# Froedtert Medication Management Program

## Effective January 1, 2027

**Froedtert Medication Management Program (FMMP) is a mandatory program that provides one-on-one support and reduced cost-sharing for eligible specialty prescriptions when the deductible is met.**

- Eligible prescription medications are covered by the Plan at 100 percent and are subject to change at any time.
- Medications with prior authorization criteria must be approved in advance by the plan and follow applicable laws and/or regulations.
- Not all medications on this list are on the formulary.
- Check the formulary at networkhealth.com/look-up-medications or call the member experience number on the back of your member ID card.
- Not all specialty prescription medications are eligible under this program.

## Drug Name

Abrilada
Actemra
Adalimumab-Aacf
Adalimumab-Aaty
