

# How to Use Find a Doctor/Find a Pharmacy

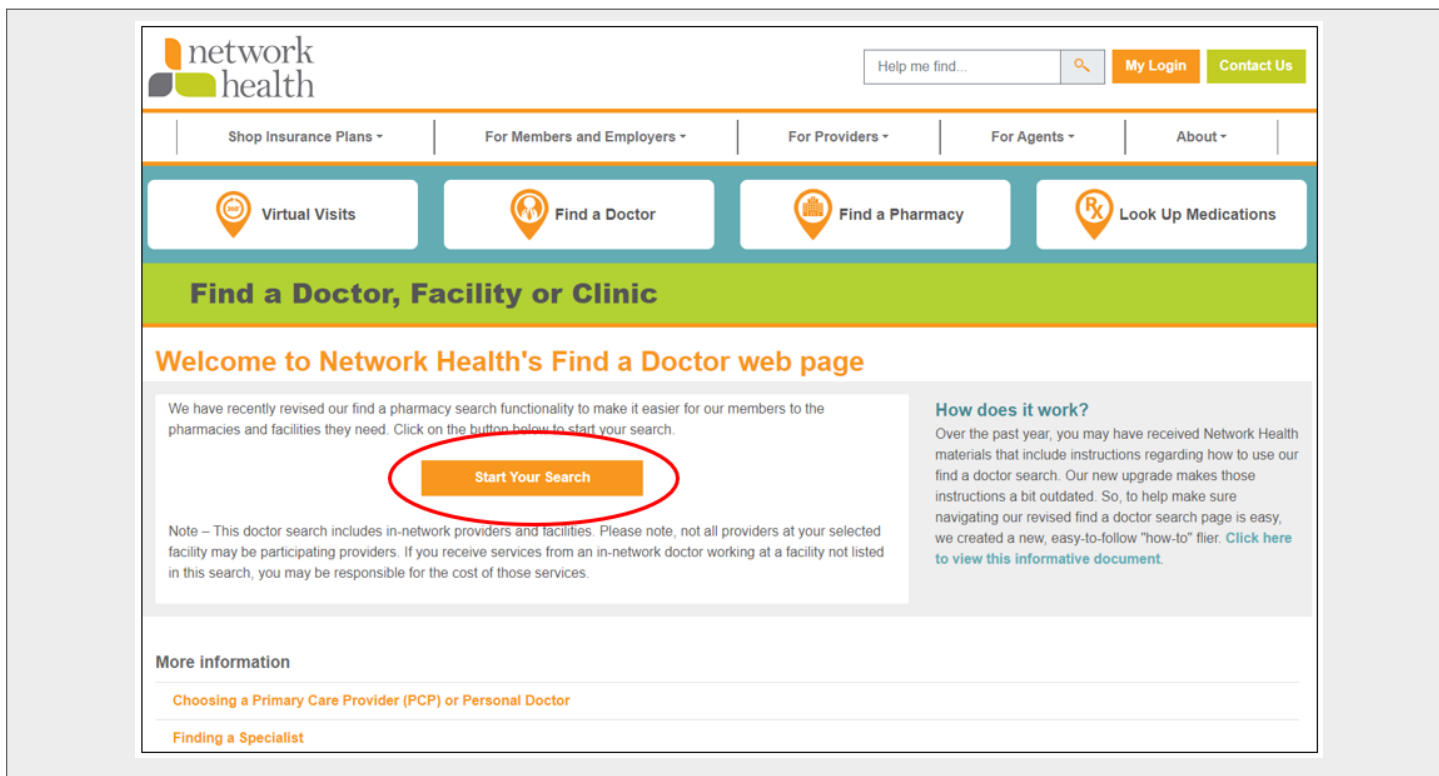

Use Network Health's updated **Find a Doctor** and **Find a Pharmacy** search page to find a personal doctor, hospital, clinic or pharmacy near you.

## Search for Doctors or Pharmacies in Our Service Area

1. Sign in at [login.networkhealth.com](https://login.networkhealth.com).
  - If you do not have a Network Health account, click on the above link to create one, or go to step #3.
2. Click **Find a Doctor** or **Find a Pharmacy** button at the top of the page.

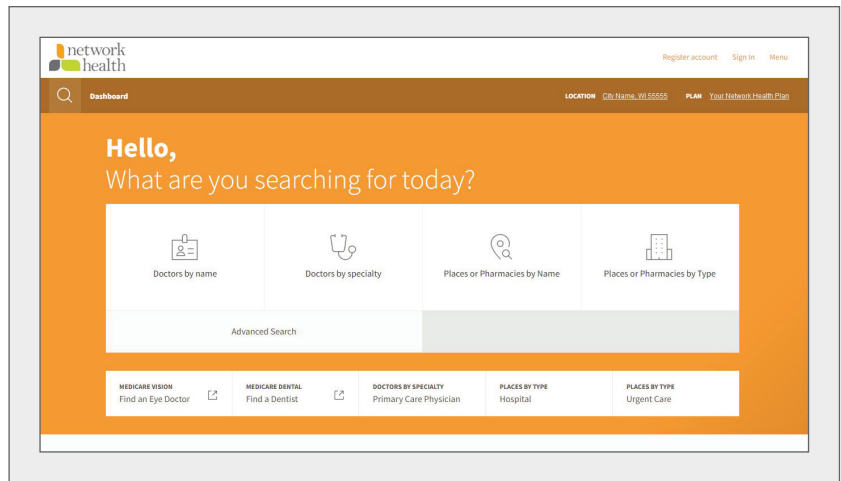

3. Click on the **Start Your Search** button.

4. You may have to enter your location and select your health plan type.
  - If you did not log in to your account, you will have to select your location and your health plan type.

5. Select the search category you want to use.

- Doctors by name
- Doctors by specialty
- Places or Pharmacies by Name
- Places or Pharmacies by Type

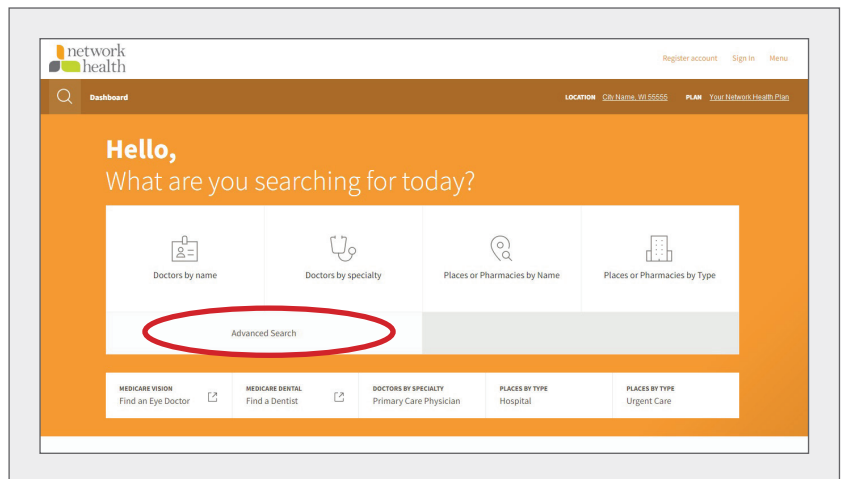

6. Type what you are looking for in the search field. (e.g., doctor name, facility name, specialty, etc.)

- As you type, a list of quick search results will appear below the search field. You can click on one of those results for more information, or click on the **search icon** to get a list of results.

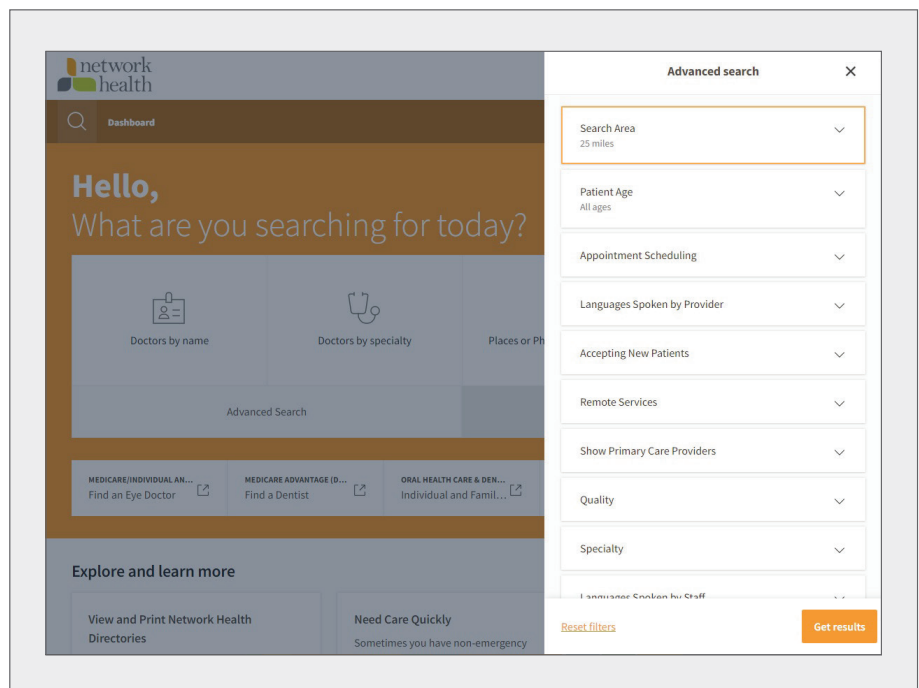

7. You can also use the **Advanced Search** to search by 23 different categories, including the following.

- Distance
- Accepting new patients
- Provider type
- Gender
- Language preference
- Mail order (remote services)
- Preferred pharmacy
- Extended day supply
- And more

Just make your selections and click **Get Results**.

If you want to change your Advanced Search parameters, click on the **Filters** button at the top left of the page.
