambulatory surgical center or outpatient hospital facility visit.
## Over-the-counter (OTC) items

Our plan offers a $60 quarterly allowance, to be used to purchase qualified over-the-counter (OTC) items from our mail order service. Each $60 quarterly benefit will be available January 1, April 1, July 1 and October 1. Unused funds will expire after March 31, June 30, September 30 and December 31. You may place up to two orders per quarter. We do not reimburse for OTC items purchased from retail stores or other mail order services.

OTC services are administered by Express Scripts, Inc. For more information on how to use your $60 quarterly allowance, visit networkhealth.com/medicare/extra-benefits-snp or log into the member portal at login.networkhealth.com.

## Partial hospitalization services

“Partial hospitalization” is a structured program of active psychiatric treatment provided as a hospital outpatient service or by a community mental health center that is more intense than the care received in your doctor’s or therapist’s office and is an alternative to inpatient hospitalization.

Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

**In- and Out-of-Network**

*In-Network services may require that your provider get prior authorization (approval in advance). Please have your provider contact the plan for more details.*

| 0% - 20% of the cost for Medicare-covered partial hospitalization. |

## Physician/Practitioner services, including doctor’s office visits

Covered services include:

- Medically-necessary medical care or surgery services furnished in a physician’s office, certified ambulatory surgical center, hospital outpatient department, or any other location
- Consultation, diagnosis and treatment by a specialist
- Basic hearing and balance exams performed by your PCP or specialist, if your doctor orders it to see if you need medical treatment

Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

**In- and Out-of-Network**

*0% - 20% of the cost for each Medicare-covered doctor or telehealth visits, or in-area urgent care visit.*

<p>| 0% - 20% of the cost for each Medicare-covered specialist office or telehealth visit. |</p>

<td></td>
</tr>
</tbody>
</table>

**Note:** If you receive Practitioner/Provider services through telehealth from your provider, you will pay the same amount as if you visited the provider in-person. Telehealth services (excluding behavioral health and dermatology) received from our partner, MDLIVE, have a $0 copayment.

## Podiatry services

Covered services include:

- Diagnosis and the medical or surgical treatment of injuries and diseases of the feet (such as hammer toe or heel spurs)
- Routine foot care for members with certain medical conditions affecting the lower limbs
- Routine foot care services are considered medically necessary once in 60 days. More frequent services are considered not medically necessary.

Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.

You pay 100% for nail trimming, unless performed as a qualified diabetic service.

**In- and Out-of-Network**

0% - 20% of the cost for each Medicare-covered podiatry visit.
### Prostate cancer screening exams

For men age 50 and older, covered services include the following - once every 12 months:

- Digital rectal exam
- Prostate Specific Antigen (PSA) test

<table>

### Prosthetic devices and related supplies

Devices (other than dental) that replace all or part of a body part or function. These include but are not limited to: colostomy bags and supplies directly related to colostomy care, pacemakers, braces, prosthetic shoes, artificial limbs and breast prostheses (including a surgical brassiere after a mastectomy). Includes certain supplies related to prosthetic devices and repair and/or replacement of prosthetic devices. Also includes some coverage following cataract removal or cataract surgery – see “Vision Care” later in this section for more detail.

<td>Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.</td>
</tr>
<tr>
<td>We cover sexually transmitted infection (STI) screenings for chlamydia, gonorrhea, syphilis and hepatitis B. These screenings are covered for pregnant women and for certain people who are at increased risk for an STI when the tests are ordered by a primary care provider. We cover these tests once every 12 months or at certain times during pregnancy. We also cover up to two individual 20 to 30 minute, face-to-face high-intensity behavioral counseling sessions each year for sexually active adults at increased risk for STIs. We will only cover these counseling sessions as a preventive service if they are provided by a primary care provider and take place in a primary care setting, such as a doctor’s office.</td>
<td>In-Network</td>
</tr>
</tbody>
</table>
## Services that are covered for you

### Services to treat kidney disease

Covered services include:

- Kidney disease education services to teach kidney care and help members make informed decisions about their care. For members with stage IV chronic kidney disease when referred by their doctor, we cover up to six sessions of kidney disease education services per lifetime.

- Outpatient dialysis treatments (including dialysis treatments when temporarily out of the service area, as explained in Chapter 3, or when your provider for this service is temporarily unavailable or inaccessible)

- Inpatient dialysis treatments (if you are admitted as an inpatient to a hospital for special care)

- Self-dialysis training (includes training for you and anyone helping you with your home dialysis treatments)

- Home dialysis equipment and supplies

- Certain home support services (such as, when necessary, visits by trained dialysis workers to check on your home dialysis, to help in emergencies and check your dialysis equipment and water supply)

Certain drugs for dialysis are covered under your Medicare Part B drug benefit. For information about coverage for Part B Drugs, please go to the section, “Medicare Part B prescription drugs.”

### Skilled nursing facility (SNF) care

(For a definition of “skilled nursing facility care,” see Chapter 12 of this document. Skilled nursing facilities are sometimes called “SNFs.”)

We will cover skilled care only if the following is true:

- **You have an inpatient stay of three consecutive days or more** (a qualifying stay, counting the day of inpatient admission to the hospital but not the day of discharge) before being admitted to the skilled nursing facility.

- **Observation status days do not count toward the three day inpatient hospital stay.**

- **The planned care at the skilled nursing facility meets Medicare’s definition of medical necessity.**

### What you must pay when you get these services

- **Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.**

  **In- and Out-of-Network**

  - 0% - 20% of the cost for Medicare-covered renal dialysis or kidney disease education.

  - 0% - 20% of the cost for each Medicare-covered durable medical service or item.

### In- and Out-of-Network

In 2022, the amounts for each admission after at least a 3-day covered hospital stay were $0 or up to:

- **Days 1-20:** $0 per day. +
- **Days 21-100:** $194.50 per day. +

+ These amounts may change for 2023.

You will not be charged additional cost sharing for professional services.
Skilled nursing facility (SNF) care (continued)

Covered services include but are not limited to:

- Semiprivate room (or a private room if medically necessary)
- Meals, including special diets
- Skilled nursing services
- Physical therapy, occupational therapy and speech therapy
- Drugs administered to you as part of your plan of care (This includes substances that are naturally present in the body, such as blood clotting factors.)
- Blood - including storage and administration. Coverage of whole blood and packed red cells begins only with the fourth pint of blood that you need – you must either pay the costs for the first three pints of blood you get in a calendar year or have the blood donated by you or someone else. All other components of blood are covered beginning with the first pint used
- Medical and surgical supplies ordinarily provided by skilled nursing facilities
- Laboratory tests ordinarily provided by skilled nursing facilities
- X-rays and other radiology services ordinarily provided by skilled nursing facilities
- Use of appliances such as wheelchairs ordinarily provided by skilled nursing facilities
- Physician/Practitioner services

Generally, you will get your skilled nursing facility care from in-network facilities. However, under certain conditions listed below, you may be able to get your care from a facility that isn’t an in-network provider, if the facility accepts our plan’s amounts for payment.

- A nursing home or continuing care retirement community where you were living right before you went to the hospital (as long as it provides skilled nursing facility care)
- A skilled nursing facility where your spouse is living at the time you leave the hospital

You are covered for up to 100 days per admission. (Facility transfers are not considered a “new” admission.)
### Services that are covered for you

<table>
<thead>
<tr>
<th>Smoking and tobacco use cessation (counseling to stop smoking or tobacco use)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>If you use tobacco, but do not have signs or symptoms of tobacco-related disease:</strong> We cover two counseling quit attempts within a 12-month period as a preventive service with no cost to you. Each counseling attempt includes up to four face-to-face visits.</td>
</tr>
<tr>
<td><strong>If you use tobacco and have been diagnosed with a tobacco-related disease or are taking medicine that may be affected by tobacco:</strong> We cover cessation counseling services. We cover two counseling quit attempts within a 12-month period; however, you will pay the applicable cost sharing. Each counseling attempt includes up to four face-to-face visits.</td>
</tr>
</tbody>
</table>

### What you must pay when you get these services

- **Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.**
  - **In-Network**
    - There is no coinsurance, copayment or deductible for the Medicare-covered smoking and tobacco use cessation preventive benefits.
  - **Out-of-Network**
    - 0% - 20% of the cost for the Medicare-covered smoking and tobacco use cessation preventive benefits.

### Supervised Exercise Therapy (SET)

- **SET is covered for members who have symptomatic peripheral artery disease (PAD) and a referral for PAD from the physician responsible for PAD treatment.**

- **Up to 36 sessions over a 12-week period are covered if the SET program requirements are met.**

- **The SET program must:**
  - Consist of sessions lasting 30-60 minutes, comprising a therapeutic exercise-training program for PAD in patients with claudication
  - Be conducted in a hospital outpatient setting or a physician’s office
  - Be delivered by qualified auxiliary personnel necessary to ensure benefits exceed harms and who are trained in exercise therapy for PAD
  - Be under the direct supervision of a physician, physician assistant, or nurse practitioner/clinical nurse specialist who must be trained in both basic and advanced life support techniques

- **SET may be covered beyond 36 sessions over 12 weeks for an additional 36 sessions over an extended period of time if deemed medically necessary by a health care provider.**

- **Cost sharing and deductibles for covered services apply toward the annual out-of-pocket maximum.**
  - **In- and Out-of-Network**
    - 0% - 20% of the cost for each Medicare-covered supervised exercise therapy session.

| **Transportation Benefit (non-emergency)**  
Your plan covers 24 one-way trips per year to and from approved locations within the plan’s service area. A trip is considered one-way, a round trip is considered two trips. Wheelchair accessible vehicles and door-to-door service are available upon request.  
Approved locations include:  
- Medical and dental appointments  
- Pharmacies  
- Fitness centers  
- Grocery stores  
- Senior centers and local ADRC offices  
- Health and wellness classes  
Your transportation benefit is administered by Aryv. Contact your Care Manager at 866-709-0019 to learn more about your non-emergency transportation benefit. | **In-Network**  
0% of the cost of eligible trips.  
**Out-of-Network**  
Transportation must be provided by the plan’s approved partner. We do not reimburse for non-emergency transportation provided by other services. |

<tr>
<td><strong>Urgently needed services</strong></td>
<td>Cost sharing and deductibles for covered services within the United States and its territories applies toward that annual out-of-pocket maximum.</td>
</tr>
<tr>
<td>Urgently needed services are provided to treat a non-emergency, unforeseen medical illness, injury, or condition that requires immediate medical care but, given your circumstances, it is not possible, or it is unreasonable, to obtain services from in-network providers. Examples of urgently needed services that the plan must cover out-of-network are: i) you need immediate care during the weekend, or ii) you are temporarily outside the service area of the plan. Services must be immediately needed and medically necessary. If it is unreasonable given your circumstances to immediately obtain the medical care from an in-network provider then your plan will cover the urgently needed services from a provider out-of-network.</td>
<td></td>
</tr>
<tr>
<td>Cost sharing for necessary urgently needed services furnished out-of-network is the same as for such services furnished in-network.</td>
<td></td>
</tr>
<tr>
<td>When Urgent Care is received <strong>outside the United States and its territories (worldwide coverage)</strong> you will be responsible for $110 per incident. NetworkCares will pay the remaining cost per incident up to the maximum $100,000 every year. Some facilities may bill Network Health directly, and this is the preferred method, using U.S. dollars. Other facilities may require you to pay the full cost of your care, and you will need to ask us to reimburse you for your costs. In this situation, you will be required to provide documents that may include a copy of the bill, proof of payment and English-language medical records (charges should be converted to U.S. dollars) for reimbursement up to the maximum of $100,000. Prescription drugs are not covered. *</td>
<td></td>
</tr>
<tr>
<td><strong>Note:</strong> Wisconsin Medicaid may not have coverage outside the state of Wisconsin.</td>
<td></td>
</tr>
</tbody>
</table>

* Cost sharing for covered services outside the United States and its territories (worldwide coverage) does not apply toward the annual out-of-pocket maximums.
## Vision care

Covered services include:

- Outpatient physician services for the diagnosis and treatment of diseases and injuries of the eye, including treatment for age-related macular degeneration. Original Medicare doesn’t cover routine eye exams (eye refractions) for eyeglasses/contacts.
- For people who are at high risk of glaucoma, we will cover one glaucoma screening each year. People at high risk of glaucoma include: people with a family history of glaucoma, people with diabetes, African-Americans who are age 50 and older and Hispanic Americans who are 65 or older.
- For people with diabetes, screening for diabetic retinopathy is covered once per year.
- One pair of eyeglasses or contact lenses after each cataract surgery that includes insertion of an intraocular lens (If you have two separate cataract operations, you cannot reserve the benefit after the first surgery and purchase two eyeglasses after the second surgery.) Corrective lenses/frames (and replacements) needed after a cataract removal without a lens implant. Tinting, scratch protection, or other enhancements to the eyewear are not covered.

**Note:** Cataract surgery may have outpatient hospital or ambulatory surgical center copayment. Please see outpatient hospital services.

**Note:** Only the conventional intraocular lens is covered with either the blade or laser removal of a cataract. Insertion of lenses to correct vision is not covered.

**Note:** Diagnostic testing copayments may apply. Please see outpatient diagnostic testing for more information.

**Note:** Eye refractions performed in conjunction with Medicare-covered eye exams are not covered.
## Vision care – extra benefits

We also cover routine vision services not covered by Original Medicare. We cover:

- One non-Medicare covered routine vision exam per calendar year including refraction. Refraction is only covered when performed during a routine vision exam.*
- Any other vision services, such as physician services for the diagnosis and treatment of diseases and/or injuries of the eye, are not included in the routine vision exam.
- An allowance of $400 toward non-Medicare covered eyeglasses (lenses and frames) and/or contact lenses each calendar year, with a valid prescription.*

**Note:** Our provider network for routine vision services is different than our provider network for medical vision services. Non-Medicare covered vision services are administered by EyeMed and must be performed by a provider in EyeMed’s network. For more information and a link to the provider search, visit [networkhealth.com/medicare/extra-benefits-snp](networkhealth.com/medicare/extra-benefits-snp).

### In-Network

- **$0** copayment for a non-Medicare covered routine vision exam.
- Allowance of **$400** toward non-Medicare covered eyewear (such as eyeglass frames and lenses and/or contact lenses) annually.

### Out-of-Network

- Reimbursement up to a maximum of **$40** for a non-Medicare covered routine vision exam.
- Allowance of **$400** toward non-Medicare covered eyewear (such as eyeglass frames and lenses and/or contact lenses) annually.

*Cost sharing and deductibles for non-Medicare covered routine vision exams and eyewear does not apply toward the annual out-of-pocket maximum.*

### “Welcome to Medicare” preventive visit

The plan covers the one-time “Welcome to Medicare” preventive visit. The visit includes a review of your health as well as education and counseling about the preventive services you need (including certain screenings and shots) and referrals for other care, if needed.

**Important:** We cover the “Welcome to Medicare” preventive visit only within the first 12 months you have Medicare Part B. When you make your appointment, let your doctor’s office know you would like to schedule your “Welcome to Medicare” preventive visit.

### In-Network

- There is no coinsurance, copayment or deductible for the “Welcome to Medicare” preventive visit.

### Out-of-Network

- 0% - 20% of the cost for beneficiaries eligible for this preventive benefit.
Section 2.2 Getting care using our plan’s optional visitor/traveler benefit

If you do not permanently move, but you are continuously away from our plan’s service area for more than six months, we usually must disenroll you from our plan. However, we offer a visitor/traveler program which includes all U.S. territories and remaining 49 states outside Wisconsin, which will allow you to remain enrolled in our plan when you are outside of our service area for less than 12 months. Under our visitor/traveler program you may receive all plan covered services at in-network cost sharing. Please contact the plan for assistance in locating a provider when using the visitor/traveler benefit.

When Emergency care is received outside the United States and its territories (worldwide coverage) you will be responsible for $110 per incident. NetworkCares will pay the remaining cost per incident up to the maximum $100,000 every year. Some facilities may bill Network Health directly, and this is the preferred method, using U.S. dollars. Other facilities may require you to pay the full cost of your care, and you will need to ask us to reimburse you for your costs. In this situation, you will be required to provide documents that may include; a copy of the bill, proof of payment and English-language medical records (charges should be converted to U.S. dollars) for reimbursement up to the maximum of $100,000. Prescription drugs are not covered.

**Note:** Original Medicare does not have coverage outside of the United States and its territories (worldwide coverage).

**Note:** Wisconsin Medicaid may not have coverage outside of the state of Wisconsin.

If you are in the visitor/traveler area, you can stay enrolled in our plan until December 31, 2023. If you have not returned to the plan’s service area by December 31, 2023, you will be disenrolled from the plan.

SECTION 3 What services are covered outside of NetworkCares?

Section 3.1 Services not covered by NetworkCares

The following services are not covered by NetworkCares but are available through Medicaid:

- Family planning services and supplies
- Some home and community-based services
- Intermediate care facility services, other than services at an institution for mental disease
- Mental health and psychosocial rehabilitative services, including case management services, provided by staff of a certified community support program
- Personal care services
SECTION 4  What services are not covered by the plan?

Section 4.1  Services not covered by the plan (exclusions)

This section tells you what services are “excluded”.

The chart below describes some services and items that aren’t covered by the plan under any conditions or are covered by the plan only under specific conditions.

If you get services that are excluded (not covered), you must pay for them yourself except under the specific conditions listed below. Even if you receive the excluded services at an emergency facility, the excluded services are still not covered, and our plan will not pay for them. The only exception is if the service is appealed and decided: upon appeal to be a medical service that we should have paid for or covered because of your specific situation. (For information about appealing a decision we have made to not cover a medical service, go to Chapter 9, Section 6.3 in this document.)

                                    |                                 | Acupuncture may be covered for members who are undergoing chemotherapy and experiencing severe nausea.  
                                    |                                 | Please refer to the Medical Benefits Chart for additional information. |
| Cosmetic surgery or procedures   |                                 | Covered in cases of an accidental injury or for improvement of the functioning of a malformed body member.  
                                    |                                 | Covered for all stages of reconstruction for a breast after a mastectomy, as well as for the unaffected breast to produce a symmetrical appearance. |
| Custodial care                    | ✓                               |                                        |

Custodial care is personal care that does not require the continuing attention of trained medical or paramedical personnel, such as care that helps you with activities of daily living, such as bathing or dressing.

CHAPTER 5:

Using the plan’s coverage for Part D prescription drugs
How can you get information about your drug costs?

Because you are eligible for Medicaid, you qualify for and are getting “Extra Help” from Medicare to pay for your prescription drug plan costs. Because you are in the “Extra Help” program, some information in this Evidence of Coverage about the costs for Part D prescription drugs may not apply to you. We send you a separate insert, called the “Evidence of Coverage for People Who Get Extra Help Paying for Prescription Drugs” (also known as the “Low Income Subsidy Rider” or the “LIS Rider”), which tells you about your drug coverage. If you don’t have this insert, please call our member experience team and ask for the “LIS Rider.” (Phone numbers for our member experience team are printed on the back cover of this document.)

SECTION 1 Introduction

This chapter explains rules for using your coverage for Part D drugs. Please see Chapter 4 for Medicare Part B drug benefits and hospice drug benefits.

In addition to the drugs covered by Medicare, some prescription drugs are covered for you under your Medicaid benefits. Call Wisconsin Medicaid for information about Medicaid drug coverage. (Please see Chapter 2, Section 6 for contact information.)

Section 1.1 Basic rules for the plan’s Part D drug coverage

The plan will generally cover your drugs as long as you follow these basic rules:

- You must have a provider (a doctor, dentist, or other prescriber) write you a prescription which must be valid under applicable state law.
- Your prescriber must not be on Medicare’s Exclusion or Preclusion Lists.
- You generally must use an in-network pharmacy to fill your prescription. (See Section 2, Fill your prescriptions at an in-network pharmacy or through the plan’s mail order service).
- Your drug must be on the plan’s List of Covered Drugs (Formulary) (we call it the “Drug List” for short). (See Section 3, Your drugs need to be on the plan’s “Drug List”).
- Your drug must be used for a medically accepted indication. A “medically accepted indication” is a use of the drug that is either approved by the Food and Drug Administration or supported by certain reference books. (See Section 3 for more information about a medically accepted indication.)
SECTION 2 Fill your prescription at an in-network pharmacy or through the plan’s mail order service

**Section 2.1 Use an in-network pharmacy**

In most cases, your prescriptions are covered *only* if they are filled at the plan’s in-network pharmacies. (See Section 2.5 for information about when we would cover prescriptions filled at out-of-network pharmacies.)

An in-network pharmacy is a pharmacy that has a contract with the plan to provide your covered prescription drugs. The term “covered drugs” means all of the Part D prescription drugs that are on the plan’s Drug List.

**Section 2.2 In-network pharmacies**

*How do you find an in-network pharmacy in your area?*

To find an in-network pharmacy, you can look in your *Pharmacy Directory*, visit our website (networkhealth.com/find-a-pharmacy), and/or call our member experience team.

You may go to any of our in-network pharmacies. Some of our in-network pharmacies provide preferred cost sharing, which may be lower than the cost sharing at a pharmacy that offers standard cost sharing. The *Pharmacy Directory* will tell you which of the in-network pharmacies offer preferred cost sharing. Contact us to find out more about how your out-of-pocket costs could vary for different drugs.

*What if the pharmacy you have been using leaves the network?*

If the pharmacy you have been using leaves the plan’s network, you will have to find a new pharmacy that is in the network. Or if the pharmacy you have been using stays within the network but is no longer offering preferred cost sharing, you may want to switch to a different network or preferred pharmacy, if available. To find another pharmacy in your area, you can get help from our member experience team or use the *Pharmacy Directory*. You can also find information on our website at networkhealth.com/find-a-pharmacy.

*What if you need a specialized pharmacy?*

Some prescriptions must be filled at a specialized pharmacy. Specialized pharmacies include:

- Pharmacies that supply drugs for home infusion therapy.
- Pharmacies that supply drugs for residents of a long-term care (LTC) facility. Usually, a LTC facility (such as a nursing home) has its own pharmacy. If you are in an LTC facility, we must ensure that you are able to routinely receive your Part D benefits through our network of LTC pharmacies, which is typically the pharmacy that the LTC facility uses. If you have any difficulty accessing your Part D benefits in an LTC facility, please contact our member experience team.
**Chapter 5 Using the plan’s coverage for Part D prescription drugs**

- Pharmacies that serve the Indian Health Service / Tribal / Urban Indian Health Program (not available in Puerto Rico). Except in emergencies, only Native Americans or Alaska Natives have access to these pharmacies in our network.

- Pharmacies that dispense drugs that are restricted by the FDA to certain locations or that require special handling, provider coordination, or education on their use. (**Note:** This scenario should happen rarely.)

To locate a specialized pharmacy, look in your *Pharmacy Directory* or call our member experience team.

### Section 2.3 Using the plan’s mail order service

Our plan’s mail order service allows you to order **up to a 90-day supply**.

To get order forms and information about filling your prescriptions by mail contact home delivery by calling the Express Scripts Pharmacy Customer Service at 800-316-3107 (TTY 800-899-2114). If you use a mail order pharmacy not in the plan’s network, your prescriptions may not be covered.

Usually, a mail order pharmacy order will be delivered to you in no more than 14 days from when Express Scripts pharmacy receives your prescription. However, sometimes your mail order may be delayed. If your order cannot be delivered within 14 days, an Express Scripts representative may contact you. If you need your prescriptions immediately, stop by a retail in-network pharmacy near you and ask your pharmacist about getting a small supply of your prescription to last until your mail order prescription arrives.

Tier 1 drugs on your Drug List, when filled for greater than a 30-day supply, will be a $0 member cost share at preferred mail order pharmacies during the deductible and initial coverage phase. Tier 2 drugs on your Drug List, when filled for greater than a 30-day supply, will be a $0 member cost share at preferred mail order pharmacies during the initial coverage phase.

**New prescriptions the pharmacy receives directly from your doctor’s office.**

The pharmacy will automatically fill and deliver new prescriptions it receives from health care providers, without checking with you first, if either:

- You used mail order services with this plan in the past, or
- You sign up for automatic delivery of all new prescriptions received directly from health care providers. You may request automatic delivery of all new prescriptions at any time by sending a prescription in via the mail, or having your physician submit a prescription on your behalf. If you have used mail order services with this plan in the past, you will automatically be signed up for automatic delivery of all new prescriptions received directly from health care provider. If you do not have mail order history, the pharmacy will contact you when it receives the first prescription from your health care provider to see if you want the medication filled and shipped immediately. This will give you an opportunity to ensure the pharmacy is delivering the correct drug (including strength, amount and form) and, if necessary, allow you to cancel or delay the order before you are billed and it is shipped. It is important to respond to the pharmacy when you are contacted, to let them know what to do with the new prescription and to prevent any delays in shipping. After the first new prescription has been filled, your future prescriptions will automatically be processed and sent to you.
If you receive a prescription automatically by mail that you do not want, and you were not contacted to see if you wanted it before it shipped, you may be eligible for a refund.

If you used mail order in the past and do not want the pharmacy to automatically fill and ship each new prescription, please contact us by calling Express Scripts Customer Service at 800-316-3107.

If you have never used our mail order delivery and/or decide to stop automatic fills of new prescriptions, the pharmacy will contact you each time it gets a new prescription from a health care provider to see if you want the medication filled and shipped immediately. It is important that you respond each time you are contacted by the pharmacy, to let them know whether to ship, delay, or cancel the new prescription.

**Refills on mail order prescriptions.** For refills of your drugs, you have the option to sign up for an automatic refill program. Under this program we will start to process your next refill automatically when our records show you should be close to running out of your drug. The pharmacy will contact you prior to shipping each refill to make sure you need more medication, and you can cancel scheduled refills if you have enough of your medication or if your medication has changed.

If you choose not to use our auto-refill program but still want the mail order pharmacy to send you your prescription, please contact your pharmacy 21 days before your current prescription will run out. This will ensure your order is shipped to you in time.

To opt out of our program that automatically prepares mail order refills, please contact Express Scripts Customer Service at 800-316-3107.

If you receive a refill automatically by mail that you do not want, you may be eligible for a refund.

### Section 2.4 How can you get a long-term supply of drugs?

When you get a long-term supply of drugs, your cost sharing may be lower. The plan offers two ways to get a long-term supply (also called an “extended supply”) of “maintenance” drugs on our plan’s Drug List. (Maintenance drugs are drugs that you take on a regular basis, for a chronic or long-term medical condition.)

1. Some retail pharmacies in our network allow you to get a long-term supply of maintenance drugs. Your *Pharmacy Directory* tells you which pharmacies in our network can give you a long-term supply of maintenance drugs. You can also call our member experience team for more information.

2. You may also receive maintenance drugs through our mail order program. Please see Section 2.3 for more information.

### Section 2.5 When can you use a pharmacy that is not in the plan’s network?

**Your prescription may be covered in certain situations**

Generally, we cover drugs filled at an out-of-network pharmacy *only* when you are not able to use an in-network pharmacy. To help you, we have in-network pharmacies outside of our service area where you can
get your prescriptions filled as a member of our plan. Please check first with our member experience team to see if there is an in-network pharmacy nearby. You will most likely be required to pay the difference between what you pay for the drug at the out-of-network pharmacy and the cost that we would cover at an in-network pharmacy.

Here are the circumstances when we would cover prescriptions filled at an out-of-network pharmacy:

- You are unable to obtain a covered drug in a timely manner within our service area because there are no in-network pharmacies within a reasonable driving distance that provide 24-hour service.
- You travel outside our service area and cannot access an in-network pharmacy.
- You are trying to fill a prescription that is not regularly stocked at an accessible in-network retail or mail order pharmacy (including high-cost and/or unique drugs).
- You are getting a vaccine that is medically necessary but not covered by Medicare Part B and some covered drugs that are administered in your doctor’s office.
- You were evacuated or displaced from your residence due to a state or federally declared disaster or health emergency.
- You were a patient in an emergency department, provider-based clinic, outpatient surgery, or other outpatient facility and your medication was dispensed from an out-of-network pharmacy located in one of these institutions.

Out-of-network claims will be covered up to a maximum 30-day supply per claim. More than one out-of-network fill (per drug) may be allowed during the plan year as long as the reason for using an out-of-network pharmacy is based on one of the circumstances listed above and the out-of-network filling is not routine.

How do you ask for reimbursement from the plan?

If you must use an out-of-network pharmacy, you will generally have to pay the full cost (rather than your normal cost share) at the time you fill your prescription. You can ask us to reimburse you for our share of the cost. (Chapter 7, Section 2 explains how to ask the plan to pay you back.)

SECTION 3  Your drugs need to be on the plan’s “Drug List”

Section 3.1  The “Drug List” tells which Part D drugs are covered

The plan has a “List of Covered Drugs (Formulary).” In this Evidence of Coverage, we call it the “Drug List” for short.

The drugs on this list are selected by the plan with the help of a team of doctors and pharmacists. The list meets Medicare’s requirements and has been approved by Medicare.

The Drug List includes the drugs covered under Medicare Part D. In addition to the drugs covered by Medicare, some prescription drugs are covered for you under your Medicaid benefits.
We will generally cover a drug on the plan’s Drug List as long as you follow the other coverage rules explained in this chapter and the use of the drug is a medically accepted indication. A “medically accepted indication” is a use of the drug that is either:

- Approved by the Food and Drug Administration for the diagnosis or condition for which it is being prescribed.
- or -- Supported by certain references, such as the American Hospital Formulary Service Drug Information and the DRUGDEX Information System.

The Drug List includes brand name drugs, generic drugs and biosimilars.

A brand name drug is a prescription drug that is sold under a trademarked name owned by the drug manufacturer. Brand name drugs that are more complex than typical drugs (for example, drugs that are based on a protein) are called biological products. On the drug list, when we refer to “drugs,” this could mean a drug or a biological product.

A generic drug is a prescription drug that has the same active ingredients as the brand name drug. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, generics and biosimilars work just as well as the brand name drug or biological product and usually cost less. There are generic drug substitutes or biosimilar alternatives available for many brand name drugs and some biological products.

**What is not on the Drug List?**

The plan does not cover all prescription drugs.

- In some cases, the law does not allow any Medicare plan to cover certain types of drugs (for more information about this, see Section 7.1 in this chapter).
- In other cases, we have decided not to include a particular drug on the Drug List. In some cases, you may be able to obtain a drug that is not on the drug list. For more information, please see Chapter 9.
- Some drugs that are not covered under your Medicare plan may be paid for by Wisconsin Medicaid, these drugs are not included on the Drug List. For more information, contact Wisconsin Medicaid to determine if Wisconsin Medicaid will cover the drug. (Please see Chapter 2, Section 6 for contact information.)

<table>
<thead>
<tr>
<th>Section 3.2</th>
<th>There are five “cost-sharing tiers” for drugs on the Drug List</th>
</tr>
</thead>
</table>

Every drug on the plan’s Drug List is in one of five cost-sharing tiers. In general, the higher the cost-sharing tier, the higher your cost for the drug:

- Cost-sharing Tier 1 includes preferred generic drugs. This is the lowest cost-sharing tier.
- Cost-sharing Tier 2 includes generic drugs and non-preferred generic drugs.
- Cost-sharing Tier 3 includes non-preferred generic drugs and preferred brand drugs.
- Cost-sharing Tier 4 includes non-preferred generic drugs and non-preferred brand drugs.
Cost-sharing Tier 5 includes specialty drugs, both brand and generic. This is the highest cost-sharing tier.

To find out which cost-sharing tier your drug is in, look it up in the plan’s Drug List.

The amount you pay for drugs in each cost-sharing tier is shown in Chapter 6 (What you pay for your Part D prescription drugs).

Section 3.3 How can you find out if a specific drug is on the Drug List?

You have three ways to find out:

1. Check the most recent Drug List we provided electronically.
2. Visit the plan’s website (networkhealth.com/look-up-medications). The Drug List on the website is always the most current.
3. Call our member experience team to find out if a particular drug is on the plan’s Drug List or to ask for a copy of the list.

SECTION 4 There are restrictions on coverage for some drugs

Section 4.1 Why do some drugs have restrictions?

For certain prescription drugs, special rules restrict how and when the plan covers them. A team of doctors and pharmacists developed these rules to encourage you and your provider to use drugs in the most effective way. To find out if any of these restrictions apply to a drug you take or want to take, check the Drug List. If a safe, lower-cost drug will work just as well medically as a higher-cost drug, the plan’s rules are designed to encourage you and your provider to use that lower-cost option.

Please note that sometimes a drug may appear more than once in our drug list. This is because the same drugs can differ based on the strength, amount, or form of the drug prescribed by your health care provider, and different restrictions or cost sharing may apply to the different versions of the drug (for instance, 10 mg versus 100 mg; one per day versus two per day; tablet versus liquid).

Section 4.2 What kinds of restrictions?

The sections below tell you more about the types of restrictions we use for certain drugs.

If there is a restriction for your drug, it usually means that you or your provider will have to take extra steps in order for us to cover the drug. Contact our member experience team to learn what you or your provider would need to do to get coverage for the drug. If you want us to waive the restriction for you, you will need to use the coverage decision process and ask us to make an exception. We may or may not agree to waive the restriction for you. (See Chapter 9)
Restricting brand name drugs when a generic version is available

Generally, a “generic” drug works the same as a brand name drug and usually costs less. In most cases, when a generic version of a brand name drug is available, our network pharmacies will provide you the generic version instead of the brand name drug. However, if your provider has told us the medical reason that the generic drug will not work for you, then we will cover the brand name drug. (Your share of the cost may be greater for the brand name drug than for the generic drug.)

Getting plan approval in advance

For certain drugs, you or your provider need to get approval from the plan before we will agree to cover the drug for you. This is called “prior authorization.” This is put in place to ensure medication safety and help guide appropriate use of certain drugs. If you do not get this approval, your drug might not be covered by the plan.

Trying a different drug first

This requirement encourages you to try less costly but usually just as effective drugs before the plan covers another drug. For example, if Drug A and Drug B treat the same medical condition and Drug A is less costly, the plan may require you to try Drug A first. If Drug A does not work for you, the plan will then cover Drug B. This requirement to try a different drug first is called “step therapy.”

Quantity limits

For certain drugs, we limit how much of a drug you can get each time you fill your prescription. For example, if it is normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day.

SECTION 5 What if one of your drugs is not covered in the way you’d like it to be covered?

Section 5.1 There are things you can do if your drug is not covered in the way you’d like it to be covered

There are situations where there is a prescription drug you are taking, or one that you and your provider think you should be taking, that is not on our formulary or is on our formulary with restrictions. For example:

- The drug might not be covered at all. Or maybe a generic version of the drug is covered but the brand name version you want to take is not covered.
- The drug is covered, but there are extra rules or restrictions on coverage for that drug, as explained in Section 4.
- The drug is covered, but it is in a cost-sharing tier that makes your cost sharing more expensive than you think it should be.
- There are things you can do if your drug is not covered in the way that you’d like it to be covered.
If your drug is not on the Drug List or if your drug is restricted, go to Section 5.2 to learn what you can do.

If your drug is in a cost-sharing tier that makes your cost more expensive than you think it should be, go to Section 5.3 to learn what you can do.

### Section 5.2 What can you do if your drug is not on the Drug List or if the drug is restricted in some way?

If your drug is not on the Drug List or is restricted, here are options:

- You may be able to get a temporary supply of the drug.
- You can change to another drug.
- You can request an exception and ask the plan to cover the drug or remove restrictions from the drug.

#### You may be able to get a temporary supply

Under certain circumstances, the plan must provide a temporary supply of a drug that you are already taking. This temporary supply gives you time to talk with your provider about the change in coverage and decide what to do.

To be eligible for a temporary supply, the drug you have been taking must no longer be on the plan’s Drug List OR is now restricted in some way.

- **If you are a new member**, we will cover a temporary supply of your drug during the first 90 days of your membership in the plan.
- **If you were in the plan last year**, we will cover a temporary supply of your drug during the first 90 days of the calendar year.
- **This temporary supply will be for a maximum of a 30-day supply**. If you are a resident of a long-term care (LTC) facility this temporary supply will be for a maximum of a 31-day supply. If your prescription is written for fewer days, we will allow multiple fills to provide up to a maximum of a 30-day supply (31-day supply for LTC residents) of medication. The prescription must be filled at an in-network pharmacy. (Please note that the long-term care pharmacy may provide the drug in smaller amounts at a time to prevent waste.)
- **For those members who have been in the plan for more than 90 days and reside in a long-term care facility and need a supply right away:**

  We will cover one 31-day emergency supply of a particular drug, or less if your prescription is written for fewer days. This is in addition to the above temporary supply.

- If you experience a level of care change (for example, are admitted to or discharged from a hospital or long-term care facility), we will not limit your access to appropriate and necessary Part D medication refills. If you need additional medication supplies your pharmacy can obtain an override for this situation to allow for early refills.
For questions about a temporary supply, call our member experience team.

During the time when you are using a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. You have two options:

1) You can change to another drug

Talk with your provider about whether there is a different drug covered by the plan that may work just as well for you. You can call our member experience team to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you.

2) You can ask for an exception

You and your provider can ask the plan to make an exception and cover the drug in the way you would like it covered. If your provider says that you have medical reasons that justify asking us for an exception, your provider can help you request an exception. For example, you can ask the plan to cover a drug even though it is not on the plan’s Drug List. Or you can ask the plan to make an exception and cover the drug without restrictions.

If you and your provider want to ask for an exception, Chapter 9, Section 7.4 tells you what to do. It explains the procedures and deadlines that have been set by Medicare to make sure your request is handled promptly and fairly.

Section 5.3 What can you do if your drug is in a cost-sharing tier you think is too high?

If your drug is in a cost-sharing tier you think is too high, here are things you can do:

You can change to another drug

If your drug is in a cost-sharing tier you think is too high, talk to your provider. There may be a different drug in a lower cost-sharing tier that might work just as well for you. Call our member experience team to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you.

You can ask for an exception

You and your provider can ask the plan to make an exception in the cost-sharing tier for the drug so that you pay less for it. If your provider says that you have medical reasons that justify asking us for an exception, your provider can help you request an exception to the rule.

If you and your provider want to ask for an exception, Chapter 9, Section 7.4 tells what to do. It explains the procedures and deadlines that have been set by Medicare to make sure your request is handled promptly and fairly.

Drugs in our Tier 5 specialty drugs are not eligible for this type of exception. We do not lower the cost-sharing amount for drugs in this tier.
SECTION 6 What if your coverage changes for one of your drugs?

Section 6.1 The Drug List can change during the year

Most of the changes in drug coverage happen at the beginning of each year (January 1). However, during the year, the plan can make some changes to the Drug List. For example, the plan might:

- Add or remove drugs from the Drug List.
- Move a drug to a higher or lower cost-sharing tier.
- Add or remove a restriction on coverage for a drug.
- Replace a brand name drug with a generic drug.

We must follow Medicare requirements before we change the plan’s Drug List.

Section 6.2 What happens if coverage changes for a drug you are taking?

Information on changes to drug coverage

When changes to the Drug List occur, we post information on our website about those changes. We also update our online Drug List on a regularly scheduled basis. Below we point out the times that you would get direct notice if changes are made to a drug that you are taking.

Changes to your drug coverage that affect you during the current plan year

- A new generic drug replaces a brand name drug on the Drug List (or we change the cost-sharing tier or add new restrictions to the brand name drug or both)
  - We may immediately remove a brand name drug on our Drug List if we are replacing it with a newly-approved generic version of the same drug. The generic drug will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. We may decide to keep the brand name drug on our Drug List, but immediately move it to a higher cost-sharing tier or add new restrictions or both when the new generic is added.
  - We may not tell you in advance before we make that change—even if you are currently taking the brand name drug. If you are taking the brand name drug at the time we make the change, we will provide you with information about the specific change(s). This will also include information on the steps you may take to request an exception to cover the brand name drug. You may not get this notice before we make the change.
  - You or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. For information on how to ask for an exception, see Chapter 9.
- Unsafe drugs and other drugs on the Drug List that are withdrawn from the market
  - Sometimes a drug may be deemed unsafe or taken off the market for another reason. If this happens, we may immediately remove the drug from the Drug List. If you are taking that drug, we will tell you right away.
112 2023 Evidence of Coverage for NetworkCares

Chapter 5 Using the plan’s coverage for Part D prescription drugs

- Your prescriber will also know about this change and can work with you to find another drug for your condition.

**Other changes to drugs on the Drug List**

- We may make other changes once the year has started that affect drugs you are taking. For example, we might add a generic drug that is not new to the market to replace a brand name drug on the Drug List or change the cost-sharing tier or add new restrictions to the brand name drug or both. We also might make changes based on FDA boxed warnings or new clinical guidelines recognized by Medicare.

- For these changes, we must give you at least 30 days’ advance notice of the change or give you notice of the change and a 30-day refill of the drug you are taking at an in-network pharmacy.

- After you receive notice of the change, you should work with your prescriber to switch to a different drug that we cover or to satisfy any new restrictions on the drug you are taking.

- You or your prescriber can ask us to make an exception and continue to cover the drug for you. For information on how to ask for an exception, see Chapter 9.

**Changes to the Drug List that do not affect you during this plan year**

We may make certain changes to the Drug List that are not described above. In these cases, the change will not apply to you if you are taking the drug when the change is made; however, these changes will likely affect you starting January 1 of the next plan year if you stay in the same plan.

In general, changes that will not affect you during the current plan year are:

- We move your drug into a higher cost-sharing tier.
- We put a new restriction on the use of your drug.
- We remove your drug from the Drug List.

If any of these changes happen for a drug you are taking (except for market withdrawal, a generic drug replacing a brand name drug, or other change noted in the sections above), then the change won’t affect your use or what you pay as your share of the cost until January 1 of the next year. Until that date, you probably won’t see any increase in your payments or any added restrictions to your use of the drug.

We will not tell you about these types of changes directly during the current plan year. You will need to check the Drug List for the next plan year (when the list is available during the open enrollment period) to see if there are any changes to the drugs you are taking that will impact you during the next plan year.

### SECTION 7 What types of drugs are not covered by the plan?

<table>
<thead>
<tr>
<th>Section 7.1</th>
<th>Types of drugs we do not cover</th>
</tr>
</thead>
</table>

This section tells you what kinds of prescription drugs are “excluded.” This means Medicare does not pay for these drugs.
If you appeal and the requested drug is found not to be excluded under Part D, we will pay for or cover it. (For information about appealing a decision, go to Chapter 9.)

Here are three general rules about drugs that Medicare drug plans will not cover under Part D:

- Our plan’s Part D drug coverage cannot cover a drug that would be covered under Medicare Part A or Part B.
- Our plan cannot cover a drug purchased outside the United States or its territories.
- Our plan usually cannot cover off-label use. “Off-label use” is any use of the drug other than those indicated on a drug’s label as approved by the Food and Drug Administration.
  - Coverage for “off-label use” is allowed only when the use is supported by certain references, such as the American Hospital Formulary Service Drug Information and the DRUGDEX Information System.

In addition, by law, the following categories of drugs listed below are not covered by Medicare. However, some of these drugs may be covered for you under your Medicaid drug coverage, as indicated below. If a drug is excluded, you must pay for it yourself or contact Wisconsin Medicaid for coverage details (please see Chapter 2, section 6 for contact information).

- Non-prescription drugs (also called over-the-counter drugs)
- Drugs used to promote fertility
- Drugs used for the relief of cough or cold symptoms
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Drugs used for the treatment of sexual or erectile dysfunction
- Drugs used for treatment of anorexia, weight loss, or weight gain
- Outpatient drugs for which the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale

SECTION 8 Filling a prescription

Section 8.1 Provide your membership information

To fill your prescription, provide your plan membership information, which can be found on your member ID card, at the in-network pharmacy you choose. The in-network pharmacy will automatically bill the plan for our share of the costs of your drug. You will need to pay the pharmacy your share of the cost when you pick up your prescription.
### Section 8.2  What if you don’t have your membership information with you?

If you don’t have your plan membership information with you when you fill your prescription, you or the pharmacy can call the plan to get the necessary information.

If the pharmacy is not able to get the necessary information, **you may have to pay the full cost of the prescription when you pick it up.** (You can then **ask us to reimburse you** for our share. See Chapter 7, Section 2 for information about how to ask the plan for reimbursement.)

### SECTION 9  Part D drug coverage in special situations

#### Section 9.1  What if you’re in a hospital or a skilled nursing facility for a stay that is covered by the plan?

If you are admitted to a hospital or to a skilled nursing facility for a stay covered by the plan, we will generally cover the cost of your prescription drugs during your stay. Once you leave the hospital or skilled nursing facility, the plan will cover your prescription drugs as long as the drugs meet all of our rules for coverage described in this Chapter.

#### Section 9.2  What if you’re a resident in a long-term care (LTC) facility?

Usually, a long-term care (LTC) facility (such as a nursing home) has its own pharmacy or uses a pharmacy that supplies drugs for all of its residents. If you are a resident of a LTC facility, you may get your prescription drugs through the facility’s pharmacy or the one it uses, as long as it is part of our network.

Check your **Pharmacy Directory** to find out if your LTC facility’s pharmacy or the one that it uses is part of our network. If it isn’t, or if you need more information or assistance, please contact our member experience team. If you are in an LTC facility, we must ensure that you are able to routinely receive your Part D benefits through our network of LTC pharmacies.

**What if you’re a resident in a long-term care (LTC) facility and need a drug that is not on our Drug List or is restricted in some way?**

Please refer to Section 5.2 about a temporary or emergency supply.

#### Section 9.3  What if you’re also getting drug coverage from an employer or retiree group plan?

If you currently have other prescription drug coverage through your (or your spouse’s) employer or retiree group please contact that group’s **benefits administrator**. He or she can help you determine how your current prescription drug coverage will work with our plan.

In general, if you have employee or retiree group coverage, the drug coverage you get from us will be **secondary** to your group coverage. That means your group coverage would pay first.
Special note about ‘creditable coverage’:

Each year your employer or retiree group should send you a notice that tells if your prescription drug coverage for the next calendar year is “creditable.”

If the coverage from the group plan is “creditable,” it means that the plan has drug coverage that is expected to pay, on average, at least as much as Medicare’s standard prescription drug coverage.

Keep this notice about creditable coverage, because you may need it later. If you enroll in a Medicare plan that includes Part D drug coverage, you may need this notice to show that you have maintained creditable coverage. If you didn’t get the creditable coverage notice, request a copy from your employer or retiree plan’s benefits administrator or the employer or union.

Section 9.4 What if you’re in Medicare-certified hospice?

Hospice and our plan do not cover the same drug at the same time. If you are enrolled in Medicare hospice and require certain drugs (e.g., anti-nausea, laxative, pain medication or antianxiety drugs) that are not covered by your hospice because it is unrelated to your terminal illness and related conditions, our plan must receive notification from either the prescriber or your hospice provider that the drug is unrelated before our plan can cover the drug. To prevent delays in receiving these drugs that should be covered by our plan, ask your hospice provider or prescriber to provide notification before your prescription is filled.

In the event you either revoke your hospice election or are discharged from hospice, our plan should cover your drugs as explained in this document. To prevent any delays at a pharmacy when your Medicare hospice benefit ends, bring documentation to the pharmacy to verify your revocation or discharge.

SECTION 10 Programs on drug safety and managing medications

Section 10.1 Programs to help members use drugs safely

We conduct drug use reviews for our members to help make sure that they are getting safe and appropriate care.

We do a review each time you fill a prescription. We also review our records on a regular basis. During these reviews, we look for potential problems such as:

- Possible medication errors
- Drugs that may not be necessary because you are taking another drug to treat the same condition
- Drugs that may not be safe or appropriate because of your age or gender
- Certain combinations of drugs that could harm you if taken at the same time
- Prescriptions for drugs that have ingredients you are allergic to
- Possible errors in the amount (dosage) of a drug you are taking
- Unsafe amounts of opioid pain medications
If we see a possible problem in your use of medications, we will work with your provider to correct the problem.

### Section 10.2 Drug Management Program (DMP) to help members safely use their opioid medications

We have a program that helps make sure members safely use prescription opioids and other frequently abused medications. This program is called a Drug Management Program (DMP). If you use opioid medications that you get from several doctors or pharmacies, or if you had a recent opioid overdose, we may talk to your doctors to make sure your use of opioid medications is appropriate and medically necessary. Working with your doctors, if we decide your use of prescription opioid or benzodiazepine medications is not safe, we may limit how you can get those medications. If we place you in our DMP, the limitations may be:

- Requiring you to get all your prescriptions for opioid or benzodiazepine medications from a certain pharmacy(ies)
- Requiring you to get all your prescriptions for opioid or benzodiazepine medications from a certain doctor(s)
- Limiting the amount of opioid or benzodiazepine medications we will cover for you

If we plan on limiting how you may get these medications or how much you can get, we will send you a letter in advance. The letter will explain the limitations we think should apply to you. You will have an opportunity to tell us which doctors or pharmacies you prefer to use, and about any other information you think is important for us to know. After you’ve had the opportunity to respond, if we decide to limit your coverage for these medications, we will send you another letter confirming the limitation. If you think we made a mistake or you disagree with our determination or with the limitation, you and your prescriber have the right to appeal. If you appeal, we will review your case and give you a decision. If we continue to deny any part of your request related to the limitations that apply to your access to medications, we will automatically send your case to an independent reviewer outside of our plan. See Chapter 9 for information about how to ask for an appeal.

You will not be placed in our DMP if you have certain medical conditions, such as active cancer-related pain or sickle cell disease, you are receiving hospice, palliative, or end-of-life care, or live in a long-term care facility.

### Section 10.3 Medication Therapy Management (MTM) program to help members manage their medications

We have a program that can help our members with complex health needs. Our program is called a Medication Therapy Management (MTM) program. This program is voluntary and free. A team of pharmacists and doctors developed the program for us to help make sure that our members get the most benefit from the drugs they take.

Some members who take medications for different medical conditions and have high drug costs or are in a DMP to help members use their opioids safely, may be able to get services through an MTM program. A
pharmacist or other health professional will give you a comprehensive review of all your medications. During the review, you can talk about your medications, your costs and any problems or questions you have about your prescription and over-the-counter medications. You’ll get a written summary which has a recommended to-do list that includes steps you should take to get the best results from your medications. You’ll also get a medication list that will include all the medications you’re taking, how much you take and when and why you take them. In addition, members in the MTM program will receive information on the safe disposal of prescription medications that are controlled substances.

It’s a good idea to talk to your doctor about your recommended to-do list and medication list. Bring the summary with you to your visit or anytime you talk with your doctors, pharmacists, and other health care providers. Also, keep your medication list up-to-date and with you (for example, with your ID) in case you go to the hospital or emergency room.

If we have a program that fits your needs, we will automatically enroll you in the program and send you information. If you decide not to participate, please notify us and we will withdraw you. If you have any questions about this program, please contact our member experience team.
CHAPTER 6:
What you pay for your Part D prescription drugs
How can you get information about your drug costs?

Because you are eligible for Medicaid, you qualify for and are getting “Extra Help” from Medicare to pay for your prescription drug plan costs. Because you are in the “Extra Help” program, some information in this Evidence of Coverage about the costs for Part D prescription drugs may not apply to you. We send you a separate insert, called the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (also known as the “Low Income Subsidy Rider” or the “LIS Rider”), which tells you about your drug coverage. If you don’t have this insert, please call our member experience team and ask for the “LIS Rider.”

SECTION 1 Introduction

Section 1.1 Use this chapter together with other materials that explain your drug coverage

This chapter focuses on what you pay for Part D prescription drugs. To keep things simple, we use “drug” in this chapter to mean a Part D prescription drug. As explained in Chapter 5, not all drugs are Part D drugs – some drugs are excluded from Part D coverage by law. Some of the drugs excluded from Part D coverage are covered under Medicare Part A or Part B or under Medicaid.

To understand the payment information, you need to know what drugs are covered, where to fill your prescriptions, and what rules to follow when you get your covered drugs. Chapter 5, Sections 1 through 4 explain these rules:

Section 1.2 Types of out-of-pocket costs you may pay for covered drugs

There are different types of out-of-pocket costs for Part D drugs. The amount that you pay for a drug is called “cost sharing,” and there are three ways you may be asked to pay.

- The “deductible” is the amount you pay for drugs before our plan begins to pay its share.
- “Copayment” is a fixed amount you pay each time you fill a prescription.
- “Coinsurance” is a percentage of the total cost you pay each time you fill a prescription.
Section 1.3  How Medicare calculates your out-of-pocket costs

Medicare has rules about what counts and what does not count toward your out-of-pocket costs. Here are the rules we must follow to keep track of your out-of-pocket costs.

These payments are included in your out-of-pocket costs

**Your out-of-pocket costs include** the payments listed below (as long as they are for Part D covered drugs and you followed the rules for drug coverage that are explained in Chapter 5):

- The amount you pay for drugs when you are in any of the following drug payment stages:
  - The Deductible Stage
  - The Initial Coverage Stage
- Any payments you made during this calendar year as a member of a different Medicare prescription drug plan before you joined our plan.

It matters who pays:

- If you make these payments yourself, they are included in your out-of-pocket costs.
- These payments are also included if they are made on your behalf by certain other individuals or organizations. This includes payments for your drugs made by a friend or relative, by most charities, by AIDS drug assistance programs, by a State Pharmaceutical Assistance Program that is qualified by Medicare, or by the Indian Health Service. Payments made by Medicare’s “Extra Help” Program are also included.
- Some payments made by the Medicare Coverage Gap Discount Program are included. The amount the manufacturer pays for your brand name drugs is included. But the amount the plan pays for your generic drugs is not included.

Moving on to the Catastrophic Coverage Stage:

When you (or those paying on your behalf) have spent a total of $7,400 in out-of-pocket costs within the calendar year, you will move from the Initial Coverage Stage to the Catastrophic Coverage Stage.

These payments are not included in your out-of-pocket costs

Your out-of-pocket costs do not include any of these types of payments:

- Drugs you buy outside the United States and its territories.
- Drugs that are not covered by our plan.
- Drugs you get at an out-of-network pharmacy that do not meet the plan’s requirements for out-of-network coverage.
• Payments you make toward prescription drugs not normally covered in a Medicare Prescription Drug Plan.
• Payments made by the plan for your brand or generic drugs while in the Coverage Gap.
• Payments for your drugs that are made by group health plans including employer health plans.
• Payments for your drugs that are made by certain insurance plans and government-funded health programs such as TRICARE and the Veterans Affairs.
• Payments for your drugs made by a third-party with a legal obligation to pay for prescription costs (for example, Workers’ Compensation).

Reminder: If any other organization such as the ones listed above pays part or all of your out-of-pocket costs for drugs, you are required to tell our plan by calling our member experience team.

How can you keep track of your out-of-pocket total?

• We will help you. The Part D EOB report you receive includes the current amount of your out-of-pocket costs. When this amount reaches $7,400, this report will tell you that you have left the Initial Coverage Stage and have moved on to the Catastrophic Coverage Stage.

• Make sure we have the information we need. Section 3.2 tells what you can do to help make sure that our records of what you have spent are complete and up-to-date.

SECTION 2 What you pay for a drug depends on which “drug payment stage” you are in when you get the drug

Section 2.1 What are the drug payment stages for NetworkCares members?

There are four “drug payment stages” for your Medicare Part D prescription drug coverage under NetworkCares. How much you pay depends on what stage you are in when you get a prescription filled or refilled. Details of each stage are in Sections 4 through 7 of this chapter. The stages are:

• Stage 1: Yearly Deductible Stage
• Stage 2: Initial Coverage Stage
• Stage 3: Coverage Gap Stage
• Stage 4: Catastrophic Coverage Stage

Important Message About What You Pay for Insulin - You won’t pay more than $35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it’s on, even if you haven’t paid your deductible.
SECTION 3  We send you reports that explain payments for your drugs and which payment stage you are in

Section 3.1  We send you a monthly summary called the Part D Explanation of Benefits (the “Part D EOB”)

Our plan keeps track of the costs of your prescription drugs and the payments you have made when you get your prescriptions filled or refilled at the pharmacy. This way, we can tell you when you have moved from one drug payment stage to the next. In particular, there are two types of costs we keep track of:

- We keep track of how much you have paid. This is called your “out-of-pocket” cost.
- We keep track of your “total drug costs.” This is the amount you pay out-of-pocket or others pay on your behalf plus the amount paid by the plan.

If you have had one or more prescriptions filled through the plan during the previous month we will send you a Part D Explanation of Benefits (“Part D EOB”). The Part D EOB includes:

- **Information for that month.** This report gives the payment details about the prescriptions you have filled during the previous month. It shows the total drug costs, what the plan paid, and what you and others on your behalf paid.
- **Totals for the year since January 1.** This is called “year-to-date” information. It shows the total drug costs and total payments for your drugs since the year began.
- **Drug price information.** This information will display the total drug price, and information about increases in price from first fill for each prescription claim of the same quantity.
- **Available lower cost alternative prescriptions.** This will include information about other available drugs with lower cost sharing for each prescription claim.

Section 3.2  Help us keep our information about your drug payments up-to-date

To keep track of your drug costs and the payments you make for drugs, we use records we get from pharmacies. Here is how you can help us keep your information correct and up-to-date:

- **Show your member ID card every time you get a prescription filled.** This helps us make sure we know about the prescriptions you are filling and what you are paying.
- **Make sure we have the information we need.** There are times you may pay for the entire cost of a prescription drug. In these cases, we will not automatically get the information we need to keep track of your out-of-pocket costs. To help us keep track of your out-of-pocket costs, give us copies of your receipts Here are examples of when you should give us copies of your drug receipts:
  - When you purchase a covered drug at an in-network pharmacy at a special price or using a discount card that is not part of our plan’s benefit
  - When you made a copayment for drugs that are provided under a drug manufacturer patient assistance program
Any time you have purchased covered drugs at out-of-network pharmacies or other times you have paid the full price for a covered drug under special circumstances

If you are billed for a covered drug, you can ask our plan to pay our share of the cost. For instructions on how to do this, go to Chapter 7, Section 2.

- **Send us information about the payments others have made for you.** Payments made by certain other individuals and organizations also count toward your out-of-pocket costs. For example, payments made by a State Pharmaceutical Assistance Program, an AIDS drug assistance program (ADAP), the Indian Health Service, and most charities count toward your out-of-pocket costs. Keep a record of these payments and send them to us so we can track your costs.

- **Check the written report we send you.** When you receive the Part D EOB, look it over to be sure the information is complete and correct. If you think something is missing or you have any questions, please call our member experience team. Be sure to keep these reports.

### SECTION 4  
**During the Deductible Stage, you pay the full cost of your Tier 2, 3, 4 and 5 drugs**

Because most of our members get “Extra Help” with their prescription drug costs, the Deductible Stage does not apply to most members. If you receive “Extra Help,” this payment stage does not apply to you.

If you do not receive “Extra Help,” the Deductible Stage is the first payment stage for your drug coverage. This stage begins when you fill your first prescription in the year. When you are in this payment stage, you must pay the full cost of your drugs until you reach the plan’s deductible amount, which is $505 for 2023. You must pay the full cost of your Tier 2, 3, 4 and 5 drugs until you reach the plan’s deductible amount. For all other drugs, you will not have to pay any deductible. The “full cost” is usually lower than the normal full price of the drug, since our plan has negotiated lower costs for most drugs at in-network pharmacies.

Once you have paid $505 for your Tier 2, 3, 4 and 5 drugs, you leave the Deductible Stage and move on to the Initial Coverage Stage.

### SECTION 5  
**During the Initial Coverage Stage, the plan pays its share of your drug costs and you pay your share**

#### Section 5.1  
**What you pay for a drug depends on the drug and where you fill your prescription**

During the Initial Coverage Stage, the plan pays its share of the cost of your covered prescription drugs, and you pay your share (your copayment or coinsurance amount). Your share of the cost will vary depending on the drug and where you fill your prescription.

**The plan has five cost-sharing tiers**

Every drug on the plan’s Drug List is in one of five cost-sharing tiers. In general, the higher the cost-sharing tier number, the higher your cost for the drug:
Cost-sharing Tier 1 includes preferred generic drugs. This is the lowest cost-sharing tier.

Cost-sharing Tier 2 includes generic drugs and non-preferred generic drugs.

Cost-sharing Tier 3 includes non-preferred generic drugs and preferred brand drugs.

Cost-sharing Tier 4 includes non-preferred generic drugs and non-preferred brand drugs.

Cost-sharing Tier 5 includes specialty drugs, both brand and generic. This is the highest cost-sharing tier.

To find out which cost-sharing tier your drug is in, look it up in the plan’s Drug List.

**Your pharmacy choices**

How much you pay for a drug depends on whether you get the drug from:

- An in-network retail pharmacy that offers preferred cost sharing. Costs may be less at pharmacies that offer preferred cost sharing.

- A pharmacy that is not in the plan’s network. We cover prescriptions filled at out-of-network pharmacies in only limited situations. Please see Chapter 5, Section 2.5 to find out when we will cover a prescription filled at an out-of-network pharmacy.

- The plan’s mail order pharmacy

For more information about these pharmacy choices and filling your prescriptions, see Chapter 5 and the plan’s *Pharmacy Directory*.

### Section 5.2 A table that shows your costs for a one-month supply of a drug

During the Initial Coverage Stage, your share of the cost of a covered drug will be either a copayment or coinsurance.

As shown in the table below, the amount of the copayment or coinsurance depends on the cost-sharing tier. Sometimes the cost of the drug is lower than your copayment. In these cases, you pay the lower price for the drug instead of the copayment.
Your share of the cost when you get a *one-month* supply of a covered Part D prescription drug:

<table>
<thead>
<tr>
<th>Tier</th>
<th>Standard retail cost sharing (in-network) (up to a 30-day supply)</th>
<th>Preferred retail cost sharing (in-network) (up to a 30-day supply)</th>

Section 5.3  
If your doctor prescribes less than a full month’s supply, you may not have to pay the cost of the entire month’s supply

Typically, the amount you pay for a prescription drug covers a full month’s supply. There may be times when you or your doctor would like you to have less than a month’s supply of a drug (for example, when you are trying a medication for the first time). You can also ask your doctor to prescribe, and your pharmacist to dispense, less than a full month’s supply of your drugs, if this will help you better plan refill dates for different prescriptions.

If you receive less than a full month’s supply of certain drugs, you will not have to pay for the full month’s supply.

- If you are responsible for coinsurance, you pay a percentage of the total cost of the drug. Since the coinsurance is based on the total cost of the drug, your cost will be lower since the total cost for the drug will be lower.
- If you are responsible for a copayment for the drug, you will only pay for the number of days of the drug that you receive instead of a whole month. We will calculate the amount you pay per day for your drug (the “daily cost-sharing rate”) and multiply it by the number of days of the drug you receive.

Section 5.4  
A table that shows your costs for a long-term (up to a 90-day) supply of a drug

For some drugs, you can get a long-term supply (also called an “extended supply”). A long-term supply is up to a 90-day supply.

The table below shows what you pay when you get a long-term supply of a drug.
Your share of the cost when you get a *long-term* supply of a covered Part D prescription drug:

<table>
<thead>
<tr>

</table>
Section 5.5  You stay in the Initial Coverage Stage until your total drug costs for the year reach $4,660

You stay in the Initial Coverage Stage until the total amount for the prescription drugs you have filled reaches the **$4,660 limit for the Initial Coverage Stage**.

The Part D EOB that you receive will help you keep track of how much you, the plan, and any third parties have spent on your behalf during the year. Many people do not reach the $4,660 limit in a year.

We will let you know if you reach this amount. If you do reach this amount, you will leave the Initial Coverage Stage and move on to the Coverage Gap Stage. See Section 1.3 on how Medicare calculates your out-of-pocket costs.

SECTION 6  Costs in the Coverage Gap Stage

When you are in the Coverage Gap Stage, the Medicare Coverage Gap Discount Program provides manufacturer discounts on brand name drugs. You pay 25 percent of the negotiated price and a portion of the dispensing fee for brand name drugs. Both the amount you pay, and the amount discounted by the manufacturer count toward your out-of-pocket costs as if you had paid them and move you through the coverage gap.

You also receive some coverage for generic drugs. You pay no more than 25 percent of the cost for generic drugs and the plan pays the rest. Only the amount you pay counts and moves you through the coverage gap.

You continue paying these costs until your yearly out-of-pocket payments reach a maximum amount that Medicare has set. Once you reach this amount ($7,400), you leave the Coverage Gap Stage and move to the Catastrophic Coverage Stage.

Medicare has rules about what counts and what does *not* count toward your out-of-pocket costs (Section 1.3).

SECTION 7  During the Catastrophic Coverage Stage, the plan pays most of the cost for your drugs

You enter the Catastrophic Coverage Stage when your out-of-pocket costs have reached the $7,400 limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will stay in this payment stage until the end of the calendar year.

**Your share** of the cost for a covered drug will be either coinsurance or a copayment, whichever is the *larger* amount:

- *either* – Coinsurance of 5 percent of the cost of the drug
- *or* – $4.15 for a generic drug or a drug that is treated like a generic and $10.35 for all other drugs.
SECTION 8 Part D Vaccines. What you pay for depends on how and where you get them

Important Message About What You Pay for Vaccines - Our plan covers most Part D vaccines at no cost to you, even if you haven’t paid your deductible. Call our member experience team for more information.

There are two parts to our coverage of Part D vaccinations:

- The first part of coverage is the cost of **the vaccine itself**.
- The second part of coverage is for the cost of **giving you the vaccine**. (This is sometimes called the “administration” of the vaccine.)

Your costs for a Part D vaccination depend on three things:

1. **The type of vaccine** (what you are being vaccinated for).
   - Some vaccines are considered medical benefits. (See the Medical Benefits Chart (what is covered and what you pay) in Chapter 4).
   - Other vaccines are considered Part D drugs. You can find these vaccines listed in the plan’s List of Covered Drugs (Formulary).

2. **Where you get the vaccine**.
   - The vaccine itself may be dispensed by a pharmacy or provided by the doctor’s office.

3. **Who gives you the vaccine**.
   - A pharmacist may give the vaccine in the pharmacy, or another provider may give it in the doctor’s office.

What you pay at the time you get the Part D vaccination can vary depending on the circumstances and what Drug Stage you are in.

- Sometimes when you get a vaccination, you have to pay for the entire cost for both the vaccine itself and the cost for the provider to give you the vaccine. You can ask our plan to pay you back for our share of the cost.
- Other times, when you get a vaccination, you will pay only your share of the cost under your Part D benefit.

Below are three examples of ways you might get a Part D vaccine.

**Situation 1:** You get your vaccination at the in-network pharmacy. (Whether you have this choice depends on where you live. Some states do not allow pharmacies to give vaccines.)

- You will pay the pharmacy your copayment for the vaccine itself which includes the cost of giving you the vaccine.
- Our plan will pay the remainder of the costs.
**Situation 2:** You get the Part D vaccination at your doctor’s office.

- When you get the vaccine, you will pay for the entire cost of the vaccine itself and the cost for the provider to give it to you.
- You can then ask our plan to pay our share of the cost by using the procedures that are described in Chapter 7.
- You will be reimbursed the amount you paid less your normal copayment for the vaccine (including administration) less any difference between the amount the doctor charges and what we normally pay. (If you get “Extra Help,” we will reimburse you for this difference.)

**Situation 3:** You buy the Part D vaccine itself at your pharmacy, and then take it to your doctor’s office where they give you the vaccine.

- You will have to pay the pharmacy your copayment for the vaccine itself.
- When your doctor gives you the vaccine, you will pay the entire cost for this service. You can then ask our plan to pay our share of the cost by using the procedures described in Chapter 7.
- You will be reimbursed the amount charged by the doctor for administering the vaccine.
- Some vaccines are covered under Part D whether you get them at the pharmacy or at your doctor’s office, such as vaccines for the prevention of shingles, malaria, typhoid, and tetanus/diphtheria/pertussis (T-DAP).
CHAPTER 7:

Asking us to pay our share of a bill you have received for covered medical services or drugs
SECTION 1 Situations in which you should ask us to pay for your covered services or drugs

Our in-network providers bill the plan directly for your covered services and drugs. If you get a bill for the full cost of medical care or drugs you have received, you should send this bill to us so that we can pay it. When you send us the bill, we will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly.

If you have already paid for a Medicare service or item covered by the plan, you can ask our plan to pay you back (paying you back is often called “reimbursing” you). It is your right to be paid back by our plan whenever you’ve paid more than your share of the cost for medical services or drugs that are covered by our plan. There may be deadlines that you must meet to get paid back. Please see Section 2 of this chapter. When you send us a bill you have already paid, we will look at the bill and decide whether the services or drugs should be covered. If we decide they should be covered, we will pay you back for the services or drugs.

There may also be times when you get a bill from a provider for the full cost of medical care you have received or possibly for more than your share of cost sharing as discussed in the document. First try to resolve the bill with the provider. If that does not work, send the bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. If we decide not to pay it, we will notify the provider. You should never pay more than plan-allowed cost-sharing. If this provider is contracted you still have the right to treatment.

Here are examples of situations in which you may need to ask our plan to pay you back or to pay a bill you have received:

1. When you’ve received emergency or urgently needed medical care from a provider who is not in our plan’s network

You can receive emergency or urgently needed services from any provider, whether or not the provider is a part of our network. In these cases, ask the provider to bill the plan.
- If you pay the entire amount yourself at the time you receive the care, ask us to pay you back for our share of the cost. Send us the bill, along with documentation of any payments you have made.
- You may get a bill from the provider asking for payment that you think you do not owe. Send us this bill, along with documentation of any payments you have already made.
  - If the provider is owed anything, we will pay the provider directly.
  - If you have already paid more than your share of the cost for the service, we will determine how much you owed and pay you back for our share of the cost.

2. When an in-network provider sends you a bill you think you should not pay

In-network providers should always bill the plan directly. But sometimes they make mistakes and ask you to pay more than your share of the cost.
You only have to pay your cost-sharing amount when you get covered services. We do not allow providers to add additional separate charges, called “balance billing.” This protection (that you never pay more than your cost-sharing amount) applies even if we pay the provider less than the provider charges for a service and even if there is a dispute and we don’t pay certain provider charges.

Whenever you get a bill from an in-network provider that you think is more than you should pay, send us the bill. We will contact the provider directly and resolve the billing problem.

If you have already paid a bill to an in-network provider, but you feel that you paid too much, send us the bill along with documentation of any payment you have made. You should ask us to pay you back for the difference between the amount you paid and the amount you owed under the plan.

3. **If you are retroactively enrolled in our plan**

Sometimes a person’s enrollment in the plan is retroactive. (This means that the first day of their enrollment has already passed. The enrollment date may even have occurred last year.)

If you were retroactively enrolled in our plan and you paid out-of-pocket for any of your covered services or drugs after your enrollment date, you can ask us to pay you back for our share of the costs. You will need to submit paperwork such as receipts and bills for us to handle the reimbursement.

4. **When you use an out-of-network pharmacy to get a prescription filled**

If you go to an out-of-network pharmacy, the pharmacy may not be able to submit the claim directly to us. When that happens, you will have to pay the full cost of your prescription.

Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost. Remember that we only cover out-of-network pharmacies in limited circumstances. See Chapter 5, Section 2.5 for a discussion of these circumstances.

5. **When you pay the full cost for a prescription because you don’t have your plan member ID card with you**

If you do not have your plan member ID card with you, you can ask the pharmacy to call the plan or to look up your plan enrollment information. However, if the pharmacy cannot get the enrollment information they need right away, you may need to pay the full cost of the prescription yourself. Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost.

6. **When you pay the full cost for a prescription in other situations**

You may pay the full cost of the prescription because you find that the drug is not covered for some reason.

- For example, the drug may not be on the plan’s List of Covered Drugs (Formulary); or it could have a requirement or restriction that you didn’t know about or don’t think should apply to you. If you decide to get the drug immediately, you may need to pay the full cost for it.

- Save your receipt and send a copy to us when you ask us to pay you back. In some situations, we may need to get more information from your doctor in order to pay you back for our share of the cost of the drug.
Chapter 7 Asking us to pay our share of a bill you have received for covered medical services or drugs

7. If you receive emergency or urgent care outside the United States

When Emergency or Urgent care is received outside the United States and its territories (worldwide coverage) you will be responsible for $110 per incident. NetworkCares will pay the remaining cost per incident up to the maximum $100,000 every year. Some facilities may bill Network Health directly, and this is the preferred method, using U.S. dollars. Other facilities may require you to pay the full cost of your care, and you will need to ask us to reimburse you for your costs. In this situation, you will be required to provide documents that may include; a copy of the bill, proof of payment and English-language medical records (charges should be converted to U.S. dollars) for reimbursement up to the maximum of $100,000. Prescription drugs are not covered.

Note: Wisconsin Medicaid may not have coverage outside of the State of Wisconsin.

SECTION 2 How to ask us to pay you back or to pay a bill you have received

You may request us to pay you back by sending us a request in writing. If you send a request in writing, send your bill and documentation of any payment you have made. It’s a good idea to make a copy of your bill and receipts for your records. You must submit your medical claim to us within 12 months and your prescription drug claims within 36 months of the date you received the service, item or drug.

To make sure you are giving us all the information we need to make a decision, you can fill out our claim form to make your request for payment.

- You don’t have to use the form, but it will help us process the information faster.
- Either download a copy of the form from our website (networkhealth.com) or call our member experience team and ask for the form.

Mail your request for payment together with any bills or paid receipts to us at this address:

SECTION 3 We will consider your request for payment and say yes or no

Section 3.1 We check to see whether we should cover the service or drug and how much we owe

When we receive your request for payment, we will let you know if we need any additional information from you. Otherwise, we will consider your request and make a coverage decision.

- If we decide that the medical care or drug is covered and you followed all the rules, we will pay for our share of the cost for the service. If you have already paid for the service or drug, we will mail your reimbursement of our share of the cost to you. If you have not paid for the service or drug yet, we will mail the payment directly to the provider.

- If we decide that the medical care or drug is not covered, or you did not follow all the rules, we will not pay for our share of the cost of the care or drug. We will send you a letter explaining the reasons why we are not sending the payment and your rights to appeal that decision.

Section 3.2 If we tell you that we will not pay for all or part of the medical care or drug, you can make an appeal

If you think we have made a mistake in turning down your request for payment or the amount we are paying, you can make an appeal. If you make an appeal, it means you are asking us to change the decision we made when we turned down your request for payment. The appeals process is a formal process with detailed procedures and important deadlines. For the details on how to make this appeal, go to Chapter 9 of this document.
CHAPTER 8:
Your rights and responsibilities
SECTION 1  Our plan must honor your rights and cultural sensitivities as a member of the plan

Section 1.1  We must provide information in a way that works for you and consistent with your cultural sensitivities (in languages other than English, in braille, in large print, or other alternate formats, etc.)

Our plan is required to ensure that all services, both clinical and non-clinical, are provided in a culturally competent manner and are accessible to all enrollees, including those with limited English proficiency, limited reading skills, hearing incapacity, or those with diverse cultural and ethnic backgrounds. Examples of how a plan may meet these accessibility requirements include, but are not limited to provision of translator services, interpreter services, teletypewriters, or TTY (text telephone or teletypewriter phone) connection.

Our plan has free interpreter services available to answer questions from non-English speaking members. We can also give you information in braille, in large print or other alternate formats at no cost, if you need it. We are required to give you information about the plan’s benefits in a format that is accessible and appropriate for you. To get information from us in a way that works for you, please call our member experience team.

Our plan is required to give female enrollees the option of direct access to a women’s health specialist within the network for women’s routine and preventive health care services.

If providers in the plan’s network for a specialty are not available, it is the plan’s responsibility to locate specialty providers outside the network who will provide you with the necessary care. In this case, you will only pay in-network cost sharing. If you find yourself in a situation where there are no specialists in the plan’s network that cover a service you need, call the plan for information on where to go to obtain this service at in-network cost sharing.

If you have any trouble getting information from our plan in a format that is accessible and appropriate for you, please call to file a grievance with discrimination complaints coordinator. You may also file a complaint with Medicare by calling 1-800-MEDICARE (1-800-633-4227) or directly with the Office for Civil Rights 1-800-368-1019 or TTY 1-800-537-7697.

Section 1.2  You have a right to be treated with respect, with recognition of your dignity and a right to privacy

You will be treated with courtesy and kindness. You will be treated equally, and we will listen to you. Your choices, as well as rights to privacy will be honored.
Section 1.3  We must ensure that you get timely access to your covered services and drugs

You have the right to choose a provider in the plan’s network to provide and arrange for your covered services. We do not require you to get referrals to go to in-network providers.

You have the right to get appointments and covered services from the plan’s network of providers *within a reasonable amount of time*. This includes the right to get timely services from specialists when you need that care. You also have the right to get your prescriptions filled or refilled at any of our in-network pharmacies without long delays.

If you think that you are not getting your medical care or Part D drugs within a reasonable amount of time, Chapter 9 tells what you can do.

Section 1.4  We must protect the privacy of your personal health information

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

- Your “personal health information” includes the personal information you gave us when you enrolled in this plan as well as your medical records and other medical and health information.
- You have rights related to your information and controlling how your health information is used. We give you a written notice, called a “Notice of Privacy Practice,” that tells about these rights and explains how we protect the privacy of your health information.

How do we protect the privacy of your health information?

- We make sure that unauthorized people don’t see or change your records.
- Except for the circumstances noted below, if we intend to give your health information to anyone who isn’t providing your care or paying for your care, *we are required to get written permission from you or someone you have given legal power to make decisions for you first*.
- There are certain exceptions that do not require us to get your written permission first. These exceptions are allowed or required by law.
  - We are required to release health information to government agencies that are checking on quality of care.
  - Because you are a member of our plan through Medicare, we are required to give Medicare your health information including information about your Part D prescription drugs. If Medicare releases your information for research or other uses, this will be done according to Federal statutes and regulations; typically, this requires that information that uniquely identifies you not be shared.
You can see the information in your records and know how it has been shared with others

You have the right to look at your medical records held by the plan, and to get a copy of your records. We are allowed to charge you a fee for making copies. You also have the right to ask us to make additions or corrections to your medical records. If you ask us to do this, we will work with your health care provider to decide whether the changes should be made.

You have the right to know how your health information has been shared with others for any purposes that are not routine.

If you have questions or concerns about the privacy of your personal health information, please call our member experience team.

Network Health Insurance Corporation is committed to protecting the privacy of your confidential health information. This includes all oral, written and electronic protected health information across the organization. We are required by law to:

- Maintain the privacy and security of your protected health information.
- Follow the duties and privacy practices described in this notice and give you a copy of it.
- Follow either federal or state law, whichever is more protective of your privacy rights.
- Let you know promptly if a breach occurs which may have compromised the privacy or security of your information.
- Abide by the terms of our Notice of Privacy Practices.

We are committed to ensuring your health information is used responsibly by our organization. We may use and disclose your health information without your written authorization for payment, treatment, health care operations, or other instances where written authorization is not required by law. In instances where written authorization is required, we will obtain written authorization before using or disclosing information about you. You may choose to revoke your authorization at any time by notifying us in writing of your decision. This means we will no longer be able to use or disclose health information about you for the reasons covered by your written authorization, but we will be unable to take back any disclosures we have already made based on your prior written authorization consent.

For a full copy of the Notice of Privacy Practices please visit our website at networkhealth.com or call our member experience team to request a copy. If you would like to exercise one or more of your rights regarding your health information, please call our member experience team (phone numbers are printed on the back cover of this document).

If you are concerned that your privacy rights may have been violated, or you disagree with a decision we made about your rights to your health information, you may contact the Privacy Officer at 800-378-5234. You may also send a written complaint to the Secretary of the U.S. Department of Health and Human Services Office for Civil Rights. Network Health cannot and will not require you to waive the right to file a complaint as a condition of receiving benefits or services or retaliate against you for filing a complaint with us or with the U.S. Department of Health and Human Services.
Chapter 8 Your rights and responsibilities

Section 1.5 We must give you information about the plan, the organization, its network of providers, and your covered services

As a member of NetworkCares, you have the right to get several kinds of information from us.

- If you want any of the following kinds of information, please call our member experience team:
  - **Information about our plan.** This includes, for example, information about the plan’s financial condition.
  - **Information about our in-network providers and pharmacies.** You have the right to get information about the qualifications of the providers and pharmacies in our network and how we pay the providers in our network.
  - **Information about your coverage and the rules you must follow when using your coverage.** Chapters 3 and 4 provide information regarding medical services. Chapters 5 and 6 provide information about Part D prescription drug coverage.
  - **Information about why something is not covered and what you can do about it.** Chapter 9 provides information on asking for a written explanation on why a medical service or Part D drug is not covered or if your coverage is restricted. Chapter 9 also provides information on asking us to change a decision, also called an appeal.

Section 1.6 We must support your right to make decisions about your care

You have the right to know your treatment options and participate in decisions about your health care

You have the right to get full information from your doctors and other health care providers. Your providers must explain your medical condition and your treatment choices *in a way that you can understand*.

You also have the right to participate fully in decisions about your health care. To help you make decisions with your doctors about what treatment is best for you, your rights include the following:

- **To know about all of your choices.** You have the right to be told about all of the treatment options that are recommended for your condition, no matter what they cost or whether they are covered by our plan. It also includes being told about programs our plan offers to help members manage their medications and use drugs safely.
- **To know about the risks.** You have the right to be told about any risks involved in your care. You must be told in advance if any proposed medical care or treatment is part of a research experiment. You always have the choice to refuse any experimental treatments.
- **The right to say “no.”** You have the right to refuse any recommended treatment. This includes the right to leave a hospital or other medical facility, even if your doctor advises you not to leave. You also have the right to stop taking your medication. Of course, if you refuse treatment or stop taking medication, you accept full responsibility for what happens to your body as a result.
You have the right to give instructions about what is to be done if you are not able to make medical decisions for yourself

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to say what you want to happen if you are in this situation. This means that, if you want to, you can:

- Fill out a written form to give someone the legal authority to make medical decisions for you if you ever become unable to make decisions for yourself.
- Give your doctors written instructions about how you want them to handle your medical care if you become unable to make decisions for yourself.

The legal documents that you can use to give your directions in advance in these situations are called “advance directives.” There are different types of advance directives and different names for them. Documents called “living will” and “power of attorney for health care” are examples of advance directives.

If you want to use an “advance directive” to give your instructions, here is what to do:

- Get the form. You can get an advance directive form from your lawyer, from a social worker, or from some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare. You can also contact our member experience team to ask for the forms.
- Fill it out and sign it. Regardless of where you get this form, keep in mind that it is a legal document. You should consider having a lawyer help you prepare it.
- Give copies to appropriate people. You should give a copy of the form to your doctor and to the person you name on the form who can make decisions for you if you can’t. You may want to give copies to close friends or family members. Keep a copy at home.

If you know ahead of time that you are going to be hospitalized, and you have signed an advance directive, take a copy with you to the hospital.

- The hospital will ask you whether you have signed an advance directive form and whether you have it with you.
- If you have not signed an advance directive form, the hospital has forms available and will ask if you want to sign one.

Remember, it is your choice whether you want to fill out an advance directive (including whether you want to sign one if you are in the hospital). According to law, no one can deny you care or discriminate against you based on whether or not you have signed an advance directive.

What if your instructions are not followed?

If you have signed an advance directive, and you believe that a doctor or hospital did not follow the instructions in it, you may file a complaint with the Wisconsin Department of Health Services, 1 West Wilson Street, Madison, WI 53703. The telephone number is 608-266-1865 (TTY accessible telephone number is 888-701-1251).
Chapter 8 Your rights and responsibilities

### Section 1.7 You have the right to make complaints and to ask us to reconsider decisions we have made

If you have any problems, concerns, or complaints and need to request coverage, or make an appeal, Chapter 9 of this document tells what you can do. Whatever you do – ask for a coverage decision, make an appeal, or make a complaint – **we are required to treat you fairly.**

### Section 1.8 What can you do if you believe you are being treated unfairly or your rights are not being respected?

**If it is about discrimination, call the Office for Civil Rights**

If you believe you have been treated unfairly or your rights have not been respected due to your race, disability, religion, sex, health, ethnicity, creed (beliefs), age, sexual orientation, or national origin, you should call the Department of Health and Human Services’ **Office for Civil Rights** at 1-800-368-1019 or TTY 1-800-537-7697 or call your local Office for Civil Rights.

**Is it about something else?**

If you believe you have been treated unfairly or your rights have not been respected, *and* it’s *not* about discrimination, you can get help dealing with the problem you are having:

- You can **call our member experience team.**
- You can **call the SHIP.** For details, go to Chapter 2, Section 3.
- Or, **you can call Medicare** at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week (TTY 1-877-486-2048).

### Section 1.9 How to get more information about your rights

There are several places where you can get more information about your rights:

- You can **call our member experience team.**
- You can **call the SHIP.** For details, go to Chapter 2, Section 3.
- You can contact **Medicare.**
  - You can visit the Medicare website to read or download the publication “Medicare Rights & Protections.” (The publication is available at: [www.medicare.gov/Pubs/pdf/11534-Medicare-Rights-and-Protections.pdf](http://www.medicare.gov/Pubs/pdf/11534-Medicare-Rights-and-Protections.pdf).)
  - Or, you can call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week (TTY 1-877-486-2048).
Section 1.10 You have the right to make recommendations regarding the organization’s member rights and responsibilities policy

- You can email your recommendations to Network Health at QI@networkhealth.com and our Quality Health Integration Department will review your proposal and make any necessary changes to Network Health’s policy.

SECTION 2 You have some responsibilities as a member of the plan

Things you need to do as a member of the plan are listed below. If you have any questions, please call our member experience team.

- Get familiar with your covered services and the rules you must follow to get these covered services. Use this Evidence of Coverage to learn what is covered for you and the rules you need to follow to get your covered services.
  - Chapters 3 and 4 give the details about your medical services.
  - Chapters 5 and 6 give the details about your Part D prescription drug coverage.

- If you have any other health insurance coverage or prescription drug coverage in addition to our plan, you are required to tell us. Chapter 1 tells you about coordinating these benefits.

- Tell your doctor and other health care providers that you are enrolled in our plan. Show your plan member ID card and your Wisconsin Medicaid card whenever you get your medical care or Part D prescription drugs.

- Help your doctors and other providers help you by giving them information, asking questions, and following through on your care.
  - To help get the best care, tell your doctors and other health providers about your health problems. Follow the treatment plans and instructions that you and your doctors agree upon.
  - Make sure your doctors know all of the drugs you are taking, including over-the-counter drugs, vitamins, and supplements.
  - If you have any questions, be sure to ask and get an answer you can understand.
  - Supply information (to the extent possible) the organization, its practitioners and providers need in order to provide care.
  - Understand your health problems and participate in developing mutually agreed-upon treatment goals, to the degree possible.

- Be considerate. We expect all our members to respect the rights of other patients. We also expect you to act in a way that helps the smooth running of your doctor’s office, hospitals, and other offices.

- Pay what you owe. As a plan member, you are responsible for these payments:
  - You must continue to pay your Medicare premiums to remain a member of the plan.
  - For most of your medical services or drugs covered by the plan, you must pay your share of the cost when you get the service or drug.
If you are required to pay the extra amount for Part D because of your higher income (as reported on your last tax return), you must continue to pay the extra amount directly to the government to remain a member of the plan.

- **If you move within our service area, we need to know** so we can keep your membership record up-to-date and know how to contact you.

- **If you move outside of our plan service area, you cannot remain a member of our plan.**

- If you move, it is also important to tell Social Security (or the Railroad Retirement Board).
CHAPTER 9:
What to do if you have a problem or complaint (coverage decisions, appeals, complaints)
SECTION 1 Introduction

Section 1.1 What to do if you have a problem or concern

This chapter explains the processes for handling problems and concerns. The process you use to handle your problem depends on two things:

Whether your problem is about benefits covered by Medicare or Medicaid. If you would like help deciding whether to use the Medicare process or the Medicaid process, or both, please contact our member experience team.

The type of problem you are having:

- For some problems, you need to use the process for coverage decisions and appeals.
- For other problems, you need to use the process for making complaints; also called grievances.

These processes have been approved by Medicare. Each process has a set of rules, procedures, and deadlines that must be followed by us and by you.

The guide in Section 3 will help you identify the right process to use and what you should do.

Section 1.2 What about the legal terms?

There are legal terms for some of the rules, procedures, and types of deadlines explained in this chapter. Many of these terms are unfamiliar to most people and can be hard to understand. To make things easier, this chapter:

- Uses simpler words in place of certain legal terms. For example, this chapter generally says, “making a complaint” rather than “filing a grievance,” “coverage decision” rather than “organization determination” or “coverage determination” or “at-risk determination,” and “Independent Review Organization” instead of “Independent Review Entity.”
- It also uses abbreviations as little as possible.

However, it can be helpful – and sometimes quite important – for you to know the correct legal terms. Knowing which terms to use will help you communicate more accurately to get the right help or information for your situation. To help you know which terms to use, we include legal terms when we give the details for handling specific types of situations.

SECTION 2 Where to get more information and personalized assistance

We are always available to help you. Even if you have a complaint about our treatment of you, we are obligated to honor your right to complain. Therefore, you should always reach out to our member experience team for help. But in some situations you may also want help or guidance from someone who is not connected with us. Below are two entities that can assist you.
State Health Insurance Assistance Program (SHIP).

Each state has a government program with trained counselors. The program is not connected with us or with any insurance company or health plan. The counselors at this program can help you understand which process you should use to handle a problem you are having. They can also answer your questions, give you more information, and offer guidance on what to do.

The services of SHIP counselors are free. You will find phone numbers and website URLs in Chapter 2, Section 3 of this document.

Medicare

You can also contact Medicare to get help. To contact Medicare:

- You can call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048.
- You can also visit the Medicare website (www.medicare.gov).

You can get help and information from Medicaid

For more information and help in handling a problem, you can also contact Wisconsin Medicaid. Here are two (2) ways to get information directly from Wisconsin Medicaid:

- You can call 800-362-3002 during regular business hours. TTY users should call 888-701-1251.
- You can visit the Wisconsin Medicaid website (dhs.wisconsin.gov/medicaid/).

SECTION 3 To deal with your problem, which process should you use?

Because you have Medicare and get assistance from Medicaid, you have different processes that you can use to handle your problem or complaint. Which process you use depends on whether the problem is about Medicare benefits or Medicaid benefits. If your problem is about a benefit covered by Medicare, then you should use the Medicare process. If your problem is about a benefit covered by Medicaid, then you should use the Medicaid process. If you would like help deciding whether to use the Medicare process or the Medicaid process, please contact our member experience team.

The Medicare process and Medicaid process are described in different parts of this chapter. To find out which part you should read, use the chart below.
Is your problem about Medicare benefits or Medicaid benefits?

If you would like help deciding whether your problem is about Medicare benefits or Medicaid benefits, please contact our member experience team.

My problem is about Medicare benefits.

Go to the next section of this chapter, Section 4, “Handling problems about your Medicare benefits.”

My problem is about Medicaid coverage.

Skip ahead to Section 12 of this chapter, “Handling problems about your Medicaid benefits.”

PROBLEMS ABOUT YOUR MEDICARE BENEFITS

SECTION 4 Handling problems about your Medicare benefits

| Section 4.1 | Should you use the process for coverage decisions and appeals? Or should you use the process for making complaints? |

If you have a problem or concern, you only need to read the parts of this chapter that apply to your situation. The chart below will help you find the right section of this chapter for problems or complaints about benefits covered by Medicare.
To figure out which part of this chapter will help with your problem or concern about your Medicare benefits, use this chart:

**Is your problem or concern about your benefits or coverage?**

This includes problems about whether medical care or prescription drugs are covered or not, the way they are covered, and problems related to payment for medical care or prescription drugs.

**Yes.**

Go on to the next section of this chapter, **Section 5, “A guide to the basics of coverage decisions and appeals.”**

**No.**

Skip ahead to **Section 11** at the end of this chapter: **“How to make a complaint about quality of care, waiting times, customer service, or other concerns.”**

---

**SECTION 5  A guide to the basics of coverage decisions and appeals**

**Section 5.1  Asking for coverage decisions and making appeals: the big picture**

Coverage decisions and appeals deal with problems related to your benefits and coverage, including payment. This is the process you use for issues such as whether something is covered or not and the way in which something is covered.

**Asking for coverage decisions prior to receiving services**

A coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your medical services or drugs. We are making a coverage decision whenever we decide what is covered for you and how much we pay. For example, your plan network doctor makes a (favorable) coverage decision for you whenever you receive medical care from him or her or if your network doctor refers you to a medical specialist. You or your doctor can also contact us and ask for a coverage decision if your doctor is unsure whether we will cover a particular medical service or refuses to provide medical care you think that you need. In other words, if you want to know if we will cover a medical service before you receive it, you can ask us to make a coverage decision for you. In limited circumstances a request for a coverage decision will be dismissed, which means we won’t review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn’t legally authorized to do so or if you ask for your request to be withdrawn. If we dismiss a request for a coverage decision, we will send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.
In some cases, we might decide a service or drug is not covered or is no longer covered by Medicare for you. If you disagree with this coverage decision, you can make an appeal.

Making an appeal

If we make a coverage decision and you are not satisfied, you can “appeal” the decision. An appeal is a formal way of asking us to review and change a coverage decision we have made. Under certain circumstances, which we discuss later, you can request an expedited or “fast appeal” of a coverage decision. Your appeal is handled by different reviewers than those who made the original decision.

When you appeal a decision for the first time, this is called a Level 1 appeal. In this appeal, we review the coverage decision we made to check to see if we were properly following the rules. When we have completed the review, we give you our decision.

In limited circumstances a request for a Level 1 appeal will be dismissed, which means we won’t review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn’t legally authorized to do so or if you ask for your request to be withdrawn. If we dismiss a request for a Level 1 appeal, we will send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

If we do not dismiss your case but say no to all or part of your Level 1 appeal, you can go on to a Level 2 appeal. The Level 2 appeal is conducted by an independent review organization that is not connected to us. (Appeals for medical services and Part B drugs will be automatically sent to the independent review organization for a Level 2 appeal – you do not need to do anything. For Part D drug appeals, if we say no to all or part of your appeal you will need to ask for a Level 2 appeal. Part D appeals are discussed further in Section 6 of this chapter). If you are not satisfied with the decision at the Level 2 appeal, you may be able to continue through additional levels of appeal (Section 9 in this chapter explains the Level 3, 4, and 5 appeals processes).

Section 5.2 How to get help when you are asking for a coverage decision or making an appeal

Here are resources if you decide to ask for any kind of coverage decision or appeal a decision:

- **You can call our member experience team.**
- **You can get free help** from your State Health Insurance Assistance Program.
- **Your doctor can make a request for you.** If your doctor helps with an appeal past Level 2, they will need to be appointed as your representative. Please call our member experience team and ask for the “Appointment of Representative” form. (The form is also available on Medicare’s website at [www.cms.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf](http://www.cms.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf) or on our website at [networkhealth.com](http://networkhealth.com).
  - For medical care, your doctor can request a coverage decision or a Level 1 appeal on your behalf. If your appeal is denied at Level 1, it will be automatically forwarded to Level 2.
For Part D prescription drugs, your doctor or other prescriber can request a coverage decision or a Level 1 appeal on your behalf. If your Level 1 appeal is denied your doctor or prescriber can request a Level 2 appeal.

- **You can ask someone to act on your behalf.** If you want to, you can name another person to act for you as your “representative” to ask for a coverage decision or make an appeal.
  - If you want a friend, relative, or another person to be your representative, call our member experience team and ask for the “Appointment of Representative” form. (The form is also available on Medicare’s website at [www.cms.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf](http://www.cms.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf) or on our website at networkhealth.com.) The form gives that person permission to act on your behalf. It must be signed by you and by the person who you would like to act on your behalf. You must give us a copy of the signed form.
  - While we can accept an appeal request without the form, we cannot begin or complete our review until we receive it. If we do not receive the form within 44 calendar days after receiving your appeal request (our deadline for making a decision on your appeal), your appeal request will be dismissed. If this happens, we will send you a written notice explaining your right to ask the Independent Review Organization to review our decision to dismiss your appeal.

- **You also have the right to hire a lawyer.** You may contact your own lawyer or get the name of a lawyer from your local bar association or other referral service. There are also groups that will give you free legal services if you qualify. However, **you are not required to hire a lawyer** to ask for any kind of coverage decision or appeal a decision.

### Section 5.3 Which section of this chapter gives the details for your situation?

There are four different situations that involve coverage decisions and appeals. Since each situation has different rules and deadlines, we give the details for each one in a separate section:

- **Section 6** of this chapter: “Your medical care: How to ask for a coverage decision or make an appeal”
- **Section 7** of this chapter: “Your Part D prescription drugs: How to ask for a coverage decision or make an appeal”
- **Section 8** of this chapter: “How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon”
- **Section 9** of this chapter: “How to ask us to keep covering certain medical services if you think your coverage is ending too soon” (Applies only to these services: home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services)

If you’re not sure which section you should be using, please call our member experience team. You can also get help or information from government organizations such as your State Health Insurance Assistance Program.
SECTION 6  Your medical care: How to ask for a coverage decision or make an appeal of a coverage decision

Section 6.1  This section tells what to do if you have problems getting coverage for medical care or if you want us to pay you back for our share of the cost of your care

This section is about your benefits for medical care and services. These benefits are described in Chapter 4 of this document: Medical Benefits Chart (what is covered and what you pay). To keep things simple, we generally refer to “medical care coverage” or “medical care” which includes medical items and services as well as Medicare Part B prescription drugs. In some cases, different rules apply to a request for a Part B prescription drug. In those cases, we will explain how the rules for Part B prescription drugs are different from the rules for medical items and services.

This section tells what you can do if you are in any of the five following situations:

1. You are not getting certain medical care you want, and you believe that this care is covered by our plan. **Ask for a coverage decision. Section 6.2.**
2. Our plan will not approve the medical care your doctor or other medical provider wants to give you, and you believe that this care is covered by the plan. **Ask for a coverage decision. Section 6.2.**
3. You have received medical care that you believe should be covered by the plan, but we have said we will not pay for this care. **Make an appeal. Section 6.3.**
4. You have received and paid for medical care that you believe should be covered by the plan, and you want to ask our plan to reimburse you for this care. **Send us the bill. Section 6.5.**
5. You are being told that coverage for certain medical care you have been getting that we previously approved will be reduced or stopped, and you believe that reducing or stopping this care could harm your health. **Make an appeal. Section 6.3.**

**Note:** If the coverage that will be stopped is for hospital care, home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services, you need to read Sections 8 and 9 of this Chapter. Special rules apply to these types of care.

**Section 6.2  Step-by-step: How to ask for a coverage decision**

**Legal Terms**

When a coverage decision involves your medical care, it is called an **organization determination.**

A “fast coverage decision” is called an **expedited determination.”**
Step 1: Decide if you need a “standard coverage decision” or a “fast coverage decision.”

A “standard coverage decision” is usually made within 14 days or 72 hours for Part B drugs. A “fast coverage decision” is generally made within 72 hours, for medical services, or 24 hours for Part B drugs. In order to get a fast coverage decision, you must meet two requirements:

- You may only ask for coverage for medical care you have not yet received.
- You can get a fast coverage decision only if using the standard deadlines could cause serious harm to your health or hurt your ability to function.
- If your doctor tells us that your health requires a “fast coverage decision,” we will automatically agree to give you a fast coverage decision.
- If you ask for a fast coverage decision on your own, without your doctor’s support, we will decide whether your health requires that we give you a fast coverage decision. If we do not approve a fast coverage decision, we will send you a letter that:
  - Explains that we will use the standard deadlines
  - Explains if your doctor asks for the fast coverage decision, we will automatically give you a fast coverage decision
  - Explains that you can file a “fast complaint” about our decision to give you a standard coverage decision instead of the fast coverage decision you requested

Step 2: Ask our plan to make a coverage decision or fast coverage decision.

- Start by calling, writing, or faxing our plan to make your request for us to authorize or provide coverage for the medical care you want. You, your doctor, or your representative can do this. Chapter 2 has contact information.

Step 3: We consider your request for medical care coverage and give you our answer.

For standard coverage decisions we use the standard deadlines.

This means we will give you an answer within 14 calendar days after we receive your request for a medical item or service. If your request is for a Medicare Part B prescription drug, we will give you an answer within 72 hours after we receive your request.

- However, if you ask for more time, or if we need more information that may benefit you we can take up to 14 more days if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can’t take extra time to make a decision if your request is for a Medicare Part B prescription drug.
- If you believe we should not take extra days, you can file a “fast complaint”. We will give you an answer to your complaint as soon as we make the decision. (The process for making a complaint is different from the process for coverage decisions and appeals. See Section 11 of this chapter for information on complaints.)

For fast coverage decisions we use an expedited timeframe.
A fast coverage decision means we will answer within 72 hours if your request is for a medical item or service. If your request is for a Medicare Part B prescription drug, we will answer within 24 hours.

- **However**, if you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more days**. If we take extra days, we will tell you in writing. We can’t take extra time to make a decision if your request is for a Medicare Part B prescription drug.

- If you believe we should not take extra days, you can file a “fast complaint”. (See Section 11 of this chapter for information on complaints.) We will call you as soon as we make the decision.

- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no.

**Step 4: If we say no to your request for coverage for medical care, you can appeal.**

If we say no, you have the right to ask us to reconsider this decision by making an appeal. This means asking again to get the medical care coverage you want. If you make an appeal, it means you are going on to Level 1 of the appeals process.

**Section 6.3 Step-by-step: How to make a Level 1 appeal**

<table>
<thead>
<tr>
<th>Legal Terms</th>
</tr>
</thead>
<tbody>
<tr>
<td>An appeal to the plan about a medical care coverage decision is called a plan “<strong>reconsideration.</strong>”</td>
</tr>
<tr>
<td>A “fast appeal” is also called an “<strong>expedited reconsideration.</strong>”</td>
</tr>
</tbody>
</table>

**Step 1: Decide if you need a “standard appeal” or a “fast appeal.”**

A “standard appeal” is usually made within 30 days. A “fast appeal” is generally made within 72 hours.

- If you are appealing a decision we made about coverage for care that you have not yet received, you and/or your doctor will need to decide if you need a “fast appeal.” If your doctor tells us that your health requires a “fast appeal,” we will give you a fast appeal.

- The requirements for getting a “fast appeal” are the same as those for getting a “fast coverage decision” in Section 6.2 of this chapter.

**Step 2: Ask our plan for an appeal or a Fast appeal**

- **If you are asking for a standard appeal, submit your standard appeal in writing.** You may also ask for an appeal by calling us. Chapter 2 has contact information.

- **If you are asking for a fast appeal, make your appeal in writing or call us.** Chapter 2 has contact information.
You must make your appeal request within 60 calendar days from the date on the written notice we sent to tell you our answer on the coverage decision. If you miss this deadline and have a good reason for missing it, you must explain the reason your appeal is late in writing. We may give you more time to make your appeal. Examples of good cause may include a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.

You can ask for a copy of the information regarding your medical decision. You and your doctor may add more information to support your appeal.

Step 3: We consider your appeal and we give you our answer.

When we are reviewing your appeal, we take a careful look at all of the information. We check to see if we were following all the rules when we said no to your request.

We will gather more information if needed, possibly contacting you or your doctor.

Deadlines for a “fast appeal”

For fast appeals, we must give you our answer within 72 hours after we receive your appeal. We will give you our answer sooner if your health requires us to.

If you ask for more time, or if we need more information that may benefit you, we can take up to 14 more calendar days if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can’t take extra time if your request is for a Medicare Part B prescription drug.

If we do not give you an answer within 72 hours (or by the end of the extended time period if we took extra days), we are required to automatically send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Section 6.4 explains the Level 2 appeal process.

If our answer is yes to part or all of what you requested, we must authorize or provide the coverage we have agreed to provide within 72 hours after we receive your appeal.

If our answer is no to part or all of what you requested, we will send you our decision in writing and automatically forward your appeal to the Independent Review Organization for a Level 2 appeal. The Independent Review Organization will notify you in writing when it receives your appeal.

Deadlines for a “standard” appeal

For standard appeals, we must give you our answer within 30 calendar days after we receive your appeal. If your request is for a Medicare Part B prescription drug you have not yet received, we will give you our answer within seven calendar days after we receive your appeal. We will give you our decision sooner if your health condition requires us to.

However, if you ask for more time, or if we need more information that may benefit you, we can take up to 14 more calendar days if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can’t take extra time to make a decision if your request is for a Medicare Part B prescription drug.
If you believe we should not take extra days, you can file a “fast complaint”. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (See Section 11 of this chapter for information on complaints.) If we do not give you an answer by the deadline (or by the end of the extended time period), we will send your request to a Level 2 appeal where an Independent Review Organization will review the appeal. Section 6.4 explains the Level 2 appeal process.

- **If our answer is yes to part or all of what you requested,** we must authorize or provide the coverage within 30 calendar days if your request is for a medical item or service, or **within seven calendar days** if your request is for a Medicare Part B prescription drug.

If our plan says no to part or all of your appeal, we will automatically send your appeal to the Independent Review Organization for a Level 2 appeal.

**Section 6.4 Step-by-step: How a Level 2 appeal is done**

<table>
<thead>
<tr>
<th>Legal Term</th>
</tr>
</thead>
<tbody>
<tr>
<td>The formal name for the “Independent Review Organization” is the <strong>Independent Review Entity.</strong> It is sometimes called the <strong>IRE.</strong></td>
</tr>
</tbody>
</table>

The **Independent Review Organization is an independent organization hired by Medicare.** It is not connected with us and is not a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

**Step 1: The Independent Review Organization reviews your appeal.**

- We will send the information about your appeal to this organization. This information is called your “case file.” **You have the right to ask us for a copy of your case file.**
- You have a right to give the Independent Review Organization additional information to support your appeal.
- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal.

**If you had a “fast” appeal at Level 1, you will also have a “fast” appeal at Level 2**

- For the “fast appeal” the review organization must give you an answer to your Level 2 appeal **within 72 hours** of when it receives your appeal.
- If your request is for a medical item or service and the Independent Review Organization needs to gather more information that may benefit you, **it can take up to 14 more calendar days.** The Independent Review Organization can’t take extra time to make a decision if your request is for a Medicare Part B prescription drug.

**If you had a “standard” appeal at Level 1, you will also have a “standard” appeal at Level 2**

- For the “standard appeal” if your request is for a medical item or service, the review organization must give you an answer to your Level 2 appeal **within 30 calendar days** of when it receives your appeal.
If your request is for a Medicare Part B prescription drug, the review organization must give you an answer to your Level 2 appeal **within seven calendar days** of when it receives your appeal.

If your request is for a medical item or service and the Independent Review Organization needs to gather more information that may benefit you, it **can take up to 14 more calendar days**. The Independent Review Organization can’t take extra time to make a decision if your request is for a Medicare Part B prescription drug.

**Step 2: The Independent Review Organization gives you their answer.**

The Independent Review Organization will tell you its decision in writing and explain the reasons for it.

- **If the Independent Review Organization says yes to part or all of a request for a medical item or service**, we must authorize the medical care coverage **within 72 hours** or provide the service **within 14 calendar days** after we receive the Independent Review Organization’s decision for **standard requests** or provide the service **within 72 hours** from the date the plan receives the Independent Review Organization’s decision for **expedited requests**.

- **If the Independent Review Organization says yes to part or all of a request for a Medicare Part B prescription drug**, we must authorize or provide the Medicare Part B prescription drug **within 72 hours** after we receive the Independent Review Organization’s decision for **standard requests** or **within 24 hours** from the date we receive the Independent Review Organization’s decision for **expedited requests**.

- **If this organization says no to part or all of your appeal**, it means they agree with our plan that your request (or part of your request) for coverage for medical care should not be approved. (This is called “upholding the decision” or “turning down your appeal.”) In this case, the Independent Review Organization will send you a letter:
  - Explaining its decision.
  - Notifying you of the right to a Level 3 appeal if the dollar value of the medical care coverage you are requesting meets a certain minimum. The written notice you get from the Independent Review Organization will tell you the dollar amount you must meet to continue the appeals process.
  - Telling you how to file a Level 3 appeal.

**Step 3: If your case meets the requirements, you choose whether you want to take your appeal further.**

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If you want to go to a Level 3 appeal the details on how to do this are in the written notice you get after your Level 2 appeal.

- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 in this chapter explains the Levels 3, 4, and 5 appeals processes.
Section 6.5  What if you are asking us to pay you back our share of a bill you have received for medical care?

If you have already paid for a Medicaid service or item covered by the plan, you can ask our plan to pay you back (paying you back is often called “reimbursing” you). It is your right to be paid back by our plan whenever you’ve paid more than your share of the cost for medical services or drugs that are covered by our plan. When you send us a bill you have already paid, we will look at the bill and decide whether the services or drugs should be covered. If we decide they should be covered, we will pay you back for the services or drugs.

Asking for reimbursement is asking for a coverage decision from us

If you send us the paperwork asking for reimbursement, you are asking for a coverage decision. To make this decision, we will check to see if the medical care you paid for is a covered service. We will also check to see if you followed all the rules for using your coverage for medical care.

- **If we say yes to your request:** If the medical care is covered and you followed all the rules, we will send you the payment for our share of the cost within 60 calendar days after we receive your request. If you haven’t paid for the services, we will send the payment directly to the provider.

- **If we say no to your request:** If the medical care is not covered, or you did not follow all the rules, we will not send payment. Instead, we will send you a letter that says we will not pay for the services and the reasons why.

If you do not agree with our decision to turn you down, you can make an appeal. If you make an appeal, it means you are asking us to change the coverage decision we made when we turned down your request for payment.

To make this appeal, follow the process for appeals that we describe in Section 5.3. For appeals concerning reimbursement, please note:

- We must give you our answer within 60 calendar days after we receive your appeal. If you are asking us to pay you back for medical care you have already received and paid for, you are not allowed to ask for a fast appeal.

- If the Independent Review Organization decides we should pay, we must send you or the provider the payment within 30 calendar days. If the answer to your appeal is yes at any stage of the appeals process after Level 2, we must send the payment you requested to you or to the provider within 60 calendar days.
SECTION 7  Your Part D prescription drugs: How to ask for a coverage decision or make an appeal

Section 7.1  This section tells you what to do if you have problems getting a Part D drug or you want us to pay you back for a Part D drug

Your benefits include coverage for many prescription drugs. To be covered, the drug must be used for a medically accepted indication. (See Chapter 5 for more information about a medically accepted indication.) For details about Part D drugs, rules, restrictions, and costs please see Chapters 5 and 6. This section is about your Part D drugs only. To keep things simple, we generally say “drug” in the rest of this section, instead of repeating “covered outpatient prescription drug” or “Part D drug” every time. We also use the term “drug list” instead of “List of Covered Drugs” or “Formulary.”

- If you do not know if a drug is covered or if you meet the rules, you can ask us. Some drugs require that you get approval from us before we will cover it.
- If your pharmacy tells you that your prescription cannot be filled as written, the pharmacy will give you a written notice explaining how to contact us to ask for a coverage decision.

Part D coverage decisions and appeals

<table>
<thead>
<tr>
<th>Legal Term</th>
</tr>
</thead>
<tbody>
<tr>
<td>An initial coverage decision about your Part D drugs is called a “coverage determination.”</td>
</tr>
</tbody>
</table>

A coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your drugs. This section tells what you can do if you are in any of the following situations:

- Asking to cover a Part D drug that is not on the plan’s List of Covered Drugs. **Ask for an exception. Section 7.2**
- Asking to waive a restriction on the plan’s coverage for a drug (such as limits on the amount of the drug you can get) **Ask for an exception. Section 7.2**
- Asking to pay a lower cost-sharing amount for a covered drug on a higher cost-sharing tier **Ask for an exception. Section 7.2**
- Asking to get pre-approval for a drug. **Ask for a coverage decision. Section 7.4**
- Pay for a prescription drug you already bought. **Ask us to pay you back. Section 7.4**

If you disagree with a coverage decision we have made, you can appeal our decision.

This section tells you both how to ask for coverage decisions and how to request an appeal.
Section 7.2 What is an exception?

<table>
<thead>
<tr>
<th>Legal Terms</th>
</tr>
</thead>
<tbody>
<tr>
<td>Asking for coverage of a drug that is not on the Drug List is sometimes called asking for a “formulary exception.”</td>
</tr>
<tr>
<td>Asking for removal of a restriction on coverage for a drug is sometimes called asking for a “formulary exception.”</td>
</tr>
<tr>
<td>Asking to pay a lower price for a covered non-preferred drug is sometimes called asking for a “tiering exception.”</td>
</tr>
</tbody>
</table>

If a drug is not covered in the way you would like it to be covered, you can ask us to make an “exception.” An exception is a type of coverage decision.

For us to consider your exception request, your doctor or other prescriber will need to explain the medical reasons why you need the exception approved. Here are three examples of exceptions that you or your doctor or other prescriber can ask us to make:

1. **Covering a Part D drug for you that is not on our Drug List.** If we agree to cover a drug not on the Drug List, you will need to pay the cost-sharing amount that applies to drugs in Tier 4. You cannot ask for an exception to the cost-sharing amount we require you to pay for the drug.

2. **Removing a restriction for a covered drug.** Chapter 5 describes the extra rules or restrictions that apply to certain drugs on our Drug List. If we agree to make an exception and waive a restriction for you, you can ask for an exception to the copayment or coinsurance amount we require you to pay for the drug.

3. **Changing coverage of a drug to a lower cost-sharing tier.** Every drug on our Drug List is in one of five cost-sharing tiers. In general, the lower the cost-sharing tier number, the less you will pay as your share of the cost of the drug.
   - If our drug list contains alternative drug(s) for treating your medical condition that are in a lower cost-sharing tier than your drug, you can ask us to cover your drug at the cost-sharing amount that applies to the alternative drug(s).
   - If the drug you’re taking is a brand name drug you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains brand name alternatives for treating your condition.
   - If the drug you’re taking is a generic drug you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains either brand or generic alternatives for treating your condition.
   - You cannot ask us to change the cost-sharing tier for any drug in Tier 5.
   - If we approve your tiering exception request and there is more than one lower cost-sharing tier with alternative drugs you can’t take, you will usually pay the lowest amount.
Section 7.3 Important things to know about asking for exceptions

Your doctor must tell us the medical reasons

Your doctor or other prescriber must give us a statement that explains the medical reasons for requesting an exception. For a faster decision, include this medical information from your doctor or other prescriber when you ask for the exception.

Typically, our Drug List includes more than one drug for treating a particular condition. These different possibilities are called “alternative” drugs. If an alternative drug would be just as effective as the drug you are requesting and would not cause more side effects or other health problems, we will generally not approve your request for an exception. If you ask us for a tiering exception, we will generally not approve your request for an exception unless all the alternative drugs in the lower cost-sharing tier(s) won’t work as well for you or are likely to cause an adverse reaction or other harm.

We can say yes or no to your request

- If we approve your request for an exception, our approval usually is valid until the end of the plan year. This is true as long as your doctor continues to prescribe the drug for you and that drug continues to be safe and effective for treating your condition.

- If we say no to your request, you can ask for another review of our decision by making an appeal.

Section 7.4 Step-by-step: How to ask for a coverage decision, including an exception

Legal Term

A “fast coverage decision” is called an “expedited coverage determination.”

Step 1: Decide if you need a “standard coverage decision” or a “fast coverage decision.”

“Standard coverage decisions” are made within 72 hours after we receive your doctor’s statement. “Fast coverage decisions” are made within 24 hours after we receive your doctor’s statement.

If your health requires it, ask us to give you a “fast coverage decision.” To get a fast coverage decision, you must meet two requirements:

- You must be asking for a drug you have not yet received. (You cannot ask for fast coverage decision to be paid back for a drug you have already bought.)

- Using the standard deadlines could cause serious harm to your health or hurt your ability to function.

- If your doctor or other prescriber tells us that your health requires a “fast coverage decision,” we will automatically give you a fast coverage decision.
If you ask for a fast coverage decision on your own, without your doctor or prescriber’s support, we will decide whether your health requires that we give you a fast coverage decision. If we do not approve a fast coverage decision, we will send you a letter that:

- Explains that we will use the standard deadlines.
- Explains if your doctor or other prescriber asks for the fast coverage decision, we will automatically give you a fast coverage decision.
- Tells you how you can file a “fast complaint” about our decision to give you a standard coverage decision instead of the fast coverage decision you requested. We will answer your complaint within 24 hours of receipt.

**Step 2: Request a “standard coverage decision” or a “fast coverage decision.”**

Start by calling, writing, or faxing our plan to make your request for us to authorize or provide coverage for the medical care you want. You can also access the coverage decision process through our website. We must accept any written request, including a request submitted on the CMS Model Coverage Determination Request Form or on our plan’s form, which is available on our website. Chapter 2 has contact information.

To assist us in processing your request, please be sure to include your name, contact information, and information identifying which denied claim is being appealed. You, your doctor, (or other prescriber) or your representative can do this. You can also have a lawyer act on your behalf. Section 4 of this chapter tells how you can give written permission to someone else to act as your representative.

- **If you are requesting an exception, provide the “supporting statement,”** which is the medical reasons for the exception. Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone and follow up by faxing or mailing a written statement if necessary.

**Step 3: We consider your request and give you our answer.**

**Deadlines for a “fast coverage decision”**

- We must generally give you our answer **within 24 hours** after we receive your request.
  - For exceptions, we will give you our answer within 24 hours after we receive your doctor’s supporting statement. We will give you our answer sooner if your health requires us to.
  - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization.
- **If our answer is yes to part or all of what you requested,** we must provide the coverage we have agreed to provide within 24 hours after we receive your request or doctor’s statement supporting your request.
- **If our answer is no to part or all of what you requested,** we will send you a written statement that explains why we said no. We will also tell you how you can appeal.
Deadlines for a “standard” coverage decision about a drug you have not yet received

- We must generally give you our answer within 72 hours after we receive your request.
  - For exceptions, we will give you our answer within 72 hours after we receive your doctor’s supporting statement. We will give you our answer sooner if your health requires us to.
  - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization.

- If our answer is yes to part or all of what you requested, we must provide the coverage we have agreed to provide within 72 hours after we receive your request or doctor’s statement supporting your request.

- If our answer is no to part or all of what you requested, we will send you a written statement that explains why we said no. We will also tell you how you can appeal.

Deadlines for a “standard” coverage decision about payment for a drug you have already bought

- We must give you our answer within 14 calendar days after we receive your request.
  - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization.

- If our answer is yes to part or all of what you requested, we are also required to make payment to you within 14 calendar days after we receive your request.

- If our answer is no to part or all of what you requested, we will send you a written statement that explains why we said no. We will also tell you how you can appeal.

Step 4: If we say no to your coverage request, you can make an appeal.

- If we say no, you have the right to ask us to reconsider this decision by making an appeal. This means asking again to get the drug coverage you want. If you make an appeal, it means you are going on to Level 1 of the appeals process.

Section 7.5 Step-by-step: How to make a Level 1 appeal

<table>
<thead>
<tr>
<th>Legal Terms</th>
</tr>
</thead>
<tbody>
<tr>
<td>An appeal to the plan about a Part D drug coverage decision is called a plan “redetermination.”</td>
</tr>
<tr>
<td>A “fast appeal” is also called an “expedited redetermination.”</td>
</tr>
</tbody>
</table>

Step 1: Decide if you need a “standard appeal” or a “fast appeal.”

A “standard appeal” is usually made within seven days. A “fast appeal” is generally made within 72 hours. If your health requires it, ask for a “fast appeal.”

- If you are appealing a decision we made about a drug you have not yet received, you and your doctor or other prescriber will need to decide if you need a “fast appeal.”
The requirements for getting a “fast appeal” are the same as those for getting a “fast coverage decision” in Section 6.4 of this chapter.

**Step 2: You, your representative, doctor or other prescriber must contact us and make your Level 1 appeal.** If your health requires a quick response, you must ask for a “fast appeal.”

- For standard appeals, submit a written request or call us. Chapter 2 has contact information.
- For fast appeals either submit your appeal in writing or call us at 855-653-4363 (TTY 800-947-3529). Chapter 2 has contact information.
- We must accept any written request, including a request submitted on the CMS Model Coverage Determination Request Form, which is available on our website. Please be sure to include your name, contact information, and information regarding your claim to assist us in processing your request.
- You must make your appeal request within 60 calendar days from the date on the written notice we sent to tell you our answer on the coverage decision. If you miss this deadline and have a good reason for missing it, explain the reason your appeal is late when you make your appeal. We may give you more time to make your appeal. Examples of good cause may include a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.
- You can ask for a copy of the information in your appeal and add more information. You and your doctor may add more information to support your appeal.

**Step 3: We consider your appeal and we give you our answer.**

- When we are reviewing your appeal, we take another careful look at all of the information about your coverage request. We check to see if we were following all the rules when we said no to your request. We may contact you or your doctor or other prescriber to get more information.

**Deadlines for a “fast appeal”**

- For fast appeals, we must give you our answer **within 72 hours after we receive your appeal.** We will give you our answer sooner if your health requires us to.
  - If we do not give you an answer within 72 hours, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Section 6.6 explains the Level 2 appeal process.
- If our answer is yes to part or all of what you requested, we must provide the coverage we have agreed to provide within 72 hours after we receive your appeal.
- If our answer is no to part or all of what you requested, we will send you a written statement that explains why we said no and how you can appeal our decision.
Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

**Deadlines for a “standard” appeal for a drug you have not yet received**

- For standard appeals, we must give you our answer within seven calendar days after we receive your appeal. We will give you our decision sooner if you have not received the drug yet and your health condition requires us to do so.
  - If we do not give you a decision within seven calendar days, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Section 6.6 explains the Level 2 appeal process.

- **If our answer is yes to part or all of what you requested**, we must provide the coverage as quickly as your health requires, but no later than seven calendar days after we receive your appeal. **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no and how you can appeal our decision.

**Deadlines for a “standard appeal” about payment for a drug you have already bought**

- We must give you our answer within 14 calendar days after we receive your request.
  - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization.

- **If our answer is yes to part or all of what you requested**, we are also required to make payment to you within 30 calendar days after we receive your request.

- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no. We will also tell you how you can appeal.

**Step 4: If we say no to your appeal, you decide if you want to continue with the appeals process and make another appeal.**

If you decide to make another appeal, it means your appeal is going on to Level 2 of the appeals process.

**Section 7.6 Step-by-step: How to make a Level 2 appeal**

<table>
<thead>
<tr>
<th>Legal Term</th>
</tr>
</thead>
<tbody>
<tr>
<td>The formal name for the “Independent Review Organization” is the “Independent Review Entity.” It is sometimes called the “IRE.”</td>
</tr>
</tbody>
</table>

The Independent Review Organization is an independent organization hired by Medicare. It is not connected with us and is not a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

**Step 1: You (or your representative or your doctor or other prescriber) must contact the Independent Review Organization and ask for a review of your case.**

- If we say no to your Level 1 appeal, the written notice we send you will include instructions on how to make a Level 2 appeal with the Independent Review Organization. These instructions will tell who can make this Level 2 appeal, what deadlines you must follow, and how to reach the review organization. If, however, we did not complete our review within the applicable timeframe, or make
Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

an unfavorable decision regarding “at-risk” determination under our drug management program, we will automatically forward your claim to the IRE.

- We will send the information about your appeal to this organization. This information is called your “case file.” You have the right to ask us for a copy of your case file.
- You have a right to give the Independent Review Organization additional information to support your appeal.

Step 2: The Independent Review Organization reviews your appeal.

Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal.

**Deadlines for “fast” appeal**

- If your health requires it, ask the Independent Review Organization for a “fast appeal.”
- If the organization agrees to give you a “fast appeal,” the organization must give you an answer to your Level 2 appeal within 72 hours after it receives your appeal request.

**Deadlines for “standard” appeal**

- For standard appeals, the review organization must give you an answer to your Level 2 appeal within seven calendar days after it receives your appeal if it is for a drug you have not yet received. If you are requesting that we pay you back for a drug you have already bought, the review organization must give you an answer to your Level 2 appeal within 14 calendar days after it receives your request.

Step 3: The Independent Review Organization gives you their answer.

**For “fast appeals”:**

- If the Independent Review Organization says yes to part or all of what you requested, we must provide the drug coverage that was approved by the review organization within 24 hours after we receive the decision from the review organization.

**For “standard appeals”:**

- If the Independent Review Organization says yes to part or all of your request for coverage, we must provide the drug coverage that was approved by the review organization within 72 hours after we receive the decision from the review organization.
- If the Independent Review Organization says yes to part or all of your request to pay you back for a drug you already bought, we are required to send payment to you within 30 calendar days after we receive the decision from the review organization.

What if the review organization says no to your appeal?

If this organization says no to part or all of your appeal, it means they agree with our decision not to approve your request (or part of your request). (This is called “upholding the decision.” It is also called “turning down your appeal.”). In this case, the Independent Review Organization will send you a letter:
• Explaining its decision.
• Notifying you of the right to a Level 3 appeal if the dollar value of the drug coverage you are requesting meets a certain minimum. If the dollar value of the drug coverage you are requesting is too low, you cannot make another appeal and the decision at Level 2 is final.
• Telling you the dollar value that must be in dispute to continue with the appeals process.

**Step 4: If your case meets the requirements, you choose whether you want to take your appeal further.**

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal).
- If you want to go on to Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 of this chapter tells more about Levels 3, 4, and 5 of the appeals process.

**SECTION 8 How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon**

When you are admitted to a hospital, you have the right to get all of your covered hospital services that are necessary to diagnose and treat your illness or injury.

During your covered hospital stay, your doctor and the hospital staff will be working with you to prepare for the day when you will leave the hospital. They will help arrange for care you may need after you leave.

- The day you leave the hospital is called your “discharge date.”
- When your discharge date is decided, your doctor or the hospital staff will tell you.
- If you think you are being asked to leave the hospital too soon, you can ask for a longer hospital stay and your request will be considered.

**Section 8.1 During your inpatient hospital stay, you will get a written notice from Medicare that tells about your rights**

Within two days of being admitted to the hospital, you will be given a written notice called *An Important Message from Medicare about Your Rights*. Everyone with Medicare gets a copy of this notice. If you do not get the notice from someone at the hospital (for example, a caseworker or nurse), ask any hospital employee for it. If you need help, please call our member experience team or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. (TTY 1-877-486-2048).

1. Read this notice carefully and ask questions if you don’t understand it. It tells you:
Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- Your right to receive Medicare-covered services during and after your hospital stay, as ordered by your doctor. This includes the right to know what these services are, who will pay for them, and where you can get them.
- Your right to be involved in any decisions about your hospital stay
- Where to report any concerns you have about the quality of your hospital care
- Your right to request an immediate review of the decision to discharge you if you think you are being discharged from the hospital too soon. This is a formal, legal way to ask for a delay in your discharge date so that we will cover your hospital care for a longer time.

2. You will be asked to sign the written notice to show that you received it and understand your rights.
   - You or someone who is acting on your behalf will be asked to sign the notice.
   - Signing the notice shows only that you have received the information about your rights. The notice does not give your discharge date. Signing the notice does not mean you are agreeing on a discharge date.

3. Keep your copy of the notice handy so you will have the information about making an appeal (or reporting a concern about quality of care) if you need it.
   - If you sign the notice more than two days before your discharge date, you will get another copy before you are scheduled to be discharged.
   - To look at a copy of this notice in advance, you can call our member experience team or 1-800 MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users should call 1-877-486-2048. You can also see the notice online at www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeappealNotices.

Section 8.2 Step-by-step: How to make a Level 1 appeal to change your hospital discharge date

If you want to ask for your inpatient hospital services to be covered by us for a longer time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- Follow the process.
- Meet the deadlines.
- Ask for help if you need it. If you have questions or need help at any time, please call our member experience team. Or call your State Health Insurance Assistance Program, a government organization that provides personalized assistance.

During a Level 1 appeal, the Quality Improvement Organization reviews your appeal. It checks to see if your planned discharge date is medically appropriate for you.

The Quality Improvement Organization is a group of doctors and other health care professionals paid by the Federal government to check on and help improve the quality of care for people with Medicare. This
includes reviewing hospital discharge dates for people with Medicare. These experts are not part of our plan.

**Step 1: Contact the Quality Improvement Organization for your state and ask for an immediate review of your hospital discharge. You must act quickly.**

*How can you contact this organization?*

- The written notice you received (*An Important Message from Medicare About Your Rights*) tells you how to reach this organization. Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2.

*Act quickly:*

- To make your appeal, you must contact the Quality Improvement Organization *before* you leave the hospital and *no later than midnight the day of your discharge.*
  - If you meet this deadline, you may stay in the hospital *after* your discharge date *without paying for it* while you wait to get the decision from the Quality Improvement Organization.
  - If you do not meet this deadline, and you decide to stay in the hospital after your planned discharge date, *you may have to pay all of the costs* for hospital care you receive after your planned discharge date.

- If you miss the deadline for contacting the Quality Improvement Organization, and you still wish to appeal, you must make an appeal directly to our plan instead. For details about this other way to make your appeal, see Section 8.4 of this chapter.

Once you request an immediate review of your hospital discharge the Quality Improvement Organization will contact us. By noon of the day after we are contacted we will give you a *Detailed Notice of Discharge.* This notice gives your planned discharge date and explains in detail the reasons why your doctor, the hospital, and we think it is right (medically appropriate) for you to be discharged on that date.

You can get a sample of the Detailed Notice of Discharge by calling our member experience team or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. (TTY users should call 1-877-486-2048.) Or you can see a sample notice online at www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeappealNotices.

**Step 2: The Quality Improvement Organization conducts an independent review of your case.**

- Health professionals at the Quality Improvement Organization (the reviewers”) will ask you (or your representative) why you believe coverage for the services should continue. You don’t have to prepare anything in writing, but you may do so if you wish.

- The reviewers will also look at your medical information, talk with your doctor, and review information that the hospital and we have given to them.

- By noon of the day after the reviewers told us of your appeal, you will get a written notice from us that gives your planned discharge date. This notice also explains in detail the reasons why your
Step 3: Within one full day after it has all the needed information, the Quality Improvement Organization will give you its answer to your appeal.

What happens if the answer is yes?

- If the review organization says yes, we must keep providing your covered inpatient hospital services for as long as these services are medically necessary.
- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). In addition, there may be limitations on your covered hospital services.

What happens if the answer is no?

- If the review organization says no, they are saying that your planned discharge date is medically appropriate. If this happens, our coverage for your inpatient hospital services will end at noon on the day after the Quality Improvement Organization gives you its answer to your appeal.
- If the review organization says no to your appeal and you decide to stay in the hospital, then you may have to pay the full cost of hospital care you receive after noon on the day after the Quality Improvement Organization gives you its answer to your appeal.

Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal.

- If the Quality Improvement Organization has said no to your appeal, and you stay in the hospital after your planned discharge date, then you can make another appeal. Making another appeal means you are going on to “Level 2” of the appeals process.

Section 8.3 Step-by-step: How to make a Level 2 appeal to change your hospital discharge date

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at their decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may have to pay the full cost for your stay after your planned discharge date.

Step 1: Contact the Quality Improvement Organization again and ask for another review.

- You must ask for this review within 60 calendar days after the day the Quality Improvement Organization said no to your Level 1 appeal. You can ask for this review only if you stay in the hospital after the date that your coverage for the care ended.

Step 2: The Quality Improvement Organization does a second review of your situation.

- Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.
**Step 3:** Within 14 calendar days of receipt of your request for a Level 2 appeal, the reviewers will decide on your appeal and tell you their decision.

*If the review organization says yes:*
- We must reimburse you for our share of the costs of hospital care you have received since noon on the day after the date your first appeal was turned down by the Quality Improvement Organization. We must continue providing coverage for your inpatient hospital care for as long as it is medically necessary.
- You must continue to pay your share of the costs and coverage limitations may apply.

*If the review organization says no:*
- It means they agree with the decision they made on your Level 1 appeal.
- The notice you get will tell you in writing what you can do if you wish to continue with the review process.

**Step 4:** If the answer is no, you will need to decide whether you want to take your appeal further by going on to Level 3.
- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If you want to go to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 of this chapter tells more about Levels 3, 4, and 5 of the appeals process.

Section 8.4 What if you miss the deadline for making your Level 1 appeal?

<table>
<thead>
<tr>
<th>Legal Term</th>
</tr>
</thead>
<tbody>
<tr>
<td>A “fast” review (or “fast appeal”) is also called an “expedited appeal.”</td>
</tr>
</tbody>
</table>

You can appeal to us instead

As explained above, you must act quickly to start your Level 1 appeal of your hospital discharge. If you miss the deadline for contacting the Quality Improvement Organization, there is another way to make your appeal.

If you use this other way of making your appeal, *the first two levels of appeal are different.*

**Step-by-Step: How to make a Level 1 Alternate appeal**

**Step 1:** Contact us and ask for a “fast review.”
- Ask for a “fast review.” This means you are asking us to give you an answer using the “fast” deadlines rather than the “standard” deadlines. Chapter 2 has contact information.
Step 2: We do a “fast” review of your planned discharge date, checking to see if it was medically appropriate.

- During this review, we take a look at all of the information about your hospital stay. We check to see if your planned discharge date was medically appropriate. We see if the decision about when you should leave the hospital was fair and followed all the rules.

Step 3: We give you our decision within 72 hours after you ask for a “fast review”.

- If we say yes to your appeal, it means we have agreed with you that you still need to be in the hospital after the discharge date. We will keep providing your covered inpatient hospital services for as long as they are medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. (You must pay your share of the costs and there may be coverage limitations that apply.)

- If we say no to your appeal, we are saying that your planned discharge date was medically appropriate. Our coverage for your inpatient hospital services ends as of the day we said coverage would end.
  - If you stayed in the hospital after your planned discharge date, then you may have to pay the full cost of hospital care you received after the planned discharge date.

Step 4: If we say no to your appeal, your case will automatically be sent on to the next level of the appeals process.

Step-by-Step: Level 2 Alternate appeal Process

<table>
<thead>
<tr>
<th>Legal Term</th>
</tr>
</thead>
<tbody>
<tr>
<td>The formal name for the “Independent Review Organization” is the “Independent Review Entity.” It is sometimes called the “IRE.”</td>
</tr>
</tbody>
</table>

The Independent Review Organization is an independent organization hired by Medicare. It is not connected with us and is not a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

Step 1: We will automatically forward your case to the Independent Review Organization.

- We are required to send the information for your Level 2 appeal to the Independent Review Organization within 24 hours of when we tell you that we are saying no to your first appeal. (If you think we are not meeting this deadline or other deadlines, you can make a complaint. Section 11 of this chapter tells how to make a complaint.)

Step 2: The Independent Review Organization does a “fast review” of your appeal. The reviewers give you an answer within 72 hours.

- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal of your hospital discharge.

- If this organization says yes to your appeal, then we must (pay you back) for our share of the costs of hospital care you received since the date of your planned discharge. We must also continue the
plan’s coverage of your inpatient hospital services for as long as it is medically necessary. You must continue to pay your share of the costs. If there are coverage limitations, these could limit how much we would reimburse or how long we would continue to cover your services.

- **If this organization says no to your appeal**, it means they agree that your planned hospital discharge date was medically appropriate.
  - The written notice you get from the Independent Review Organization will tell how to start a Level 3 appeal, which is handled by an Administrative Law Judge or attorney adjudicator.

**Step 3:** If the Independent Review Organization turns down your appeal, you choose whether you want to take your appeal further.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If reviewers say no to your Level 2 appeal, you decide whether to accept their decision or go on to Level 3 appeal.
- Section 10 of this chapter tells more about Levels 3, 4, and 5 of the appeals process.

### SECTION 9 How to ask us to keep covering certain medical services if you think your coverage is ending too soon

**Section 9.1**  
*This section is about three services only:*
Home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services

When you are getting **home health services, skilled nursing care, or rehabilitation care (Comprehensive Outpatient Rehabilitation Facility)**, you have the right to keep getting your covered services for that type of care for as long as the care is needed to diagnose and treat your illness or injury.

When we decide it is time to stop covering any of the three types of care for you, we are required to tell you in advance. When your coverage for that care ends, we will **stop paying our share of the cost for your care.**

If you think we are ending the coverage of your care too soon, **you can appeal our decision.** This section tells you how to ask for an appeal.

**Section 9.2**  
**We will tell you in advance when your coverage will be ending**

**Legal Term**

*“Notice of Medicare Non-Coverage.”* It tells you how you can request a **“fast-track appeal.”**

Requesting a fast-track appeal is a formal, legal way to request a change to our coverage decision about when to stop your care.

1. **You receive a notice in writing** at least two days before our plan is going to stop covering your care. The notice tells you:
Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- The date when we will stop covering the care for you.
- How to request a “fast track appeal” to request us to keep covering your care for a longer period of time.

2. You, or someone who is acting on your behalf, will be asked to sign the written notice to show that you received it. Signing the notice shows only that you have received the information about when your coverage will stop. Signing it does not mean you agree with the plan’s decision to stop care.

Section 9.3 Step-by-step: How to make a Level 1 appeal to have our plan cover your care for a longer time

If you want to ask us to cover your care for a longer period of time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- Follow the process.
- Meet the deadlines.
- Ask for help if you need it. If you have questions or need help at any time, please call our member experience team. Or call your State Health Insurance Assistance Program, a government organization that provides personalized assistance.

During a Level 1 appeal, the Quality Improvement Organization reviews your appeal. It decides if the end date for your care is medically appropriate.

Step 1: Make your Level 1 appeal: contact the Quality Improvement Organization and ask for a fast-track appeal. You must act quickly.

How can you contact this organization?

- The written notice you received (Notice of Medicare Non-Coverage) tells you how to reach this organization. (Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2.)

Act quickly:

- You must contact the Quality Improvement Organization to start your appeal by noon of the day before the effective date on the Notice of Medicare Non-Coverage.

Your deadline for contacting this organization.

- If you miss the deadline for contacting the Quality Improvement Organization, and you still wish to file an appeal, you must make an appeal directly to us instead. For details about this other way to make your appeal, see Section 9.5 of this chapter.
Step 2: The Quality Improvement Organization conducts an independent review of your case.

What happens during this review?
- Health professionals at the Quality Improvement Organization ("the reviewers") will ask you, or your representative, why you believe coverage for the services should continue. You don’t have to prepare anything in writing, but you may do so if you wish.
- The review organization will also look at your medical information, talk with your doctor, and review information that our plan has given to them.
- By the end of the day the reviewers tell us of your appeal, you will get the **Detailed Explanation of Non-Coverage** from us that explains in detail our reasons for ending our coverage for your services.

Step 3: Within one full day after they have all the information they need, the reviewers will tell you their decision.

What happens if the reviewers say yes?
- If the reviewers say yes to your appeal, then we must keep providing your covered services for as long as it is medically necessary.
- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). There may be limitations on your covered services.

What happens if the reviewers say no?
- If the reviewers say no, then your coverage will end on the date we have told you.
- If you decide to keep getting the home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services after this date when your coverage ends, then you will have to pay the full cost of this care yourself.

Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal.
- If reviewers say no to your Level 1 appeal – and you choose to continue getting care after your coverage for the care has ended – then you can make a Level 2 appeal.

### Section 9.4 Step-by-step: How to make a Level 2 appeal to have our plan cover your care for a longer time

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at the decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may
have to pay the full cost for your home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services after the date when we said your coverage would end.

**Step 1: Contact the Quality Improvement Organization again and ask for another review.**

- You must ask for this review within 60 days after the day when the Quality Improvement Organization said no to your Level 1 appeal. You can ask for this review only if you continued getting care after the date that your coverage for the care ended.

**Step 2: The Quality Improvement Organization does a second review of your situation.**

- Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

**Step 3: Within 14 days of receipt of your appeal request, reviewers will decide on your appeal and tell you their decision.**

*What happens if the review organization says yes?*

- We must reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. We must continue providing coverage for the care for as long as it is medically necessary.

- You must continue to pay your share of the costs and there may be coverage limitations that apply.

*What happens if the review organization says no?*

- It means they agree with the decision made to your Level 1 appeal.

- The notice you get will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to the next level of appeal, which is handled by an Administrative Law Judge or attorney adjudicator.

**Step 4: If the answer is no, you will need to decide whether you want to take your appeal further.**

- There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If you want to go on to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.

- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 of this chapter tells more about Levels 3, 4, and 5 of the appeals process.

### Section 9.5 What if you miss the deadline for making your Level 1 appeal?

**You can appeal to us instead**

As explained above, you must act quickly to contact the Quality Improvement Organization to start your first appeal (within a day or two, at the most). If you miss the deadline for contacting this organization, there
is another way to make your appeal. If you use this other way of making your appeal, the first two levels of appeal are different.

Step-by-Step: How to make a Level 1 Alternate appeal

<table>
<thead>
<tr>
<th>Legal Term</th>
</tr>
</thead>
<tbody>
<tr>
<td>A “fast review” (or “fast appeal”) is also called an “expedited appeal.”</td>
</tr>
</tbody>
</table>

**Step 1: Contact us and ask for a “fast review.”**

- **Ask for a “fast review.”** This means you are asking us to give you an answer using the “fast” deadlines rather than the “standard” deadlines. Chapter 2 has contact information.

**Step 2: We do a “fast review” of the decision we made about when to end coverage for your services.**

- During this review, we take another look at all of the information about your case. We check to see if we were following all the rules when we set the date for ending the plan’s coverage for services you were receiving.

**Step 3: We give you our decision within 72 hours after you ask for a “fast review”**.

- **If we say yes to your appeal,** it means we have agreed with you that you need services longer and will keep providing your covered services for as long as it is medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. (You must pay your share of the costs and there may be coverage limitations that apply.)

- **If we say no to your appeal,** then your coverage will end on the date we told you and we will not pay any share of the costs after this date.

- If you continued to get home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services after the date when we said your coverage would end, then **you will have to pay the full cost** of this care.

**Step 4: If we say no to your fast appeal, your case will automatically go on to the next level of the appeals process.**

<table>
<thead>
<tr>
<th>Legal Term</th>
</tr>
</thead>
<tbody>
<tr>
<td>The formal name for the “Independent Review Organization” is the “Independent Review Entity.” It is sometimes called the “IRE.”</td>
</tr>
</tbody>
</table>

**Step-by-Step: Level 2 Alternate appeal Process**

- During the Level 2 appeal, the Independent Review Organization reviews the decision we made to your “fast appeal.” This organization decides whether the decision should be changed. The Independent Review Organization is an independent organization that is hired by Medicare. This organization is not connected with our plan and it is not a government agency. This
organization is a company chosen by Medicare to handle the job of being the Independent Review Organization. Medicare oversees its work.

**Step 1: We automatically forward your case to the Independent Review Organization.**

- We are required to send the information for your Level 2 appeal to the Independent Review Organization within 24 hours of when we tell you that we are saying no to your first appeal. (If you think we are not meeting this deadline or other deadlines, you can make a complaint. Section 11 of this chapter tells how to make a complaint.)

**Step 2: The Independent Review Organization does a “fast review” of your appeal. The reviewers give you an answer within 72 hours.**

- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal.

  - **If this organization says yes to your appeal,** then we must pay you back for our share of the costs of care you have received since the date when we said your coverage would end. We must also continue to cover the care for as long as it is medically necessary. You must continue to pay your share of the costs. If there are coverage limitations, these could limit how much we would reimburse or how long we would continue to cover services.

  - **If this organization says no to your appeal,** it means they agree with the decision our plan made to your first appeal and will not change it.

  - The notice you get from the Independent Review Organization will tell you in writing what you can do if you wish to go on to a Level 3 appeal.

**Step 3: If the Independent Review Organization says no to your appeal, you choose whether you want to take your appeal further.**

- There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If you want to go on to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.

- A Level 3 appeal is reviewed by an Administrative Law Judge or attorney adjudicator. Section 10 of this chapter tells more about Levels 3, 4, and 5 of the appeals process.

**SECTION 10 Taking your appeal to Level 3 and beyond**

**Section 10.1 Appeal Levels 3, 4 and 5 for Medical Service Requests**

This section may be appropriate for you if you have made a Level 1 appeal and a Level 2 appeal, and both of your appeals have been turned down.

If the dollar value of the item or medical service you have appealed meets certain minimum levels, you may be able to go on to additional levels of appeal. If the dollar value is less than the minimum level, you cannot appeal any further. The written response you receive to your Level 2 appeal will explain how to make a Level 3 appeal.
For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

### Level 3 appeal
An Administrative Law Judge or an attorney adjudicator who works for the Federal government will review your appeal and give you an answer.

- If the Administrative Law Judge or attorney adjudicator says yes to your appeal, the appeals process may or may not be over. Unlike a decision at Level 2 appeal, we have the right to appeal a Level 3 decision that is favorable to you. If we decide to appeal it will go to a Level 4 appeal.
  - If we decide not to appeal, we must authorize or provide you with the service within 60 calendar days after receiving the Administrative Law Judge’s or attorney adjudicator’s decision.
  - If we decide to appeal the decision, we will send you a copy of the Level 4 appeal request with any accompanying documents. We may wait for the Level 4 appeal decision before authorizing or providing the service in dispute.

- If the Administrative Law Judge or attorney adjudicator says no to your appeal, the appeals process may or may not be over.
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.
  - If you do not want to accept the decision, you can continue to the next level of the review process. The notice you get will tell you what to do for a Level 4 appeal.

### Level 4 appeal: The Medicare Appeals Council (Council) will review your appeal and give you an answer. The Council is part of the Federal government.

- If the answer is yes, or if the Council denies our request to review a favorable Level 3 appeal decision, the appeals process may or may not be over. Unlike a decision at Level 2, we have the right to appeal a Level 4 decision that is favorable to you. We will decide whether to appeal this decision to Level 5.
  - If we decide not to appeal the decision, we must authorize or provide you with the service within 60 calendar days after receiving the Council’s decision.
  - If we decide to appeal the decision, we will let you know in writing.

- If the answer is no or if the Council denies the review request, the appeals process may or may not be over.
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.
  - If you do not want to accept the decision, you may be able to continue to the next level of the review process. If the Council says no to your appeal, the notice you get will tell you whether the rules allow you to go on to a Level 5 appeal and how to continue with a Level 5 appeal.

### Level 5 appeal A judge at the Federal District Court will review your appeal.

- A judge will review all of the information and decide yes or no to your request. This is a final answer. There are no more appeal levels after the Federal District Court.
**Section 10.2 Appeal Levels 3, 4 and 5 for Part D Drug Requests**

This section may be appropriate for you if you have made a Level 1 appeal and a Level 2 appeal, and both of your appeals have been turned down.

If the value of the drug you have appealed meets a certain dollar amount, you may be able to go on to additional levels of appeal. If the dollar amount is less, you cannot appeal any further. The written response you receive to your Level 2 appeal will explain who to contact and what to do to ask for a Level 3 appeal.

For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

<table>
<thead>
<tr>
<th>Level 3 appeal</th>
<th>An Administrative Law Judge or attorney adjudicator who works for the Federal government will review your appeal and give you an answer.</th>
</tr>
</thead>
<tbody>
<tr>
<td>• If the answer is yes, the appeals process is over. We must authorize or provide the drug coverage that was approved by the Administrative Law Judge or attorney adjudicator within 72 hours (24 hours for expedited appeals) or make payment no later than 30 calendar days after we receive the decision.</td>
<td></td>
</tr>
<tr>
<td>• If the answer is no, the appeals process may or may not be over.</td>
<td></td>
</tr>
<tr>
<td>o If you decide to accept this decision that turns down your appeal, the appeals process is over.</td>

It will also tell you who to contact and what to do next if you choose to continue with your appeal.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Level 5 appeal</th>
<th>A judge at the Federal District Court will review your appeal.</th>
</tr>
</thead>
</table>

A judge will review all of the information and decide yes or no to your request. This is a final answer. There are no more appeal levels after the Federal District Court.
## Section 11.1 What kinds of problems are handled by the complaint process?

The complaint process is *only* used for certain types of problems. This includes problems related to quality of care, waiting times, and the customer service. Here are examples of the kinds of problems handled by the complaint process.

<table>
<thead>
<tr>
<th>Complaint</th>
<th>Example</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quality of your medical care</td>
<td>• Are you unhappy with the quality of the care you have received (including care in the hospital)?</td>
</tr>
<tr>
<td>Respecting your privacy</td>
<td>• Did someone not respect your right to privacy or share confidential information?</td>
</tr>
<tr>
<td>Disrespect, poor customer service, or other negative behaviors</td>
<td>• Has someone been rude or disrespectful to you?</td>
</tr>
<tr>
<td></td>
<td>• Are you unhappy with our member experience team?</td>
</tr>
<tr>
<td></td>
<td>• Do you feel you are being encouraged to leave the plan?</td>
</tr>
<tr>
<td>Waiting times</td>
<td>• Are you having trouble getting an appointment, or waiting too long to get it?</td>
</tr>
<tr>
<td></td>
<td>• Have you been kept waiting too long by doctors, pharmacists, or other health professionals? Or by our member experience team or other staff at the plan?</td>
</tr>
<tr>
<td></td>
<td>o Examples include waiting too long on the phone, in the waiting or exam room, or getting a prescription.</td>
</tr>
<tr>
<td>Cleanliness</td>
<td>• Are you unhappy with the cleanliness or condition of a clinic, hospital, or doctor’s office?</td>
</tr>
<tr>
<td>Information you get from us</td>
<td>• Did we fail to give you a required notice?</td>
</tr>
</tbody>
</table>
|                                                | • Is our written information hard to understand?
Chapter 9 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

<table>
<thead>
<tr>
<th>Complaint</th>
<th>Example</th>
</tr>
</thead>
</table>
| **Timeliness**  
(These types of complaints are all related to the *timeliness* of our actions related to coverage decisions and appeals) | If you have asked for a coverage decision or made an appeal, and you think that we are not responding quickly enough, you can make a complaint about our slowness. Here are examples:  
- You asked us for a “fast coverage decision” or a “fast appeal,” and we have said no; you can make a complaint.  
- You believe we are not meeting the deadlines for coverage decisions or appeals; you can make a complaint.  
- You believe we are not meeting deadlines for covering or reimbursing you for certain medical services or drugs that were approved; you can make a complaint.  
- You believe we failed to meet required deadlines for forwarding your case to the Independent Review Organization; you can make a complaint. |

Section 11.2 How to make a complaint

<table>
<thead>
<tr>
<th>Legal Terms</th>
</tr>
</thead>
</table>
| A “Complaint” is also called a “grievance.”  
“Making a complaint” is also called “filing a grievance.”  
“Using the process for complaints” is also called “using the process for filing a grievance.” |
| A “fast complaint” is also called an “expedited grievance.” |

Section 11.3 Step-by-step: Making a complaint

**Step 1: Contact us promptly – either by phone or in writing.**

- **Usually, calling our member experience team is the first step.** If there is anything else you need to do, our member experience team will let you know.
- **If you do not wish to call (or you called and were not satisfied), you can put your complaint in writing and send it to us.** If you put your complaint in writing, we will respond to your complaint in writing.
- Send your grievance (complaint) in writing to Network Health Medicare Advantage Plans, Attn: Medicare Grievances, PO Box 120, 1570 Midway Pl., Menasha, WI 54952, via fax at 920-720-1832, or phone by calling 855-653-4363 (TTY 800-947-3529).
• If you request a fast coverage determination or appeal and we deny your request, we will call you and send you a letter within 72 hours notifying you that your request will automatically follow the standard grievance and appeals process.

• The deadline for making a complaint is 60 calendar days from the time you had the problem you want to complain about.

**Step 2: We look into your complaint and give you our answer.**

• **If possible, we will answer you right away.** If you call us with a complaint, we may be able to give you an answer on the same phone call.

• **Most complaints are answered within 30 calendar days.** If we need more information and the delay is in your best interest or if you ask for more time, we can take up to 14 more calendar days (44 calendar days total) to answer your complaint. If we decide to take extra days, we will tell you in writing.

• **If you are making a complaint because we denied your request for a “fast coverage decision” or a “fast appeal,” we will automatically give you a “fast complaint.”** If you have a “fast complaint,” it means we will give you an answer within 24 hours.

• **If we do not agree** with some or all of your complaint or don’t take responsibility for the problem you are complaining about, we will include our reasons in our response to you.

### Section 11.4 You can also make complaints about quality of care to the Quality Improvement Organization

When your complaint is about *quality of care*, you also have two extra options:

• **You can make your complaint directly to the Quality Improvement Organization.** The Quality Improvement Organization is a group of practicing doctors and other health care experts paid by the Federal government to check and improve the care given to Medicare patients. Chapter 2 has contact information.

  - Or

• **You can make your complaint to both the Quality Improvement Organization and us at the same time.**

### Section 11.5 You can also tell Medicare about your complaint

You can submit a complaint about NetworkCares directly to Medicare. To submit a complaint to Medicare, go to [www.medicare.gov/MedicareComplaintForm/home.aspx](http://www.medicare.gov/MedicareComplaintForm/home.aspx). You may also call 1-800-MEDICARE (1-800-633-4227). TTY/TDD users can call 1-877-486-2048.
PROBLEMS ABOUT YOUR MEDICAID BENEFITS

SECTION 12  Handling problems about your Medicaid benefits

For more information and help handling a problem with your Wisconsin Medicaid benefits, you can contact Wisconsin Medicaid. Here are two (2) ways to get information directly from Wisconsin Medicaid:

- You can call 800-362-3002 during regular business hours. TTY users should call 888-701-1251.
- You can visit the Wisconsin Medicaid website (dhs.wisconsin.gov/medicaid).
CHAPTER 10:
Ending your membership in the plan
SECTION 1  Introduction to ending your membership in our plan

Ending your membership in NetworkCares may be voluntary (your own choice) or involuntary (not your own choice):

- You might leave our plan because you have decided that you want to leave. Sections 2 and 3 provide information on ending your membership voluntarily.
- There are also limited situations where you do not choose to leave, but we are required to end your membership. Section 5 tells you about situations when we must end your membership.

If you are leaving our plan, our plan must continue to provide your medical care and prescription drugs and you will continue to pay your cost share until your membership ends.

SECTION 2  When can you end your membership in our plan?

Section 2.1  You may be able to end your membership because you have Medicare and Medicaid

Most people with Medicare can end their membership only during certain times of the year. Because you have Medicaid, you may be able to end your membership in our plan or switch to a different plan one time during each of the following Special Enrollment Periods:

- January to March
- April to June
- July to September

If you joined our plan during one of these periods, you’ll have to wait for the next period to end your membership or switch to a different plan. You can’t use this Special Enrollment Period to end your membership in our plan between October and December. However, all people with Medicare can make changes from October 15 – December 7 during the Annual Enrollment Period. Section 2.2 tells you more about the Annual Enrollment Period.

- Choose any of the following types of Medicare plans:
  - Another Medicare health plan, with or without prescription drug coverage
  - Original Medicare with a separate Medicare prescription drug plan
o Original Medicare without a separate Medicare prescription drug plan
  ▪ If you choose this option, Medicare may enroll you in a drug plan, unless you have opted out of automatic enrollment.

Note: If you disenroll from Medicare prescription drug coverage and go without “creditable” prescription drug coverage for a continuous period of 63 days or more, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

Contact your State Medicaid Office to learn about your Medicaid plan options (telephone numbers are in Chapter 2, Section 6 of this document).

• When will your membership end? Your membership will usually end on the first day of the month after we receive your request to change your plans. Your enrollment in your new plan will also begin on this day.

Section 2.2 You can end your membership during the Annual Enrollment Period

You can end your membership during the Annual Enrollment Period (also known as the “Annual Open Enrollment Period”). During this time, review your health and drug coverage and decide about coverage for the upcoming year.

• The Annual Enrollment Period is from October 15 to December 7.
• Choose to keep your current coverage or make changes to your coverage for the upcoming year. If you decide to change to a new plan, you can choose any of the following types of plans:
  o Another Medicare health plan, with or without prescription drug coverage.
  o Original Medicare with a separate Medicare prescription drug plan
    OR
  o Original Medicare without a separate Medicare prescription drug plan.

• Your membership will end in our plan when your new plan’s coverage begins on January 1.

If you receive “Extra Help” from Medicare to pay for your prescription drugs: If you switch to Original Medicare and do not enroll in a separate Medicare prescription drug plan, Medicare may enroll you in a drug plan, unless you have opted out of automatic enrollment.

Note: If you disenroll from Medicare prescription drug coverage and go without creditable prescription drug coverage for 63 days or more in a row, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

Section 2.3 You can end your membership during the Medicare Advantage Open Enrollment Period

You have the opportunity to make one change to your health coverage during the Medicare Advantage Open Enrollment Period.

• The annual Medicare Advantage Open Enrollment Period is from January 1 to March 31.
• **During the annual Medicare Advantage Open Enrollment Period** you can:
  - Switch to another Medicare Advantage Plan with or without prescription drug coverage.
  - Disenroll from our plan and obtain coverage through Original Medicare. If you choose to switch to Original Medicare during this period, you can also join a separate Medicare prescription drug plan at that time.

• **Your membership will end** on the first day of the month after you enroll in a different Medicare Advantage plan or we get your request to switch to Original Medicare. If you also choose to enroll in a Medicare prescription drug plan, your membership in the drug plan will begin the first day of the month after the drug plan gets your enrollment request.

## Section 2.4 In certain situations, you can end your membership during a Special Enrollment Period

In certain situations, you may be eligible to end your membership at other times of the year. This is known as a **Special Enrollment Period**.

**You may be eligible to end your membership during a Special Enrollment Period** if any of the following situations apply to you. These are just examples, for the full list you can contact the plan, call Medicare, or visit the Medicare website ([www.medicare.gov](http://www.medicare.gov)):

- Usually, when you have moved.
- If you have Wisconsin Medicaid.
- If you are eligible for “Extra Help” with paying for your Medicare prescriptions.
- If we violate our contract with you.
- If you are getting care in an institution, such as a nursing home or long-term care (LTC) hospital.

**Note:** If you’re in a drug management program, you may not be able to change plans. Chapter 5, Section 10 tells you more about drug management programs.

**Note:** Section 2.1 tells you more about the special enrollment period for people with Medicaid.

- **The enrollment time periods** vary depending on your situation.

- **To find out if you are eligible for a Special Enrollment Period**, please call Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users call 1-877-486-2048. If you are eligible to end your membership because of a special situation, you can choose to change both your Medicare health coverage and prescription drug coverage. You can choose:
  - Another Medicare health plan with or without prescription drug coverage.
  - Original Medicare with a separate Medicare prescription drug plan

  **OR**

  - Original Medicare without a separate Medicare prescription drug plan.
Note: If you disenroll from Medicare prescription drug coverage and go without creditable prescription drug coverage for 63 days or more in a row, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

If you receive “Extra Help” from Medicare to pay for your prescription drugs: If you switch to Original Medicare and do not enroll in a separate Medicare prescription drug plan, Medicare may enroll you in a drug plan, unless you have opted out of automatic enrollment.

Your membership will usually end on the first day of the month after your request to change your plan is received.

Note: Sections 2.1 and 2.2 tell you more about the special enrollment period for people with Medicaid and Extra Help.

Section 2.5 Where can you get more information about when you can end your membership?

If you have any questions about ending your membership you can:

- Call our member experience team.
- Find the information in the Medicare & You 2023 handbook.
- Contact Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. (TTY 1-877-486-2048).

SECTION 3 How do you end your membership in our plan?

The table below explains how you should end your membership in our plan.

<table>
<thead>
<tr>
<th>If you would like to switch from our plan to:</th>
<th>This is what you should do:</th>
</tr>
</thead>
</table>
| Another Medicare health plan | • Enroll in the new Medicare health plan. Your new coverage will begin on the first day of the following month.  
• You will automatically be disenrolled from NetworkCares when your new plan’s coverage begins. |
| Original Medicare with a separate Medicare prescription drug plan | • Enroll in the new Medicare prescription drug plan. Your new coverage will begin on the first day of the following month.  
• You will automatically be disenrolled from NetworkCares when your new plan’s coverage begins. |
Chapter 10 Ending your membership in the plan

If you would like to switch from our plan to:  
Original Medicare without a separate Medicare prescription drug plan

- If you switch to Original Medicare and do not enroll in a separate Medicare prescription drug plan, Medicare may enroll you in a drug plan, unless you have opted out of automatic enrollment.
- If you disenroll from Medicare prescription drug coverage and go 63 days or more in a row without creditable prescription drug coverage, you may have to pay a late enrollment penalty if you join a Medicare drug plan later.

This is what you should do:
- Send us a written request to disenroll. Contact our member experience team if you need more information on how to do this.
- You can also contact Medicare, at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week, and ask to be disenrolled. TTY users should call 1-877-486-2048.
- You will be disenrolled from NetworkCares when your coverage in Original Medicare begins.

Note: If you disenroll from Medicare prescription drug coverage and go without creditable prescription drug coverage for 63 days or more in a row, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

For questions about your Wisconsin Medicaid benefits, contact Wisconsin Medicaid at 800-362-3002, Monday - Friday, 7:00 a.m. to 6:00 p.m. (TTY at 888-701-1251). Ask how joining another plan or returning to Original Medicare affects how you get your Wisconsin Medicaid coverage.

SECTION 4 Until your membership ends, you must keep getting your medical services and drugs through our plan

Until your membership NetworkCares ends, and your new Medicare coverage begins, you must continue to get your medical care and prescription drugs through our plan.

- Continue to use our in-network providers to receive medical care.
- Continue to use our in-network pharmacies or mail order to get your prescriptions filled.
- If you are hospitalized on the day that your membership ends, your hospital stay will be covered by our plan until you are discharged (even if you are discharged after your new health coverage begins).

SECTION 5 NetworkCares must end your membership in the plan in certain situations

Section 5.1 When must we end your membership in the plan?

NetworkCares must end your membership in the plan if any of the following happen:
- If you no longer have Medicare Part A and Part B
• If you are no longer eligible for Medicaid. As stated in Chapter 1, Section 2.1, our plan is for people who are eligible for both Medicare and Wisconsin Medicaid. We review each member’s Wisconsin Medicaid eligibility monthly. If we discover that you are no longer eligible for Wisconsin Medicaid, you will receive a call from us to discuss your eligibility. You will also receive a letter indicating that you may need to change insurance plans as you are no longer eligible for NetworkCares due to loss of Wisconsin Medicaid. The letter will indicate the date by which you will either have to regain your Wisconsin Medicaid status to remain in NetworkCares or you will need to enroll in another insurance plan.

• If you move out of our service area

• If you are away from our service area for more than six months.
  
  o If you move or take a long trip, call our member experience team to find out if the place you are moving or traveling to is in our plan’s area.

• If you become incarcerated (go to prison)

• If you are no longer a United States citizen or lawfully present in the United States

• If you lie or withhold information about other insurance you have that provides prescription drug coverage

• If you intentionally give us incorrect information when you are enrolling in our plan and that information affects your eligibility for our plan. (We cannot make you leave our plan for this reason unless we get permission from Medicare first.)

• If you continuously behave in a way that is disruptive and makes it difficult for us to provide medical care for you and other members of our plan. (We cannot make you leave our plan for this reason unless we get permission from Medicare first.)

• If you let someone else use your member ID card to get medical care. (We cannot make you leave our plan for this reason unless we get permission from Medicare first.)
  
  o If we end your membership because of this reason, Medicare may have your case investigated by the Inspector General.

• If you are required to pay the extra Part D amount because of your income and you do not pay it, Medicare will disenroll you from our plan

Where can you get more information?

If you have questions or would like more information on when we can end your membership call our member experience team.

Section 5.2 We cannot ask you to leave our plan for any health-related reason

NetworkCares is not allowed to ask you to leave our plan for any health-related reason.

What should you do if this happens?

If you feel that you are being asked to leave our plan because of a health-related reason, call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day, seven days a week (TTY 1-877-486-2048).
Section 5.3  You have the right to make a complaint if we end your membership in our plan

If we end your membership in our plan, we must tell you our reasons in writing for ending your membership. We must also explain how you can file a grievance or make a complaint about our decision to end your membership.
SECTION 1  Notice about governing law

The principal law that applies to this Evidence of Coverage document is Title XVIII of the Social Security Act and the regulations created under the Social Security Act by the Centers for Medicare & Medicaid Services, or CMS. In addition, other Federal laws may apply and, under certain circumstances, the laws of the state you live in. This may affect your rights and responsibilities even if the laws are not included or explained in this document.

SECTION 2  Notice about nondiscrimination

We don't discriminate based on race, ethnicity, national origin, color, religion, sex, gender, age, sexual orientation, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability, or geographic location within the service area. All organizations that provide Medicare Advantage plans, like our plan, must obey Federal laws against discrimination, including Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act, Section 1557 of the Affordable Care Act, all other laws that apply to organizations that get Federal funding, and any other laws and rules that apply for any other reason.

If you want more information or have concerns about discrimination or unfair treatment, please call the Department of Health and Human Services’ Office for Civil Rights at 1-800-368-1019 (TTY 1-800-537-7697) or your local Office for Civil Rights. You can also review information from the Department of Health and Human Services’ Office for Civil Rights at https://www.hhs.gov/ocr/index.

If you have a disability and need help with access to care, please call us at our member experience team. If you have a complaint, such as a problem with wheelchair access, our member experience team can help.

SECTION 3  Notice about Medicare Secondary Payer subrogation rights

We have the right and responsibility to collect for covered Medicare services for which Medicare is not the primary payer. According to CMS regulations at 42 CFR sections 422.108 and 423.462, NetworkCares, as a Medicare Advantage Organization, will exercise the same rights of recovery that the Secretary exercises under CMS regulations in subparts B through D of part 411 of 42 CFR and the rules established in this section supersede any State laws.

SECTION 4  Third Party Liabilities

As a member of NetworkCares, you agree to assign to Network Health Insurance Corporation all rights and claims against any third party for recovery of medical, surgical or hospital care costs that Network Health Insurance Corporation pays or arranges to pay on your behalf. Network Health Insurance Corporation has the right of subrogation against third parties liable or responsible for medical, surgical or hospital care costs that Network Health Insurance Corporation arranges or pays on your behalf.

As a member of NetworkCares, you agree to release any medical, surgical or hospital care expense-related claim you may have against a third party when Network Health Insurance Corporation settles or compromises the claim.
As a member of NetworkCares, you must notify Network Health Insurance Corporation in writing within 31 days after the start of any legal proceedings against a third party. You may not enter into a proposed settlement, compromise, agreed judgement or release of claims against a third party without Network Health Insurance Corporation’s written consent.

As a member of NetworkCares, you agree to permit Network Health Insurance Corporation to participate or intervene in any legal proceeding against a third party at Network Health Insurance Corporation’s own expense.
CHAPTER 12:
Definitions of important words
**Ambulatory Surgical Center** – An Ambulatory Surgical Center is an entity that operates exclusively for the purpose of furnishing outpatient surgical services to patients not requiring hospitalization and whose expected stay in the center does not exceed 24 hours.

**Annual Enrollment Period** – A set time each fall when members can change their health or drug plans or switch to Original Medicare. The Annual Enrollment Period is from October 15 until December 7.

**Appeal** – An appeal is something you do if you disagree with our decision to deny a request for coverage of health care services or prescription drugs or payment for services or drugs you already received. You may also make an appeal if you disagree with our decision to stop services that you are receiving.

**Balance Billing** – When a provider (such as a doctor or hospital) bills a patient more than the plan’s allowed cost-sharing amount. As a member of NetworkCares, you only have to pay our plan’s cost-sharing amounts when you get services covered by our plan. We do not allow providers to “balance bill” or otherwise charge you more than the amount of cost sharing your plan says you must pay.

**Brand Name Drug** – A prescription drug that is manufactured and sold by the pharmaceutical company that originally researched and developed the drug. Brand name drugs have the same active-ingredient formula as the generic version of the drug. However, generic drugs are manufactured and sold by other drug manufacturers and are generally not available until after the patent on the brand name drug has expired.

**Calendar Year** – each successive period of twelve (12) months starting on January 1 and ending on December 31.

**Catastrophic Coverage Stage** – The stage in the Part D Drug Benefit where you pay a low copayment or coinsurance for your drugs after you or other qualified parties on your behalf have spent $7,400 in covered drugs during the covered year.

**Centers for Medicare & Medicaid Services (CMS)** – The Federal agency that administers Medicare.

**Coinsurance** – An amount you may be required to pay, expressed as a percentage (for example 20 percent) as your share of the cost for services or prescription drugs after you pay any deductibles.

**Complaint** – The formal name for “making a complaint” is “filing a grievance.” The complaint process is used only for certain types of problems. This includes problems related to quality of care, waiting times, and the customer service you receive. It also includes complaints if your plan does not follow the time periods in the appeal process.

**Comprehensive Outpatient Rehabilitation Facility (CORF)** – A facility that mainly provides rehabilitation services after an illness or injury, including physical therapy, social or psychological services, respiratory therapy, occupational therapy and speech-language pathology services, and home environment evaluation services.

**Copayment** – An amount you may be required to pay as your share of the cost for a medical service or supply, like a doctor’s visit, hospital outpatient visit, or a prescription drug. A copayment is a set amount (for example $10), rather than a percentage.
**Cost Sharing** – Cost sharing refers to amounts that a member has to pay when services or drugs are received. Cost sharing includes any combination of the following three types of payments: (1) any deductible amount a plan may impose before services or drugs are covered; (2) any fixed “copayment” amount that a plan requires when a specific service or drug is received; or (3) any “coinsurance” amount, a percentage of the total amount paid for a service or drug that a plan requires when a specific service or drug is received.

**Cost-Sharing Tier** – Every drug on the list of covered drugs is in one of five cost-sharing tiers. In general, the higher the cost-sharing tier, the higher your cost for the drug.

**Coverage Determination** – A decision about whether a drug prescribed for you is covered by the plan and the amount, if any, you are required to pay for the prescription. In general, if you bring your prescription to a pharmacy and the pharmacy tells you the prescription isn’t covered under your plan, that isn’t a coverage determination. You need to call or write to your plan to ask for a formal decision about the coverage. Coverage determinations are called “coverage decisions” in this document.

**Covered Drugs** – The term we use to mean all of the prescription drugs covered by our plan.

**Covered Services** – The term we use to mean all of the health care services and supplies that are covered by our plan.

**Creditable Prescription Drug Coverage** – Prescription drug coverage (for example, from an employer or union) that is expected to pay, on average, at least as much as Medicare’s standard prescription drug coverage. People who have this kind of coverage when they become eligible for Medicare can generally keep that coverage without paying a penalty, if they decide to enroll in Medicare prescription drug coverage later.

**Critical Access Hospital** – A rural acute care facility providing 24-hour emergency services, acute inpatient and swing-bed care.

**Custodial Care** – Custodial care is personal care provided in a nursing home, hospice, or other facility setting when you do not need skilled medical care or skilled nursing care. Custodial care, provided by people who do not have professional skills or training, includes help with activities of daily living like bathing, dressing, eating, getting in or out of a bed or chair, moving around, and using the bathroom. It may also include the kind of health-related care that most people do themselves, like using eye drops. Medicare doesn’t pay for custodial care.

**Daily cost-sharing rate** – A “daily cost-sharing rate” may apply when your doctor prescribes less than a full month’s supply of certain drugs for you and you are required to pay a copayment. A daily cost-sharing rate is the copayment divided by the number of days in a month’s supply. Here is an example: If your copayment for a one-month supply of a drug is $30, and a one-month’s supply in your plan is 30 days, then your “daily cost-sharing rate” is $1 per day.

**Deductible** – The amount you must pay for health care or prescriptions before our plan pays.

**Disenroll** or **Disenrollment** – The process of ending your membership in our plan.
Dispensing Fee – A fee charged each time a covered drug is dispensed to pay for the cost of filling a prescription, such as the pharmacist’s time to prepare and package the prescription.

Dual Eligible Special Needs Plans (D-SNP) – D-SNPs enroll individuals who are entitled to both Medicare (title XVIII of the Social Security Act) and medical assistance from a state plan under Medicaid (title XIX). States cover some Medicare costs, depending on the state and the individual’s eligibility.

Dual Eligible Individual – A person who qualifies for Medicare and Medicaid coverage.

Durable Medical Equipment (DME) – Certain medical equipment that is ordered by your doctor for medical reasons. Examples include walkers, wheelchairs, crutches, powered mattress systems, diabetic supplies, IV infusion pumps, speech generating devices, oxygen equipment, nebulizers, or hospital beds ordered by a provider for use in the home.

Emergency – A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life (and, if you are a pregnant woman, loss of an unborn child), loss of a limb, or loss of function of a limb, or loss of or serious impairment to a bodily function. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

Emergency Care – Covered services that are: (1) provided by a provider qualified to furnish emergency services; and (2) needed to treat, evaluate, or stabilize an emergency medical condition.

Evidence of Coverage (EOC) and Disclosure Information – This document, along with your enrollment form and any other attachments, riders, or other optional coverage selected, which explains your coverage, what we must do, your rights, and what you have to do as a member of our plan.

Exception – A type of coverage decision that, if approved, allows you to get a drug that is not on our formulary (a formulary exception), or get a non-preferred drug at a lower cost-sharing level (a tiering exception). You may also request an exception if our plan requires you to try another drug before receiving the drug you are requesting, or if our plan limits the quantity or dosage of the drug you are requesting (a formulary exception).

Extra Help – A Medicare or a State program to help people with limited income and resources pay Medicare prescription drug program costs, such as premiums, deductibles, and coinsurance.

Generic Drug – A prescription drug that is approved by the Food and Drug Administration (FDA) as having the same active ingredient(s) as the brand name drug. Generally, a “generic” drug works the same as a brand name drug and usually costs less.

Grievance – A type of complaint you make about our plan, providers, or pharmacies, including a complaint concerning the quality of your care. This does not involve coverage or payment disputes.

Home Health Aide – A person who provides services that do not need the skills of a licensed nurse or therapist, such as help with personal care (e.g., bathing, using the toilet, dressing, or carrying out the prescribed exercises).
Hospice – A benefit that provides special treatment for a member who has been medically certified as terminally ill, meaning having a life expectancy of six months or less. We, your plan, must provide you with a list of hospices in your geographic area. If you elect hospice and continue to pay premiums you are still a member of our plan. You can still obtain all medically necessary services as well as the supplemental benefits we offer.

Hospital Inpatient Stay – A hospital stay when you have been formally admitted to the hospital for skilled medical services. Even if you stay in the hospital overnight, you might still be considered an “outpatient.”

Income Related Monthly Adjustment Amount (IRMAA) – If your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount, you’ll pay the standard premium amount and an Income Related Monthly Adjustment Amount, also known as IRMAA. IRMAA is an extra charge added to your premium. Less than 5 percent of people with Medicare are affected, so most people will not pay a higher premium.

Initial Coverage Limit – The maximum limit of coverage under the Initial Coverage Stage.

Initial Coverage Stage – This is the stage before your total drug costs including amounts you have paid and what your plan has paid on your behalf for the year have reached $4,660.

Initial Enrollment Period – When you are first eligible for Medicare, the period of time when you can sign up for Medicare Part A and Part B. If you’re eligible for Medicare when you turn 65, your Initial Enrollment Period is the 7-month period that begins 3 months before the month you turn 65, includes the month you turn 65, and ends 3 months after the month you turn 65.

In-Network Pharmacy – An in-network pharmacy is a pharmacy where members of our plan can get their prescription drug benefits. We call them “in-network pharmacies” because they contract with our plan. In most cases your prescriptions are covered only if they are filled at one of our in-network pharmacies.

In-Network Provider – “Provider” is the general term we use for doctors, other health care professionals, hospitals and other health care facilities that are licensed or certified by Medicare and by the state to provide health care services. We call them “in-network providers” when they have an agreement with our plan to accept our payment as payment in full and in some cases to coordinate as well as provide covered services to members of our plan. In-network providers may also be referred to as “plan providers.”

List of Covered Drugs (Formulary or “Drug List”) – A list of prescription drugs covered by the plan.

Low Income Subsidy (LIS) – See “Extra Help.”

Maximum Out-of-Pocket Amount – The most that you pay out-of-pocket during the calendar year for covered Part A and Part B services. Amounts you pay for your plan premiums, Medicare Part A and Part B premiums, and prescription drugs do not count toward the maximum out-of-pocket amount. (Note: Because our members also get assistance from Medicaid, very few members ever reach this out-of-pocket maximum.)

Medicaid (or Medical Assistance) – A joint Federal and State program that helps with medical costs for some people with low incomes and limited resources. State Medicaid programs vary, but most health care costs are covered if you qualify for both Medicare and Medicaid.
**Medically Accepted Indication** – A use of a drug that is either approved by the Food and Drug Administration or supported by certain reference books.

**Medically Necessary** – Services, supplies, or drugs that are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice. Health care services or supplies are considered medically necessary when they meet these requirements:

- a) Are necessary to identify, diagnose, or treat a bodily injury or illness.
- b) Are consistent with your diagnosis and in accord with generally accepted standards of the medical community
- c) Are provided in the least intense, most cost-effective setting or manner needed for your bodily injury or illness.

**Medicare** – The Federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities, and people with End-Stage Renal Disease (generally those with permanent kidney failure who need dialysis or a kidney transplant).

**Medicare Advantage Open Enrollment Period** – The time period from January 1 until March 31 when members in a Medicare Advantage plan can cancel their plan enrollment and switch to another Medicare Advantage plan or obtain coverage through Original Medicare. If you choose to switch to Original Medicare during this period, you can also join a separate Medicare prescription drug plan at that time. The Medicare Advantage Open Enrollment Period is also available for a 3-month period after an individual is first eligible for Medicare.

**Medicare Advantage (MA) Plan** – Sometimes called Medicare Part C. A plan offered by a private company that contracts with Medicare to provide you with all your Medicare Part A and Part B benefits. A Medicare Advantage Plan can be an i) HMO, ii) PPO, a iii) Private Fee-for-Service (PFFS) plan, or a iv) Medicare Medical Savings Account (MSA) plan. Besides choosing from these types of plans, a Medicare Advantage HMO or PPO plan can also be a Special Needs Plan (SNP). In most cases, Medicare Advantage Plans also offer Medicare Part D (prescription drug coverage). These plans are called Medicare Advantage Plans with Prescription Drug Coverage.

**Medicare Coverage Gap Discount Program** – A program that provides discounts on most covered Part D brand name drugs to Part D members who have reached the Coverage Gap Stage and who are not already receiving “Extra Help.” Discounts are based on agreements between the Federal government and certain drug manufacturers.

**Medicare-Covered Services** – Services covered by Medicare Part A and Part B. All Medicare health plans must cover all of the services that are covered by Medicare Part A and B. The term Medicare-Covered Services does not include the extra benefits, such as vision, dental or hearing, that a Medicare Advantage plan may offer.

**Medicare Health Plan** – A Medicare health plan is offered by a private company that contracts with Medicare to provide Part A and Part B benefits to people with Medicare who enroll in the plan. This term includes all Medicare Advantage Plans, Medicare Cost Plans, Special Needs Plans, Demonstration/Pilot Programs, and Programs of All-inclusive Care for the Elderly (PACE).
Medicare Prescription Drug Coverage (Medicare Part D) – Insurance to help pay for outpatient prescription drugs, vaccines, biologicals, and some supplies not covered by Medicare Part A or Part B.

“Medigap” (Medicare Supplement Insurance) Policy – Medicare supplement insurance sold by private insurance companies to fill “gaps” in Original Medicare. Medigap policies only work with Original Medicare. (A Medicare Advantage Plan is not a Medigap policy.)

Member (Member of our Plan, or “Plan Member”) – A person with Medicare who is eligible to get covered services, who has enrolled in our plan and whose enrollment has been confirmed by the Centers for Medicare & Medicaid Services (CMS).

Member Experience Team – A department within our plan responsible for answering your questions about your membership, benefits, grievances, and appeals.

Observation Services – Observation services are hospital outpatient services given to help the doctor decide if the patient needs to be admitted as an inpatient or can be discharged. Observation services may be given in the emergency department or another area of the hospital.

Organization Determination – A decision our plan makes about whether items or services are covered or how much you have to pay for covered items or services. Organization determinations are called “coverage decisions” in this document.

Original Medicare (“Traditional Medicare” or “Fee-for-service” Medicare) – Original Medicare is offered by the government, and not a private health plan like Medicare Advantage Plans and prescription drug plans. Under Original Medicare, Medicare services are covered by paying doctors, hospitals, and other health care providers payment amounts established by Congress. You can see any doctor, hospital, or other health care provider that accepts Medicare. You must pay the deductible. Medicare pays its share of the Medicare-approved amount, and you pay your share. Original Medicare has two parts: Part A (Hospital Insurance) and Part B (Medical Insurance) and is available everywhere in the United States.

Out-of-Network Pharmacy – A pharmacy that does not have a contract with our plan to coordinate or provide covered drugs to members of our plan. Most drugs you get from out-of-network pharmacies are not covered by our plan unless certain conditions apply.

Out-of-Network Provider or Out-of-Network Facility – A provider or facility that does not have a contract with our plan to coordinate or provide covered services to members of our plan. Out-of-network providers are providers that are not employed, owned, or operated by our plan.

Out-of-Pocket Costs – See the definition for “cost sharing” above. A member’s cost-sharing requirement to pay for a portion of services or drugs received is also referred to as the member’s “out-of-pocket” cost requirement.

Over-the-Counter (OTC) – Drugs and health-related products that do not need a prescription.

PACE plan – A PACE (Program of All-Inclusive Care for the Elderly) plan combines medical, social, and long-term care (LTC) services for frail people to help people stay independent and living in their community (instead of moving to a nursing home) as long as possible. People enrolled in PACE plans receive both their Medicare and Medicaid benefits through the plan.
Part C – see “Medicare Advantage (MA) Plan.”

Part D – The voluntary Medicare Prescription Drug Benefit Program.

Part D Drugs – Drugs that can be covered under Part D. We may or may not offer all Part D drugs. Certain categories of drugs have been excluded from Part D coverage by Congress. Certain categories of Part D drugs must be covered by every plan.

Part D Late Enrollment Penalty – An amount added to your monthly premium for Medicare drug coverage if you go without creditable coverage (coverage that is expected to pay, on average, at least as much as standard Medicare prescription drug coverage) for a continuous period of 63 days or more after you are first eligible to join a Part D plan. If you lose Extra Help, you may be subject to the late enrollment penalty if you go 63 days or more in a row without Part D or other creditable prescription drug coverage.

Preferred Cost Sharing – Preferred cost sharing means lower cost sharing for certain covered Part D drugs at certain in-network pharmacies.

Preferred In-Network Pharmacy – An in-network pharmacy that offers covered drugs to members of our plan that may have lower cost-sharing levels than other in-network pharmacies.

Preferred Provider Organization (PPO) Plan – A Preferred Provider Organization plan is a Medicare Advantage Plan that has a network of contracted providers that have agreed to treat plan members for a specified payment amount. A PPO plan must cover all plan benefits whether they are received from network or out-of-network providers. Member cost sharing will generally be higher when plan benefits are received from out-of-network providers. PPO plans have an annual limit on your out-of-pocket costs for services received from network (preferred) providers and a higher limit on your total combined out-of-pocket costs for services from both network (preferred) and out-of-network (non-preferred) providers.

Premium – The periodic payment to Medicare, an insurance company, or a health care plan for health or prescription drug coverage.

Primary Care Provider (PCP) – The doctor or other provider you see first for most health problems. In many Medicare health plans, you must see your primary care provider before you see any other health care provider.

Prior Authorization – Approval in advance to get services or certain drugs that may or may not be covered. Some in-network medical services are covered only if your doctor or other in-network provider gets “prior authorization” from our plan. Covered services that need prior authorization are marked in the Medical Benefits Chart in Chapter 4. Some Part B and Part D drugs are covered only if your doctor or other in-network provider gets “prior authorization” from us. Covered Part D drugs that need prior authorization are marked in the formulary.

Prosthetics and Orthotics – Medical devices including, but not limited to, arm, back, and neck braces; artificial limbs; artificial eyes; and devices needed to replace an internal body part or function, including ostomy supplies and enteral and parenteral nutrition therapy.

Quality Improvement Organization (QIO) – A group of practicing doctors and other health care experts paid by the Federal government to check and improve the care given to Medicare patients.
Quantity Limits – A management tool that is designed to limit the use of selected drugs for quality, safety, or utilization reasons. Limits may be on the amount of the drug that we cover per prescription or for a defined period of time.

Rehabilitation Services – These services include physical therapy, speech and language therapy, and occupational therapy.

Self-Administered Drugs (SADs) – Medications that you would normally take on your own, such as medications to control blood pressure or diabetes.

Service Area – A geographic area where you must live to join a particular health plan. For plans that limit which doctors and hospitals you may use, it’s also generally the area where you can get routine (non-emergency) services. The plan must disenroll you if you permanently move out of the plan’s service area.

Skilled Nursing Facility (SNF) Care – Skilled nursing care and rehabilitation services provided on a continuous, daily basis, in a skilled nursing facility. Examples of care include physical therapy or intravenous injections that can only be given by a registered nurse or doctor.

Special Enrollment Period – A set time when members can change their health or drug plan or return to Original Medicare. Situations in which you may be eligible for a Special Enrollment Period include: if you move outside the service area, if you are getting “Extra Help” with your prescription drug costs, if you move into a nursing home, or if we violate our contract with you.

Special Needs Plan – A special type of Medicare Advantage Plan that provides more focused health care for specific groups of people, such as those who have both Medicare and Medicaid, who reside in a nursing home, or who have certain chronic medical conditions.

Standard Cost Sharing – Standard cost sharing is cost sharing other than preferred cost sharing offered at an in-network pharmacy.

Standard In-Network Pharmacy – An in-network pharmacy that offers covered drugs to members of our plan at higher cost-sharing levels than apply at a preferred in-network pharmacy.

Step Therapy – A utilization tool that requires you to first try another Part D or Part B drug to treat your medical condition before we will cover the drug your physician may have initially prescribed.

Supplemental Security Income (SSI) – A monthly benefit paid by Social Security to people with limited income and resources who are disabled, blind, or age 65 and older. SSI benefits are not the same as Social Security benefits.

Urgently Needed Services – Covered services that are not emergency services, provided when the in-network providers are temporarily unavailable or inaccessible or when the enrollee is out of the service area. For example, you need immediate care during the weekend. Services must be immediately needed and medically necessary.
