Dear State of Wisconsin Group Health Insurance Program employees/members of Network Health:

Network Health and Walgreens pharmacies have teamed up to encourage you to protect yourself and your family this flu season with a no charge flu shot at Walgreens. If you prefer, your medical benefit still covers vaccinations administered at your personal doctor’s office.

For the remainder of 2019, you can get your flu shot at any Walgreens pharmacy – with no appointment necessary. This allows you to get your shot when and where it’s most convenient for you. To find a Walgreens pharmacy near you, go to networkhealth.com/find-a-pharmacy.

When you get your flu shot at a Walgreens location, simply present your Network Health member ID card with this voucher. Please consult your Walgreens pharmacist if you have any questions or concerns.

Thank you,

Ted Regalia
Director of Pharmacy
Network Health
