

PRIOR AUTHORIZATION METRICS FOR MEDICAL ITEMS AND SERVICES (EXCLUDING DRUGS)

To comply with the CMS Interoperability and Prior Authorization [final rule](#), Network Health, H1181 Medical Savings Account (MSA) Network Prime, is required to annually report aggregated prior authorization metrics on our website.

Specifically, this includes a list of all medical items and services (excluding drugs) that require prior authorization, as well as data on prior authorization requests for those items and services (e.g., approvals, denials, etc.) over the previous calendar year. Publicly reporting these metrics promotes transparency and accountability, helps patients understand prior authorization processes, and enables providers to evaluate payer performance. In addition, metrics can be used to compare plans, programs, and payers. For questions on the data below, contact: 866-709-0019.

Reporting Period: 2025

These are the medical items and services for which we require prior authorization (excluding drugs) 

None-this plan does not have any prior authorization requirements.

- For MA plans and applicable integrated plans, 72 hours for **expedited requests** (urgent) and 14 calendar days for **standard requests** (non-urgent)
