WHAT IS A SUMMARY OF BENEFITS?

This booklet gives you a summary of what we cover and what you pay on Network Health’s Northeast Wisconsin PPO plans. It doesn’t list every service we cover or every limitation or exclusion. A complete list of services can be found in the plan-specific *Evidence of Coverage* at networkhealth.com/medicare/plan-materials. Contact the member experience team for a printed copy.

WHAT IS A PREFERRED PROVIDER (PPO) PLAN?

A PPO plan allows you to **choose any doctor who accepts Medicare beneficiaries**. Doctors and other providers are divided into in-network or out-of-network, based on if they have a contract with Network Health. With a PPO plan, you can use both in- and out-of-network doctors. **With many Network Health Northeast Wisconsin PPO plans, you pay the same for in- and out-of-network providers.**

COVERAGE GAP			

You enter the coverage gap when your total drug costs reach \$4,660. You pay 25% and Network Health pays 75% for generic drugs.

For brand name drugs, you pay 25%, Network Health pays 5% and the drug company pays 70%.

CATASTROPHIC COVERAGE	
You enter catastrophic coverage when your true out-of-pocket costs reach \$7,400. You pay the greater of \$4.15 or 5% of the cost for generic drugs and the greater of \$10.35 or 5% of the cost for brand name drugs.	

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a member of the member experience team at **800-378-5234** (TTY 800-947-3529), Monday–Friday from 8 a.m. to 8 p.m. From October 1–March 31, we’re available every day from 8 a.m. to 8 p.m.

Understanding the Benefits

- The *Evidence of Coverage* (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs and benefits before you enroll. Visit networkhealth.com/medicare/plan-materials or call **800-378-5234** (TTY 800-947-3529) to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the formulary to make sure your drugs are covered.

Understanding Important Rules

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/coinsurance may change on January 1, 2024.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher copay for services received by non-contracted providers. Network Health Medicare Advantage PlatinumZero plan has copay differences when you see in- or out-of-network providers. All other plans have the same copay amounts for the services received in- and out-of-network.

NOTICE OF UPDATE

Please reference the details found below regarding important information related to changes in Medicare Advantage coverage, as a result of the Inflation Reduction Act (IRA) enacted on August 16, 2022. These updates impact Medicare Part B prescription drug coverage and Medicare Part B insulin coverage. Here is a quick summary of the updates.

1. Beginning April 1, 2023, the Centers for Medicare & Medicaid Services (CMS) is starting a new Inflation Rebate Program impacting certain Part B drugs.

This new drug law requires drug companies to pay a rebate if they raise their prices for certain drugs faster than the rate of inflation. You may see lower out-of-pocket costs for certain Part B drugs and biologics with prices that have increased faster than the rate of inflation. For these drugs and biologics, your coinsurance will be 20 percent of the inflation-adjusted payment amount, which will be less than what you would pay in coinsurance otherwise.

2. Beginning July 1, 2023, you may see lower out-of-pocket costs for insulin delivered by an item of durable medical equipment. You will also not pay more than \$35 for a one-month supply of each insulin product covered by your plan.

Where you can find the current language in the 2023 Annual Notice of Change	Original information	Updated information	What does this mean for you?
Section 3, Administrative Changes	There was no administrative change listed for Medicare Part B prescription drug or Part B insulin changes.	<p>20% of the cost for each Medicare-covered Part B and chemotherapy drug.</p> <p>Effective April 1, 2023, Part B rebatable drugs will not exceed the coinsurance amount of the original Medicare adjusted coinsurance for the Part B rebatable drug.</p> <p>Effective July 1, 2023, a \$35 copayment for a one-month supply of Part B insulin.</p>	<p>Starting April 1, 2023, some Part B rebatable drugs may result in a lower coinsurance of 20%.</p> <p>Starting July 1, 2023, for Part B insulin you will not pay more than a \$35 copayment for a one-month supply.</p>
