ProHealth Care In-Network for Medicare Advantage October 1

Starting October 1, 2023, ProHealth Care will be a participating in-network provider for all Network Health Medicare Advantage plans and members. This includes our group Medicare Advantage product and members. The Find a Doctor search on [networkhealth.com](https://www.networkhealth.com) will be updated in October, 2023.

What does this mean? Our provider network remains exceedingly strong and continues to grow. Network Health and ProHealth value our relationship and have joined forces to do the right thing for our members. ProHealth Care's network of medical providers includes more than 950 primary and specialty care professionals, located within clinics and urgent care sites throughout Waukesha County and surrounding areas. With hospitals in Mukwonago, Oconomowoc and Waukesha, a surgery center, and home care and hospice services, ProHealth offers comprehensive care.
