Network Health

This provider directory was updated per the date displayed at the bottom of each page.

This directory provides a list of current in-network providers for our service area in the state of Wisconsin. Please verify that you use a Network Health contracted practitioner each time you receive services or call for an appointment. To ensure you are choosing an in-network provider when choosing a facility location, please note that only the providers listed under a particular facility are in-network. Not all providers at a selected facility may be participating in-network providers, therefore, ensure the provider you are looking for is listed in this directory, as you may be responsible for the cost of services provided by facility where the provider is not listed.

You can get this information for free in other formats, such as large print, braille or audio by calling our member experience team. Bilingual language assistance or translation services are also available by calling our member experience team.

All locations listed in this directory are handicap accessible.
