community and wellness events  
serving more than **1,080** members

## JANUARY 2026

### New Member Welcome Events

In January and February 2026, Network Health saw strong participation in our New Member Welcome events, with **575 members** joining in person and online—surpassing total attendance for all of 2025. These events offer an important first step for education, connection and support.

With even more events planned for 2026, we look forward to meeting members where they are and building strong relationships from the start. Medicare members can register for events by visiting [networkhealth.com/medicare/events](https://networkhealth.com/medicare/events).

*"I felt very comfortable with all speakers and information shared. Very informative, and felt that Network Health really wants to take awesome care of members"*  
– Karlene S., New Member Welcome Event at our Menasha Office

### Network Health Volunteers

This year, Network Health team members reinforced our commitment to giving by volunteering across our service area throughout the quarter. Employees partnered with **Vets and Friends of Wisconsin, The Salvation Army** and **Feeding America**, helping provide essential resources and support to individuals and families in need.

*"I love being out in our community meeting members. Hearing their stories on how much they love and appreciate everything Network Health does."*  
– Julie C., Information Systems Configuration and Quality Assurance Analyst 1, at Vets and Friends of Wisconsin

## Valentines for Veterans

Now in its fourth year, Network Health's Valentines for Veterans community project continues to highlight the power of gratitude and community connection. Employees, sales agents, community partners and families created more than 1,500 heartfelt cards for local veterans. Through partnerships with the **Wisconsin Department of Veterans Affairs, Vets and Friends of Wisconsin, Veterans Village** and the **Veterans Chamber of Commerce**, these messages of appreciation were delivered across our communities.

## Museum of Wisconsin Art (MOWA)

Network Health is proud to continue our support of **MOWA's monthly Art + Wellness program**, which brings together health, creativity and community connection. In 2026, sessions like Boost Your Home's Wellness with Feng Shui and Breaking Apart and Pulling Together: Processing Grief offered meaningful experiences for both Network Health members and the wider community. There were more than 100 participants across the quarter and the program continues to make a valuable and positive impact.

**"Art + Wellness fulfills portions of our mission as we engage in educational growth and social enrichment opportunities. Community connections are invaluable to us, and these types of events offer individuals of all abilities the chance to gather together to share the experience of learning about the world and one another."**

*- Derek D., Network Health IFP member and owner of Onward Services, LLC.*

# MARCH 2026

## Kenosha Expo Health & Home Show

Network Health participated in the Kenosha Expo Health & Home Show for the first time as membership in the Kenosha area continues to grow. Over the course of the two-day expo, we welcomed **over 350 visitors** to our booth and personally connected with Network Health members. These moments of connecting with people didn't just boost our visibility – they helped build real trust and stronger relationships across the community. By being present at events this, Network Health shows our commitment to more than providing health coverage ... we are an active, approachable partner in the communities we serve.

## Sharon Lynn Wilson Center for the Arts – Matinee Series

At Network Health, we value community connection, wellness and access to the arts—and our three-year partnership with the Sharon Lynne Wilson Center for the Arts helps bring those values to life. Through this partnership, we sponsor the Center's daytime matinee series, making performances more accessible for older adults and community members.

We proudly sponsored the matinee performance of *I've Gotta Be Me: Celebrating Sammy Davis Jr.*, attended by **400 guests**. Our team connected with attendees at our engagement table, offering refreshments and friendly conversation. These moments of connection and visibility in the community truly matter to us.

# UPCOMING AND ONGOING EVENTS

## Teaming Up for a Grand Slam Season

For the fourth year in a row, Network Health is proud to partner with the **Wisconsin Timber Rattlers** for the exclusive Silver Foxes promotion. Fans that are 55 and older or are active and retired military personnel receive a box seat ticket to select Wednesday day games, a co-branded baseball hat, a beverage, a brat or hot dog and the chance for one lucky fan to throw out the first pitch, for just \$28, **Now through August 19. [Get your tickets here.](#)**

## A Day Focused on Parkinson's

Network Health will participate in the **Wisconsin Parkinson's Association Symposium** at the Brookfield Conference Center on Tuesday, April 21, from 8 a.m. to 3:15 p.m. This free event includes a resource fair, breakout sessions, educational programming, a coffee bar and lunch. **[Register to attend here.](#)**

## Health and Wellness at Moraine Park
